

Waterfront Parks Master Plan

The Town of Georgina is preparing a Waterfront Parks Master Plan to establish a vision and framework for implementation and direction for operations and management for Georgina’s waterfront parks. The second part of the Master Plan is underway focusing on:

- Adeline Park
- Young’s Harbour
- Glenwoods Park
- Maskinonge River
- Claredon Beach Park
- Rayners Park
- North Gwillimbury Park
- Willow Wharf Park
- Riverview Park
- Corner Park
- Pefferlaw Dam Conservation Area
- Waterfront road ends

The Planning Partnership, consultants specializing in landscape architecture, planning and urban design, are leading the Master Plan in association with specialists in coastal engineering, tourism and environmental analysis and the Town staff team.

The team is seeking input on ideas we are exploring for the sites.

The Planning Partnership has organized two virtual meetings to discuss ideas being explored for the parks and road ends. Please join the session that best suits your schedule.

Each meeting will begin with a presentation to share ideas being considered for each of the parks and parcels, followed by a conversation with all those joining the meeting.
