It's an exciting time for the Town of Georgina. Our community continues to grow and change, and we have a number of major projects that will contribute to our future. Construction of the Multi-use Recreation Complex is well underway and the Panattoni Development Company broke ground on its newest business park at the northeast corner of Woodbine Avenue and Glenwoods Avenue.

We know inflation has taken a toll on our residents and businesses. Prices have gone up for everything and we understand how hard it is to manage those costs. The Town's budget also reflects a rise in costs and a responsible approach to managing those increases. It is never easy to raise taxes but we understand that hard decisions must be made to give us stability for the long term.

This budget is responsible. It provides for services today, puts processes in place for improving services, including more online options, continues to move our major capital projects forward and adds to our reserves to plan for the future.

A tremendous amount of time and hard work has gone into the 2023 budget to ensure we are focusing our resources to continue to build a strong community. I want to thank Council, Town staff and our residents for their contributions to our budget process. By continuing to work together, we can ensure a strong future for Georgina.

Mayor Margaret Quirk

“The Town is renewing our commitment to service excellence - providing services that meet the needs of our residents, while at the same time ensuring the Town’s financial stability.”

The Town of Georgina continues to identify opportunities to leverage technology, review processes, and find ways to improve our ability to provide excellent service and value to our residents and businesses.

We have advanced online service delivery with the introduction of new virtual offerings that provide a new and efficient experience for users. Leveraging technology has been essential to maintaining business continuity. With our dedicated team and focused approach, we will continue to build on our successes.

With important projects already underway and responsible future planning efforts always top-of-mind, it is important the Town continue our practice of responsible fiscal management. I am proud of the responsible and realistic budget that strikes a balance between improving our services, saving for tomorrow and supporting the infrastructure needed now and for the future.

I would like to acknowledge the residents who participated in the budget process this year by completing the survey. Thank you –we appreciate your contributions. I am also incredibly proud of staff and their hard work, and look forward to continuing to demonstrate our collective commitment to serving this community.

Ryan Cronsberry, CAO

What makes Georgina great

Located on the southern shores of Lake Simcoe, the Town of Georgina offers year-round fun. From fishing and boating to beaches and parks, the Town is great for families taking day trips, a weekend getaway or vacation. Located one-hour north of Toronto, Georgina is the perfect place to escape the city, and experience the beauty and charm of a thriving community on the lake.

The Township of Georgina was named and declared open for settlement on Aug. 28, 1818. North Gwillimbury Township and the Village of Sutton were amalgamated with Georgina Township in 1971. Georgina was granted Town status in 1986.

Physical features

- Georgina is the northernmost municipality in York Region.
- At 288 square kilometres, it is one of the largest municipalities in the region.
- Georgina consists of three urban centres – Keswick, Sutton/Jackson's Point and Pefferlaw – and six hamlets – Virginia, Udora, Baldwin, Belhaven, Brownhill and Ravenshoe.
- Georgina is bordered by Lake Simcoe to the north, Township of Brock to the east, Cook's Bay and the Town of Bradford-West Gwillimbury to the west, and the Town of East Gwillimbury and the Township of Uxbridge to the south.
- Georgina is part of a two-tier municipality. The upper-tier – York Region – delivers select services for its nine local municipalities – Aurora, East Gwillimbury, Georgina, King, Markham, Newmarket, Richmond Hill, Whitchurch-Stouffville and Vaughan.

Population and demographics

- Population of 47,642 [Census 2021] – a 4.9 per cent increase from 2016
- Georgina residents speak more than 106 different languages [Census 2021]

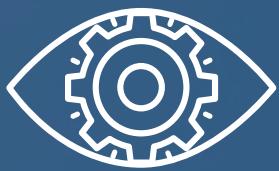

Economy

- The Town has designated 550 acres on the east side of Woodbine Avenue at the Highway 404 extension for the development of a business park. In 2021, Panattoni Development Company acquired 200 acres of zoned industrial land within the business park at the northeast corner of Woodbine Avenue and Glenwoods Avenue, which can be readied for immediate development. Construction on the site began in 2022.
- Georgina is dedicated to facilitating local economic growth and prosperity, and to ensuring that the infrastructure and development policies are in place to provide for a healthy community, which meets the social, economic and cultural needs of the residents and business owners.
- Georgina is home to 1,087 businesses.

Attractions

- Waterfront parks
- The ROC, York Region's Adventure Headquarters
- Georgina Pioneer Village and Archives
- Stephen Leacock Theatre of Performing Arts

Vision, Mission and Values

Vision

To be a progressive and vibrant growing community on the south shore of Lake Simcoe, with a balance of rural and urban character.

Mission

To promote a high quality of life for our residents through exceptional service, community engagement and a framework which supports a thriving economy.

Values

Respect, we care about each other.
Excellence, always go the extra mile.
Communication, we are active listeners.
Teamwork, achieving our goals together.

200-acre business park breaks ground in Georgina

Georgina's business park is one step closer to becoming a reality. Panattoni Development Company broke ground in October 2022 on its newest business park at the northeast corner of Woodbine Avenue and Glenwoods Avenue in the Town of Georgina. It is one of the largest business park developments within a one-hour drive from major urban centres in the Greater Toronto Area (GTA) and the largest development in Georgina's history.

The Town issued a building permit for the first building in October 2022 within the 404 Logistics Park, which is zoned to accommodate a variety of industrial and institutional business operations and small-scale commercial uses accessory to these uses. The approximately 370,000-square-foot building, which is the first of three buildings in the first of three phases, will be located along the Woodbine Avenue frontage and is expected to result in more than 200 new jobs. The build-out of all three phases has the potential to create more than 1,000 jobs.

Panattoni Development Company purchased approximately 250 of the 500 acres of designated employment lands. The development plans include the potential for eight buildings and a naturalized trail system along the Maskinonge River that will be designed as the development proceeds. With the future extension of Hwy 404, and the approved connection of Hwy 404 to Hwy 400 (Bradford Bypass), transportation networks will be enhanced to support the full build-out of the business park lands.

Strategic about Georgina's future

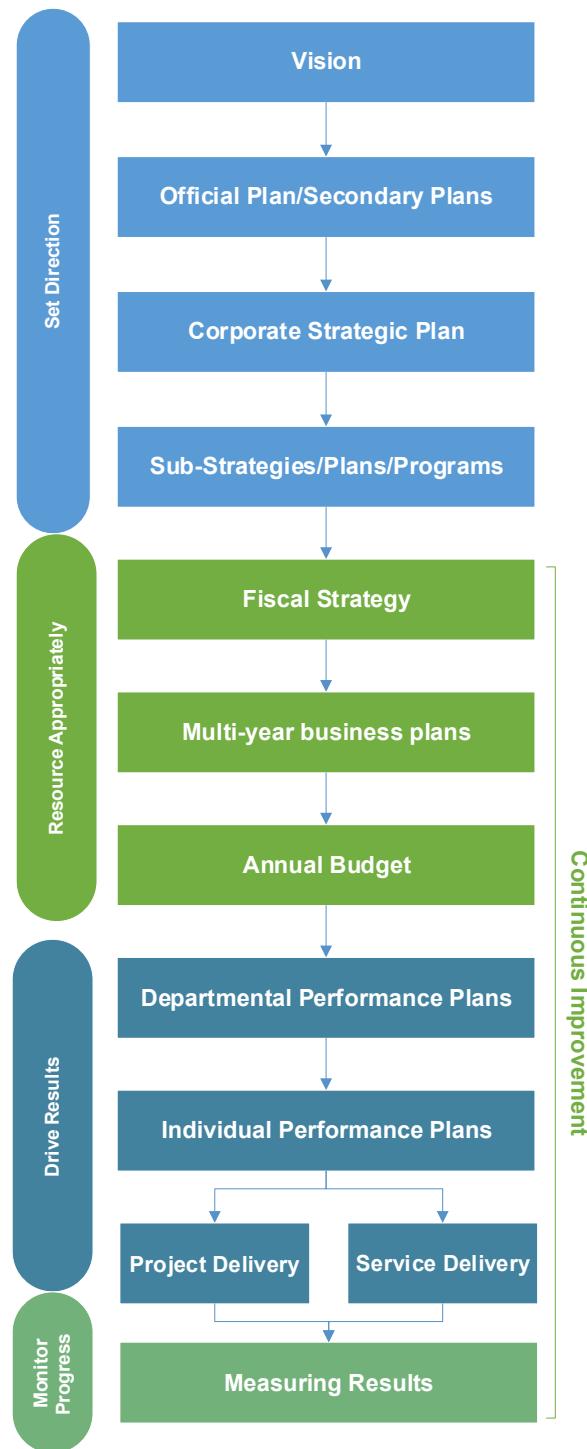

In 2019, Council endorsed the Town's 2019-2023 Strategic Plan as a vital component of the Service Excellence Framework.

The strategic plan maps out 39 specific actions within four priority areas:

- 1. Grow our economy**
- 2. Promote a high quality of life**
- 3. Engage our community and build partnerships**
- 4. Deliver exceptional service**

Even with the COVID-19 pandemic, the Town has made significant progress against the deliverables in this plan with 33 items completed. Six items will continue through 2023.

In 2023, the Town will look to endorse a new strategic plan in alignment with the new term of Council. Through this plan, and the larger Service Excellence Framework, Georgina will continue to build its competitiveness, ensure its communities remain healthy, actively engage partners and provide great service.

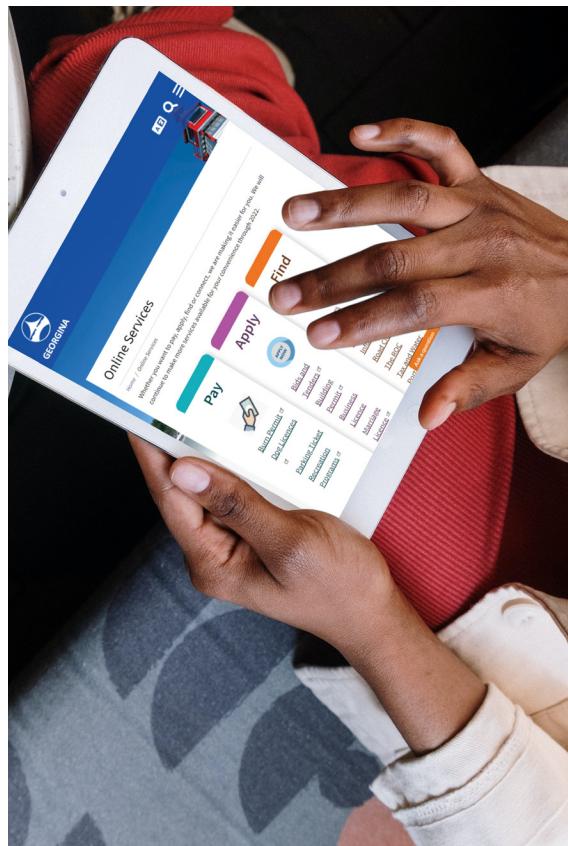

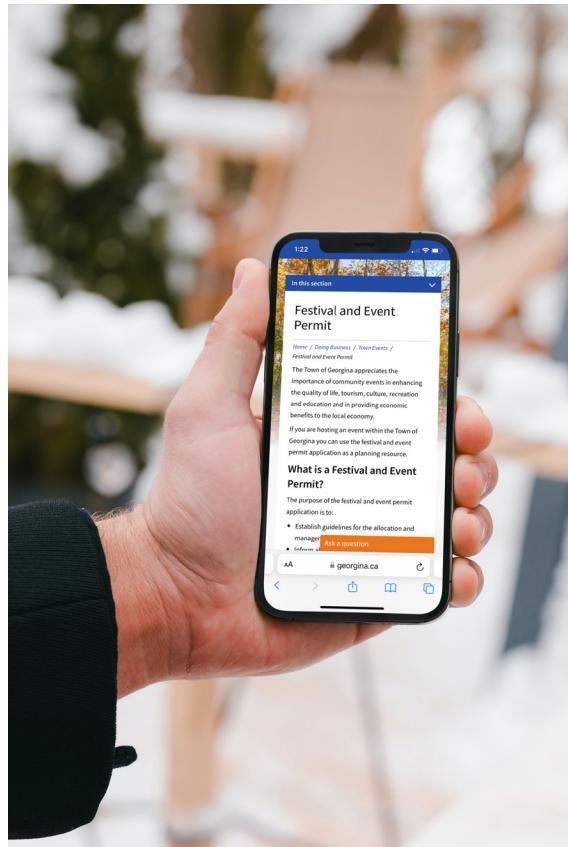

Municipal Modernization and Online Self-serve

In 2022, the Town continued to migrate services online to provide the most convenient service options for our clients, and to offer cost-effective service delivery to the taxpayer. In 2022, the following services were made available online:

- Residential parking passes
- Burn permits
- Pool permits
- Building permits
- Building package request automation
- Site alteration and entrance permits
- Festival and events permits
- Marriage licensing

In addition to these online processes, the Town also included an online chat feature, expanded online payment options to include the Stripe payment platform, expanded use of Recycle Coach to enable ‘issue reporting’ and made significant enhancements to our phone system to improve business continuity and overall service delivery.

In 2022, the Town received more than \$2M in grant funding in support of technology and continuous improvement efforts that have enhanced service delivery throughout the Town.

National Day for Truth and Reconciliation

In recognition of the National Day for Truth and Reconciliation, the Town of Georgina held a ceremonial flag raising in partnership with the Chippewas of Georgina Island in honour of National Day for Truth and Reconciliation on Sept 30, 2022. Flags were also raised at Ravenshoe Road and Woodbine, and at Dalton Road and Lake Drive. Members of Council, dignitaries and Town staff joined members of the Chippewas of Georgina Island First Nation for this special event.

A smudging ceremony was performed which involved the burning of one or more medicines gathered from the earth. A drummer also performed at the ceremonial event.

On Sept. 22, 2022, the Region of York, in partnership with the Town of Georgina and the Chippewas of Georgina Island First Nation, held the official unveiling of a second Every Child Matters Crosswalk in Georgina. It is located at Dalton Road and Black River Road. The event included an opening song, smudging ceremony, remarks and a ribbon cutting. Like the first crosswalk, this one helps to raise awareness of the victims and survivors of Canada's residential school system, while also helping to advance reconciliation through renewed relationships with Indigenous partners.

MURC

Multi-use

Recreation

Complex

Construction on the Multi-use Recreation Complex (MURC), the largest project in its history, began in the fall of 2021.

The project is designed with energy, environment, and occupant health and well-being in mind. It is being built to achieve a Gold level of LEED (Leadership in Energy and Environmental Design) Certification, one of the highest rankings available.

The recreation complex will be located on the west side of Woodbine Avenue between Glenwoods Avenue and Ravenshoe Road. It will be a community space for the whole family and will include a six-lane 25-metre pool, therapy pool, double gymnasium, indoor walking track, multi-use meeting/activity rooms, active living space and a Discovery Library branch.

The construction of the MURC will be primarily funded by development charges. There will be a need to fund the remaining capital portion from other sources as a result of Bill 23. There will be no tax levy increases related to the MURC operating costs. The anticipated annual net operating costs for the MURC will be approximately \$2 million. The entire amount will be funded through assessment growth, which is the new property taxes that will be collected from new development. As a result, there will be no tax levy increases relating to the MURC operating costs.

Construction on the MURC is anticipated to be complete in Q4 of 2023.

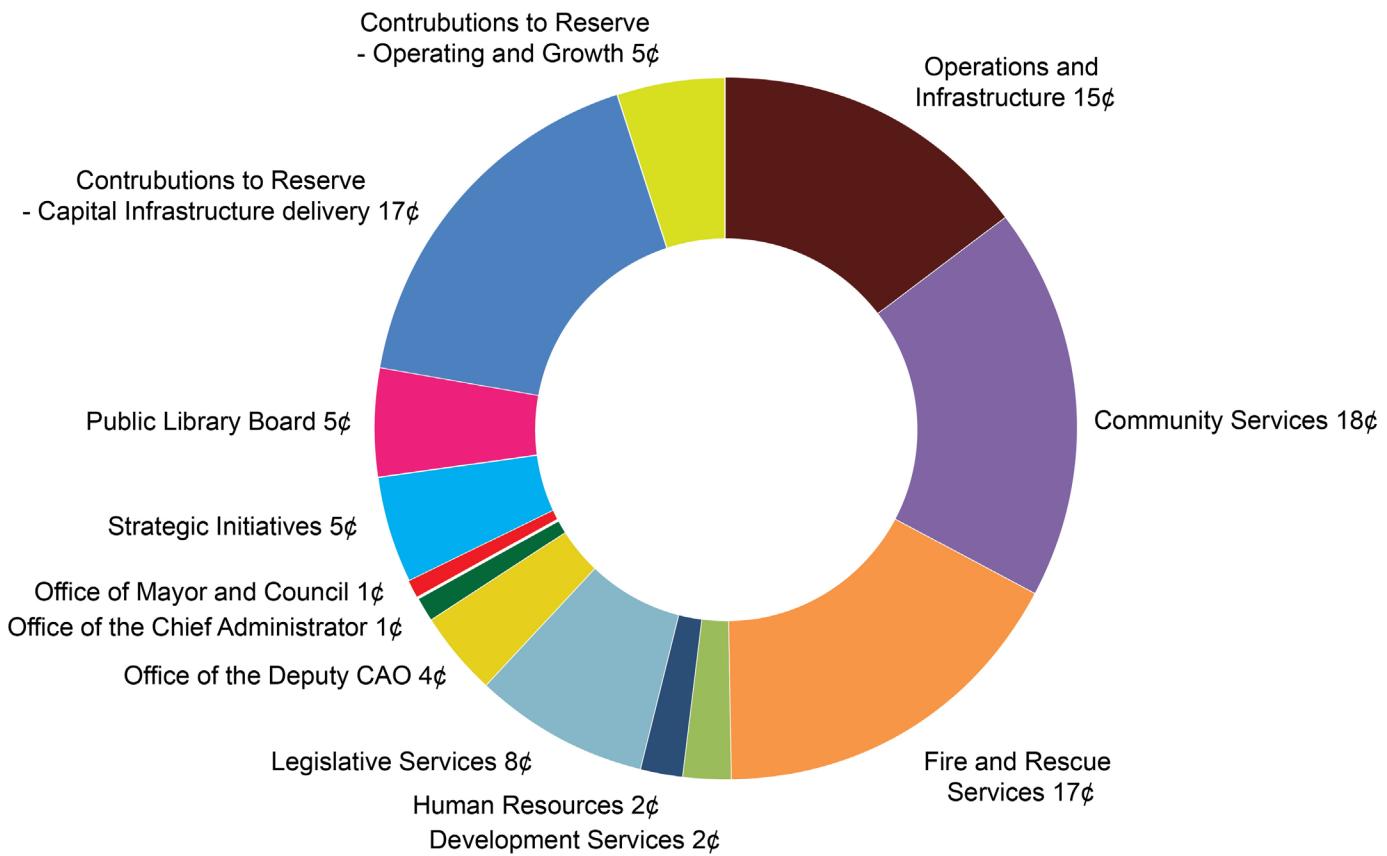

2023 Budget overview

The Town is committed to building strong and healthy communities, and ensuring that everyone benefits from a high quality of life.

Georgina's changing environment continues to present many budgetary and financial challenges into 2023. The Town's 2023 budget reflects a rise in costs and a responsible approach to managing those increases while focusing our resources to continue to build a strong community. The budget was constructed with a clear focus on improving service delivery, managing growth, and delivering services more effectively and efficiently.

How Your Tax Dollar is Spent

Operating and Capital Budgets

A capital budget is a budget allocating money for the acquisition or studies related to the maintenance of assets such as land, buildings, and equipment. An operating budget shows the Town's annual expenses, estimated revenues, and reserve contributions.

The Town of Georgina's 2023 Operating Budget, including contributions to reserves of \$12 million, is \$85 million. The 2023 Capital Budget is \$25 million, which includes the cash flow of \$9 million for the Multi-use Recreation Complex (MURC), for a total operating and capital budget of \$110 million.

The Town is carrying forward \$25 million in capital projects, which excludes carry forward cash flow of \$22 million for the MURC and \$14 million for the replacement Civic Centre.

Property tax levy

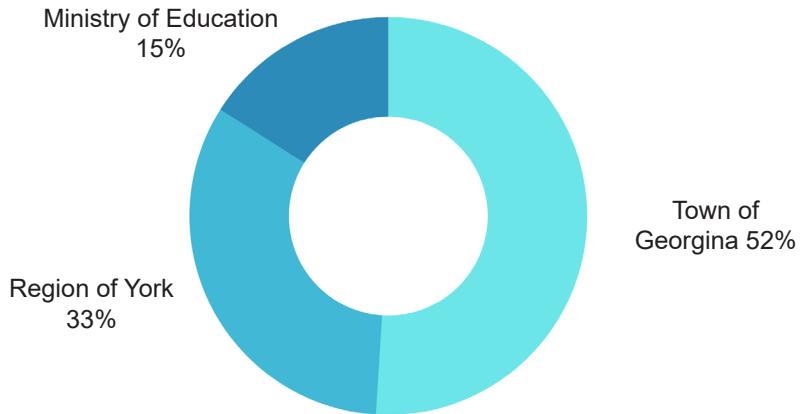

The tax levy for Georgina is \$51.3 million, which results in an increase of 4.89 per cent for operating, and an additional two per cent for capital reserves, for a total increase of 6.89 per cent.

The two per cent infrastructure levy contribution to capital reserves is essential in order to address the funding shortfalls identified in the Core Asset Management Plan and Building Condition Assessments. The annual contributions are used to deliver on the \$300 million 10-year capital plan, which includes the infrastructure investments necessary to continue to provide high-quality services to residents.

Where your tax dollars go

While the Town of Georgina collects all property taxes, funds are distributed to other levels of government as well. Property taxes are divided between the Town of Georgina, York Region and the Ministry of Education. Here is a breakdown of how the funds are divided:

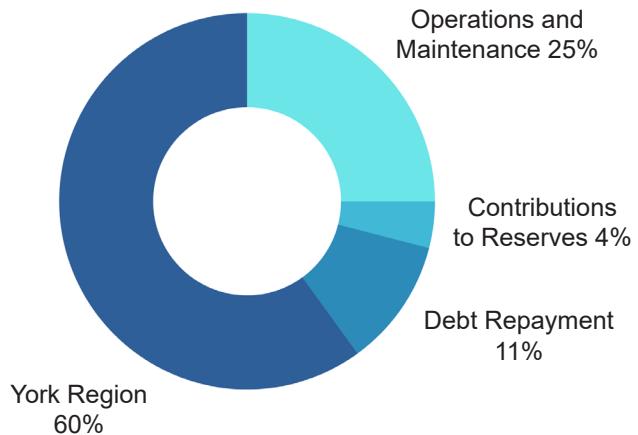

Where your residential tax dollars go

Water and wastewater rates

The Town of Georgina is responsible for the local distribution of water and collection of wastewater. York Region is responsible for the supply of water, and the treatment and disposal of wastewater. Georgina's water and wastewater budget includes its own costs, as well as those water and wastewater costs billed by the Region. The primary funding source for the operating budget is water and wastewater rates. The local water and wastewater rates have been established based on the anticipated water consumption and related wastewater discharge for 2023. An average single-family detached dwelling will see their water and wastewater bill increase by 5.84 per cent.

Where your water and wastewater dollars are spent

Water and wastewater rates

Looking to the future

Georgina's financial strategies continue to evolve in order to address the most recent economic instabilities and legislative changes. High inflation has had a significant impact on the Town's operating costs. In addition, infrastructure delivery costs have significantly increased and are expected to remain high in 2023 due to rising commodity and energy prices and labour shortages. The new changes related to development charges and parkland dedication with Bill 23 – More Homes Built Faster Act – are also expected to have significant changes on the Town's ability to deliver on its capital program. Despite the many budgetary and financial challenges, the Town maintains a strong fiscal foundation and has strong plans to ensure long-term financial sustainability.

Sustainable economic growth is one of the priorities in our strategic plan and is at the forefront of all decisions of staff and Council. Through this budget cycle and onward, staff will work diligently with other levels of government, Council and the community towards the vision for Georgina as a progressive and vibrant growing community.

Municipal Services

The Town of Georgina provides services including:

- Local roads
- Sidewalks
- Snow removal on local roads and sidewalks
- Curbside waste pick-up
- By-law enforcement
- Animal services
- Licensing and permits
- Fire and rescue services
- Parks
- Community centres
- Libraries
- Crossing guards
- Water transmission and distribution
- Wastewater collection and transmission
- Stormwater management
- Tree and plant maintenance along local roads

York Region provides services including:

- Regional roads
- Snow removal on regional roads
- Public transit
- Processing of recycling and compostable
- Landfill disposal
- Police services
- Paramedic services
- Social services and social housing
- Public health services
- Water transmission, treatment and storage
- Wastewater transmission and treatment
- Tree maintenance along regional roads
