

## Coming soon!

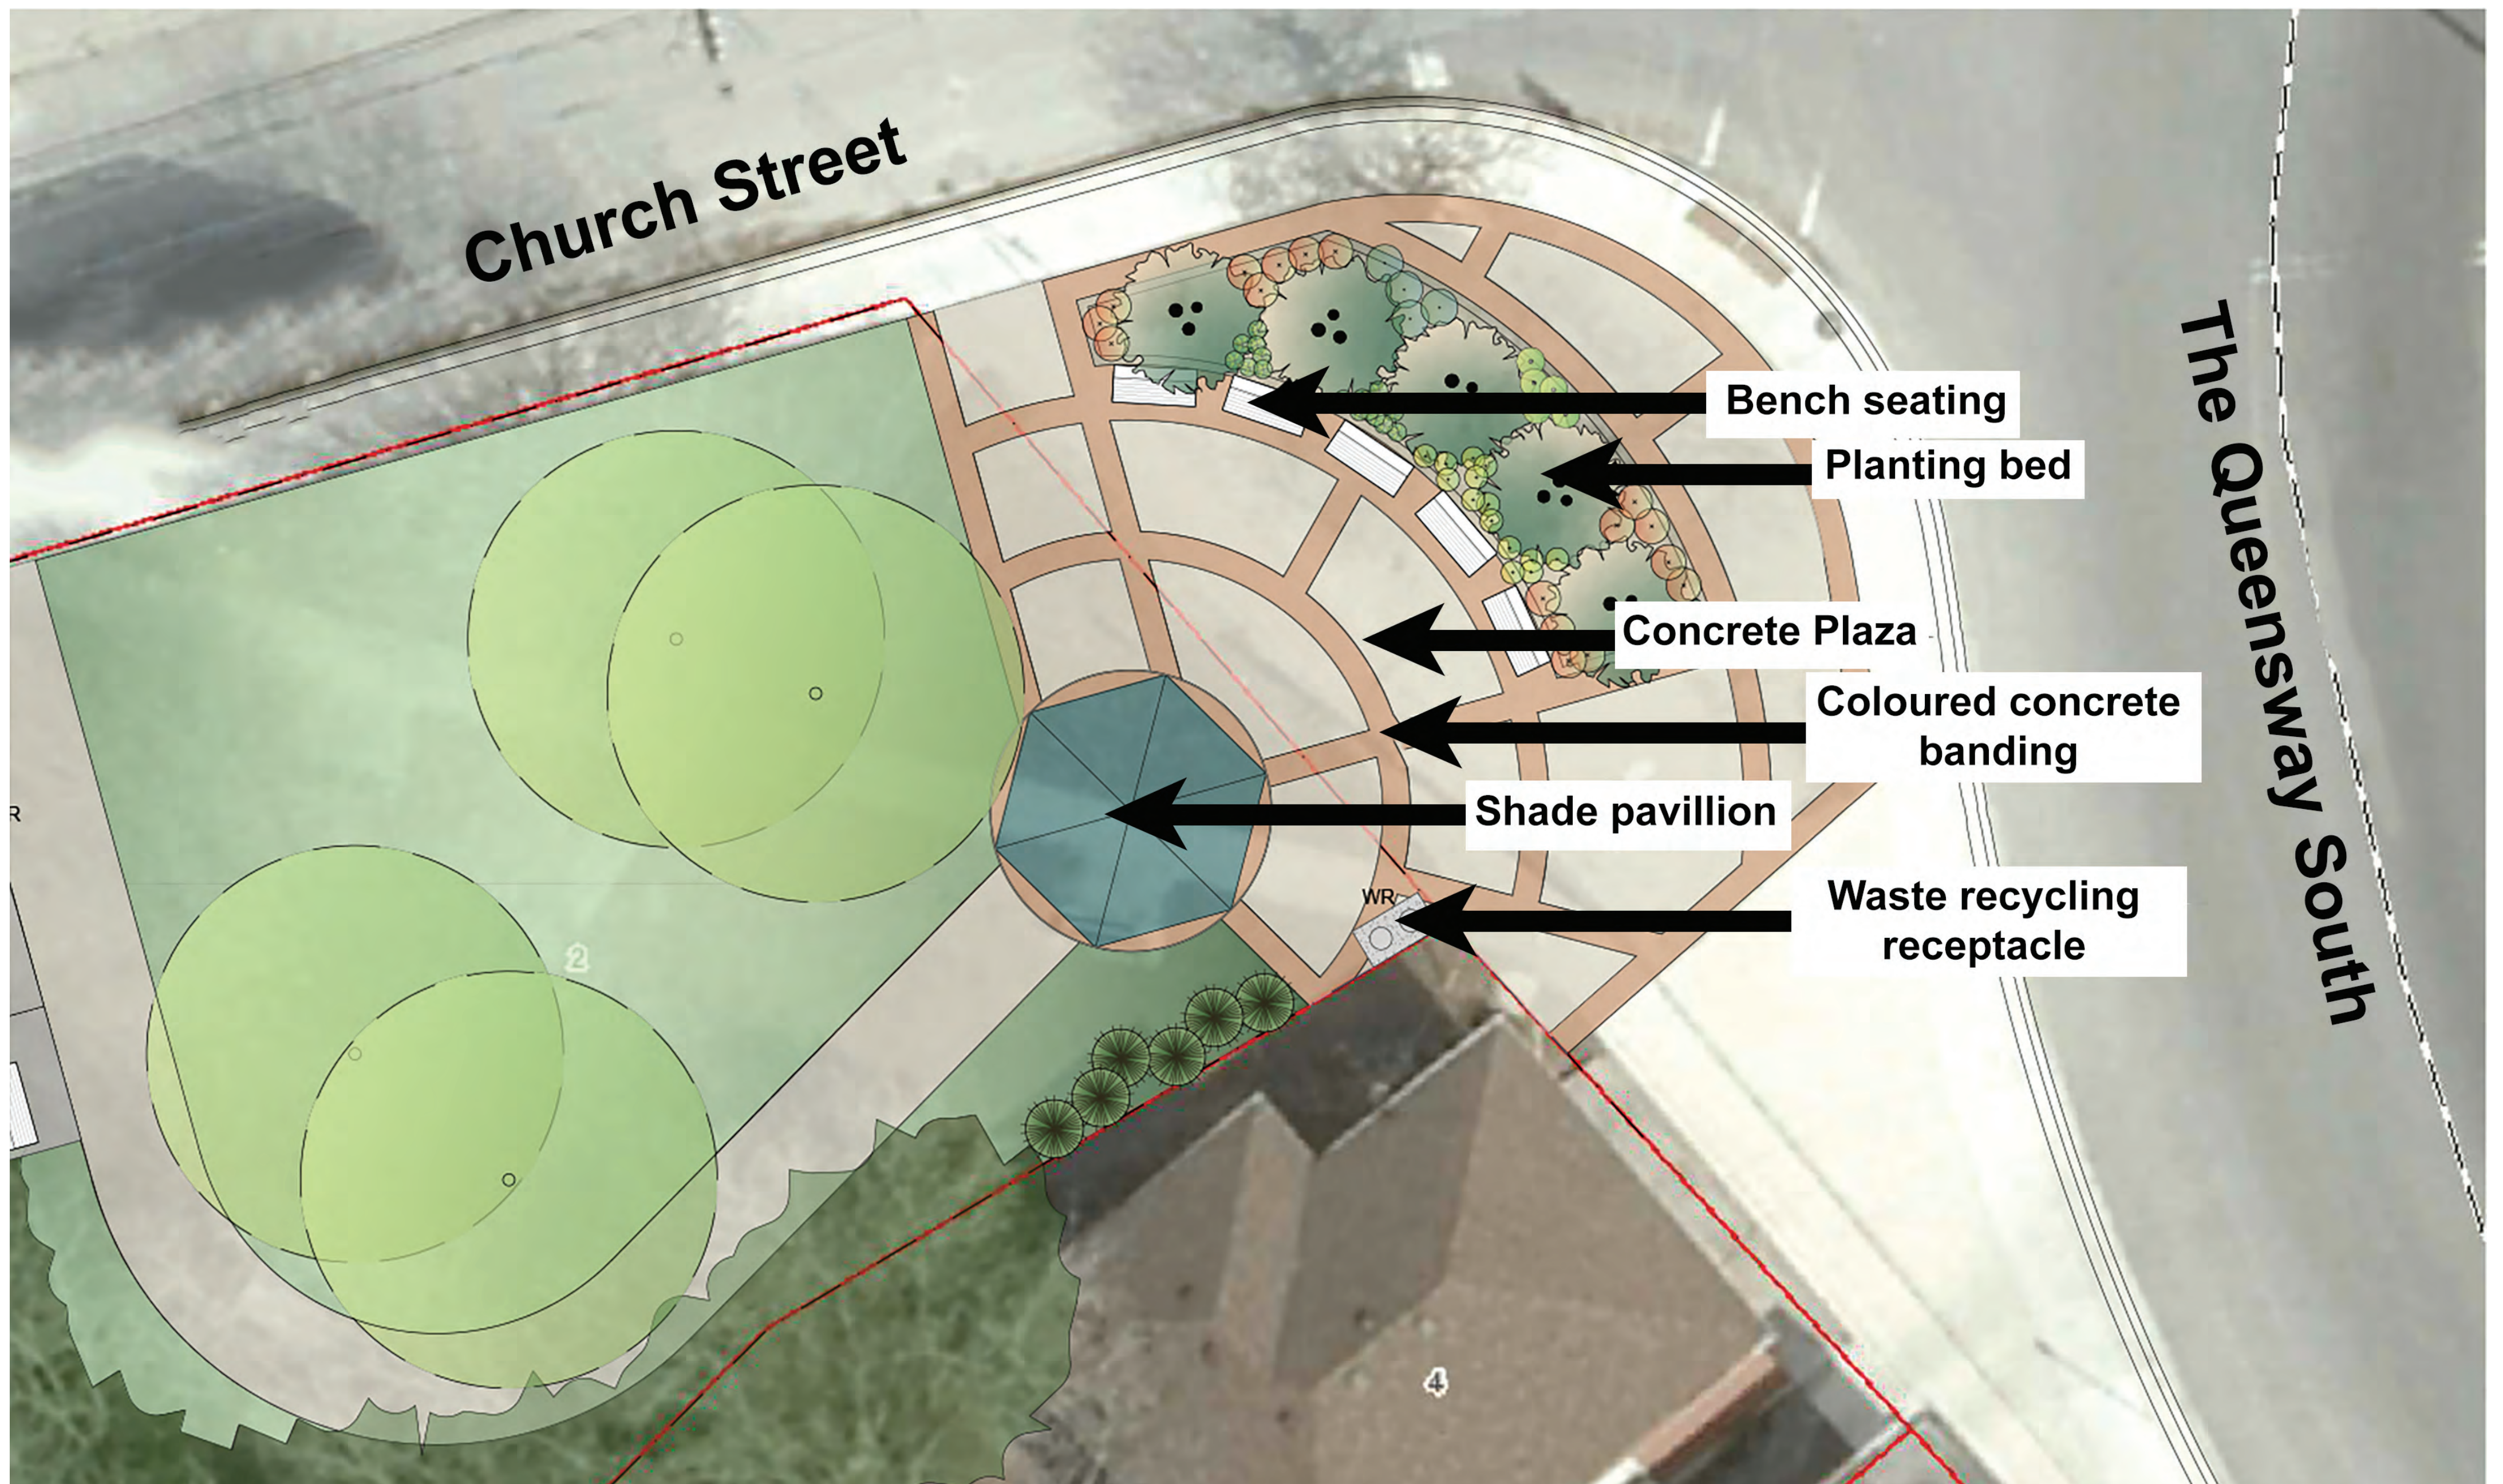

**What's happening:** The Town is revitalizing an underused urban parkette into an inviting and inclusive space for the community and local businesses.

**Features of the park:** The revitalized parkette will feature a new multi-purpose shelter for community events and performances, accessible seating throughout the parkette, a concrete plaza and gathering space, a public art installation, and other broad improvements.

**Expected completion:** This project will occur in two phases. The new multi-purpose shelter will be installed in January 2023. All other site works will be completed before July 2023.

# Uptown Keswick Parkette Revitalization Project
