Notice of Field Investigations Pollock Road Shoulder Stabilization

The Town of Georgina has retained Chisholm, Fleming and Associates to complete the engineering design for stabilization of the shoulder portion of Pollock Road shown below. The engineering work will be begin with field investigations consisting of geotechnical, surveying, subsurface utility locates, and tree inventory. These investigations will be undertaken August through to October, 2023.

Project area highlighted below:

What can you expect?

- Consultants' personnel and equipment will be in the area completing field work.
- Hours: Work will take place between 7 a.m. to 7 p.m. Monday to Friday, with occasional work after hours.
- Road Access: To complete the work in a safe manner there may be temporary road lane restrictions and minor traffic disruptions.

Thank you for your patience while we complete this important project.

If you have questions about the upcoming work, please contact the below.
