Building Georgina was established to highlight projects taking place throughout the community, from neighbourhood park upgrades and road repairs to the replacement Civic Centre and the Pump Track and Skatepark in Pefferlaw.

Pefferlaw outdoor recreation amenities —

- The concrete skatepark is complete and the pump track — a circuit of rolls and banked turns — is scheduled to be completed in June. The facility will be open to the public in July. Track designs include features for all skill levels whether on bikes, scooters, skateboards, roller blades or sport wheelchairs as well as a junior loop off the main pump track.
- Trail enhancements such as creating a walking loop and adding outdoor fitness equipment is scheduled for completion later this year.
- The new Sports Zone on the Pefferlaw Ice Pad with athletic flooring was completed in 2023. Basketball, pickleball and short-court tennis recreation programs are coming this spring.
- The Town is renovating the park washrooms to provide barrier-free access including installing two accessible automatic doors and a ramp. Renovations will be completed in June.

Gwendolyn Park playground

Playground replacements —

- West Park playground is scheduled for replacement this year. Closure of the playground is required to complete construction work. Park improvements include interactive designs with accessible playground equipment such as new swings, climbing features and slides.
- Gwendolyn Park and Bayview Park were upgraded in 2023.
