The Town of Georgina is proposing amendments to the Town of Georgina Official Plan and Zoning Bylaw 500 pursuant to the Planning Act.

Description of lands: Town-Wide

File number: CI 2025-0001

The Town of Georgina is developing a new Community Improvement Plan for Housing and Economic Development. As part of the Housing Accelerator Fund (HAF) funding, the Town is proposing a program to provide grants and financial incentives for Additional Residential Units (ARUs). This initiative is intended to support the creation of a broader mix of housing types, including affordable, by offering financial and procedural incentives that help reduce the cost and complexity of delivering new homes. A second component of the Community Improvement Plan relates to enabling economic development and establishing the ability for the Town to provide economic incentives Town-wide.

The proposed program to provide grants and financial incentives for ARUs will apply across the entire Town and is being designed to help remove barriers to housing development, especially in areas with existing or planned servicing infrastructure. The goal is to create a structured yet flexible program that attracts meaningful housing investment while responding to local needs and development conditions. A second set of goals is to promote economic development and broadening the Town's policies. No new incentive programs for economic development are proposed at this time.

No location map is provided as the proposed Community Improvement Plan applies town-wide.
