The Corporation of the Town of Georgina

Parking and Loading Study

As part of Phase 2 of the Comprehensive Zoning Bylaw Update, the Town has initiated a review of its current parking and loading standards. These standards have not been comprehensively reviewed and updated since 1994. The results and findings of the review are intended to form the technical basis and support for the implementation of new parking and loading standards for the Community going forward.

The consulting firm Paradigm Transportation Solutions have been retained as project consultants and are now advancing with staff on a work program which will conclude in April 2026. There will be two rounds of public engagement.

The first will be a virtual Public Open House. This session will introduce the project and gather feedback on the issues related to parking and loading in the Town.

Date: Wednesday, Dec. 10, 2025

Time: 4 p.m. to 6 p.m.

Location: Virtual. Pre-registration is required. Contact: planning@georgina.ca

Project updates will continue to be posted on the Town's website at <https://www.georgina.ca/living-here/planning-and-development/zoning/zoning-bylaw-update>
