PUBLIC NOTICE

INVITATION FOR PUBLIC COMMENT

Transport Canada's Navigation Protection Program (NPP) administers the *Canadian Navigable Waters Act* (CNWA) which helps keep Canada's navigable waters open for transport and recreation.

In accordance with requirements of the *Canadian Navigable Waters Act,* Town of Georgina hereby gives notice that an application has been submitted to the Minister of Transport for the below work(s):

Registry Number	NPP File Number	Project Description *(Please describe the work type, activity and status of work, i.e., existing, or proposed wharf, dam, etc.)*	Worksite Location
15528	2026-417595	The project involves replacement of the existing 1925 single-lane concrete bowstring arch bridge crossing the Pefferlaw River in Udora. Through the completed 'Schedule B' Municipal Class EA, the preferred alternative was identified as replacement of the existing bridge with a new two-lane bridge to address structural deterioration, remove load restrictions, improve safety, and meet current design standards. The work includes replacement of the existing Old Shiloh Road Bridge crossing over the Pefferlaw River (Pefferlaw Brook) at Old Shiloh Road, Town of Georgina, Regional Municipality of York, Ontario. The bridge is located on Old Shiloh Road approximately 750 m west of Victoria Road, in the Hamlet of Udora. The existing bridge is a 24 m long single-span concrete bowstring arch bridge constructed in 1925. The proposed project will remove and replace the existing structure with a new two-lane NU Girder bridge having an approximate span of 27 m. Construction activities include site preparation and tree removals, temporary traffic detours and road closure, environmental protection measures, isolation and dewatering of the work area, fish salvage operations, demolition and removal of the existing bridge, installation of new foundations, abutments, girders and bridge deck, roadway approach reconstruction, restoration of disturbed areas, and rehabilitation of affected riverbanks.	Worksite Location: Old Shiloh Road Bridge Geographical Coordinates: 44.267430, -79.194760 Waterway: Pefferlaw River (Pefferlaw Brook)

HOW TO COMMENT:

Comments about the potential effect of this work must be received in writing within 30 days of this posting.

We invite you to submit comments online through the online Common Project Search site (https://common-project-search.canada.ca/). To do so, enter the registry number or the NPP file number indicated above in the search box, select the corresponding result, and follow the instructions. Alternatively, comments can be mailed or emailed to:
