Beaches, waterfront parks and outdoor recreation amenities

Coinciding with the province's reopening plan, and in light of progress being made with the vaccination rollout and COVID-19 case numbers declining, we are pleased to announce the Town is cautiously taking the next step in opening its waterfront parks. Beginning June 10, parking lots will be available to both resident parking pass holders and non-residents. To park in the resident parking lot, a 2021 parking pass is required. To date, 2020 parking passes have been accepted. Starting **July 1**, you must have a 2021 resident parking pass to park for free and in the resident parking lot. For those without a pass, pay and display machines will be operating. To apply for a parking pass visit georgina.ca/ParkingPass. In order to limit crowds at these locations, available parking spaces have been reduced. Once parking lots reach capacity, they will be closed. We look forward to welcoming everyone back safely and ask for your patience during this transition. We want residents, visitors, staff and our local businesses to all have a great summer as we work towards our normal operating procedures. Visit georgina.ca/beaches for information on the restrictions.

Traffic calming bollards

Flexible traffic bollards are being placed in areas throughout the community as part of the Town's traffic calming measures. Speed and volume studies completed by the Town and York Regional Police support the installation locations. Bollards create physical and visual barriers that direct and help to slow down vehicles. They do not hinder emergency vehicles. If struck by a vehicle, the traffic bollards fold on impact and then return to its initial position. Visit georgina.ca/roads for more and for a list of locations.

Splash pads

Looking for a fun place to take the kids? Town splash pads are open. The Town has three splash pads – the ROC, Whipper Watson Park and Const. Garrett Styles Park. Visit georgina.ca/SplashPads to learn more.
