Virtual Council Meetings

Council Meeting

When: Wed. Sept. 15 9 a.m.

Council Meeting

When: Wed. Sept. 22 9 a.m.

Council meetings will be broadcast as usual through the Town's live streaming tool. Rogers TV Georgina will also broadcast the meetings. Public participation by phone is available. A pre-registration form is required to be submitted to the Clerks Division by noon the day before the meeting. The form can be found at georgina.ca/CouncilMeetings.

Back to school

It's time to go back to school and that means the roads will get busier with traffic and school buses. Let's help keep everyone safe by slowing down and watching for pedestrians crossing roads and in parking lots.

Did you know?

- All vehicles must come to a complete stop when directed to by a school crossing guard displaying a stop sign.
- All vehicles must remain stopped until all persons have left the roadway, including the crossing guard.
- Any violation is an offence under the Highway Traffic Act.

Remember, it's up to drivers and pedestrians to keep everyone safe on the roads. Visit georgina.ca/CrossingGuard to learn more.

COVID-19 vaccinations

York Region Public Health has moved to smaller mobile and pop-up clinics. Visit york.ca/covid19vaccine for more information. If you need assistance, call 1-877-464-9675. For the latest information, visit georgina.ca/COVID-19

2022 Budget survey

Have your say! Preparations are underway for the 2022 Budget and we want to know how and where you'd like your tax dollars spent. Take our online survey and be entered to win one of two \$100 Visa gift cards. Hard copy surveys will also be available at the Georgina Farmers' Market on Sept. 12 and 19. Residents can also send an email to budget@georgina.ca with comments or questions. Visit georgina.ca/budget to learn more.

Fire and Rescue Services

With the colder weather on the way, it is important to think about heating our houses again. Heating equipment – furnaces, woodstoves, fireplaces, chimneys and vents – can all be causes for a home fire if they are not properly maintained. Have them cleaned and inspected annually. To learn more, visit georgina.ca/fire.

Career opportunities

Are you a talented professional looking to make a career move? Take a look at what Georgina has to offer and join our talented team. We are currently recruiting for:

- Animal Shelter Workers
- Facility Operator
- Engineering Technologist
- Marketing and Promotions Coordinator
- Special Interest Instructors (various specialties)

Visit georgina.ca/careers for more information.

Town sets high standards for water quality

The Town of Georgina and York Region maintain high water quality standards to provide safe drinking water through the municipal distribution system. The Town has a comprehensive sampling and testing program of water taken directly from the watermain at locations throughout the community. This ensures the water delivered to your home or business meets or exceeds all water quality requirements. All water samples are collected by water operators licensed by the Ministry of Environment, Parks and Conservation. All samples are tested at a ministry accredited laboratory.

York Region supplies the Town of Georgina's water and it comes from Lake Simcoe. York Region monitors water quality around the clock to ensure compliance with the Ontario Drinking Water Quality Standards, which identifies more than 100 criteria for safe consumption. To learn more, visit york.ca.

The annual drinking water system reports are available on the Town's website. The Ministry of Environment, Conservation and Parks performed an inspection of the Town's drinking water distribution system and the Town received an inspection rating of 100 per cent. This score indicates the lowest possible risk

rank and highest possible inspection rating for drinking water systems. Ontario has some of the strictest water regulated standards in North America. The Town is inspected regularly by the province and has received ratings of 100 per cent for the last six years. You can view the current water reports on the Town's website by visiting georgina.ca/WaterQuality.

Residents are encouraged to contact the Town directly if they feel there is something wrong with their water or if they have questions or concerns.
