

## GEORGINA

May 4, 2022

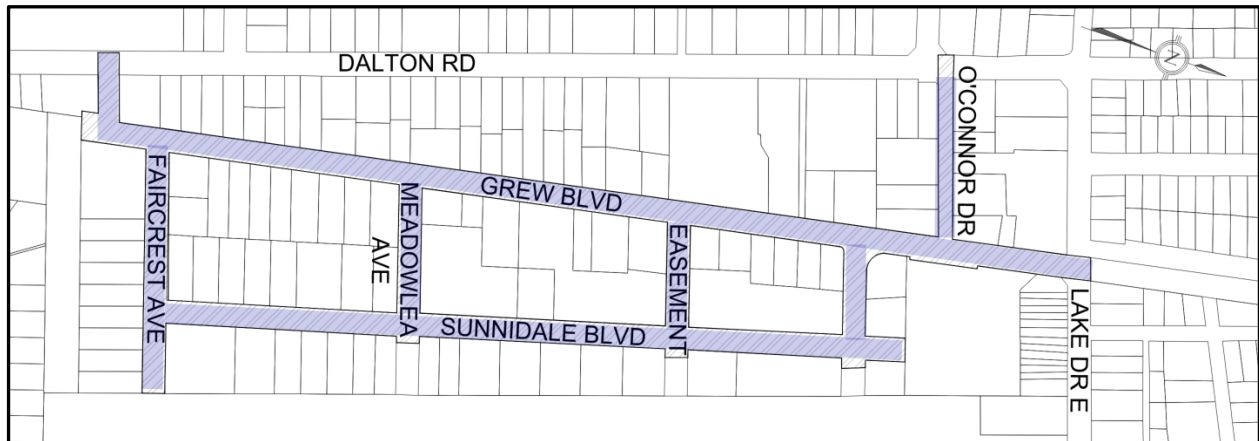

### Notice to residents

#### Cockburn subdivision watermain improvements

Dear resident,

As part of the Cockburn watermain improvement works, the Town's consultant will be doing field investigations in May-July 2022. These will be intermittent and short in duration, however they will require temporary lane reductions to allow room for the maneuvering of equipment used to complete test holes within the study area.

**Project study area shaded below:**

Due to the nature of the work, there may be some temporary noise and dust from the equipment and trucks; however, every effort will be made to reduce disturbances.

Thank you for your patience while we complete the design phase of the project. If you have questions about the upcoming work, contact one of the following project team members or visit [georgina.ca/CockburnWatermain](http://georgina.ca/CockburnWatermain).
