

**Keswick Secondary Plan Review
Invitation to Join a Focus Group Discussion**

Help us update the Keswick Secondary Plan

The Town of Georgina is reviewing and updating the Keswick Secondary Plan. Over the next year, the plan's vision, goals, objectives, policies and mapping which manage growth and development within Keswick will be reviewed and updated. The purpose of the review is to update the plan to reflect changes to provincial and regional planning policy in order to ensure the development of a vibrant and thriving community where residents can live, work and play. The land subject to the review is shown below on the key map.

In order to assist the project team in their understanding of Keswick, focus group discussions are being arranged around four key planning topics: environment, transportation, business and housing. Participants will be asked to share their thoughts specific to each topic and to identify specific issues and opportunities that could be addressed through the review. Join us to share your thoughts and ideas for the future of Keswick. The four focus group discussions are scheduled as follows:
