TOWN OF GEORGINA

2016 BUDGET – EXECUTIVE SUMMARY

The Town of Georgina is a local municipality located on the South-Eastern shores of Lake Simcoe at the top of the Greater Toronto Area (GTA) in Ontario, Canada. Georgina comprises several communities including Keswick, Jackson's Point, Pefferlaw, Port Bolster, Sutton, and Udora. It is the most northerly local municipality within the Region of York.

Georgina encompasses a land area of 288 sq km and enjoys 52 km of Lake Simcoe's shores. In 2016, the total number of permanent and seasonal households is about 18,657¹ and the estimated population is 50,187². Over the next ten years, it is anticipated that Georgina's population will increase to more than 67,000 people.

The total current value assessment (CVA) of properties for taxation purposes in the Town of Georgina at the end of 2015 reflected growth of 0.7%.

Working within the legislative and policy framework of the Province of Ontario, the Town of Georgina provides services to its residents and businesses in support of healthy, prosperous, and safe communities.

The Town of Georgina is governed by the Mayor and Council (elected officials) and is managed and administered by the Chief Administrative Officer, overseeing five departments and providing administrative support to the Georgina Public Libraries. The Georgina Public Library Board is appointed by Council. The Town of Georgina employs approximately 230 full-time employees and 60 part-time employees.

² Population calculated based on 2.69 persons per unit (PPU).

Town of Georgina – 2016 Budget – Executive Summary

Budget Overview

The Town of Georgina's approved 2016 Budget includes total expenditures of \$69.4 million as reflected in the following Chart 1 and in Table 1 below. After application of user fees, grants, and other revenues totaling \$15.6 million, as well as net draws/debt of \$6.1 million from the Town's reserves and prior year tax funding, the Town must raise a total of \$36.7 million from property tax rates and \$11.0 million from water/sewer rates.

Chart 1
2016 Total Expenditures
\$69.4 Million

Table 1 - Consolidated Budget

Budget	Gross Expenditures	Transfers to/(from) Reserve Funds & Debt	Revenue and Other Funding Sources	Capital Funding from Prior Years	To Be Raised By Levied Rates
	\$	\$	\$	\$	\$
Tax Levy Supported	48,567,760	2,303,680	(13,679,410)	(488,500)	36,703,530
Water/Sewer Rate Supported	20,852,890	(7,936,240)	(1,959,500)	0	10,957,150
Total Consolidated Budget	69,420,650	(5,632,560)	(15,638,910)	(488,500)	47,660,680

Town of Georgina – 2016 Budget – Executive Summary

Funding sources to meet the Town's 2016 expenditure needs are illustrated in Chart 2 below.

Council of the Town of Georgina adopted the 2016 Budget on December 16th, 2015.

Service Delivery

The Town of Georgina strives to provide services and programs to its residents and businesses in a fiscally responsible manner, and invests in its infrastructure and reserves to ensure sustainable service delivery.

Services and Programs	
➤ Parks and trails	➤ Arenas, swimming pool, gym facilities
➤ Libraries	➤ Road maintenance
➤ Recreation programs	➤ Garbage and recycling pickup
➤ Snowplowing and sanding of roads	➤ Land use planning
➤ Arts and culture programs	➤ Economic development
➤ Water distribution	➤ Animal and mosquito control
➤ Sewage collection	➤ Community halls
➤ Fire prevention and suppression	➤ Building Code administration
➤ By-law enforcement and parking control	➤ Emergency rescue
➤ Marriage licenses & vital statistics	➤ Commissioner of Oaths and Affidavits

Town of Georgina – 2016 Budget – Executive Summary

Property Tax Rate Supported Services and Programs

The Town must raise \$36.7 million from property tax rates for the following areas of service delivery as illustrated in Chart 3.

Property Tax Rates

The proposed total tax levy results in an increase to the Town's share of the tax levy of 4.35%, about \$73 per household, based on an average household with a Current Value Assessment (CVA) of \$297,070.

Town of Georgina – 2016 Budget – Executive Summary

Water and Sewer Rates

The Town of Georgina is responsible for the local distribution of water and collection of sewage. The Region of York is responsible for the supply of water and the treatment and disposal of sewage. Georgina's water and sewer budget includes its own costs, as well as those water and sewer costs billed by the Region of York. The local water and sewer rates have been established based on the anticipated water consumption and related sewage discharge for 2016. The 2016 water and sewer rates are listed in Table 2 entitled *Average Quarterly Water and Sewer Bills* below.

Table 2 – Average Quarterly Water and Sewer Bills				
	2015	2016		
	<i>Average Water Consumption = 62 cu m</i>	<i>Average Water Consumption = 62 cu m</i>		
	<u>Bill</u>	<u>Bill</u>	<u>Change</u>	
Flat Rate Capital Recovery Charge	\$12.80	\$14.80	\$2.00	15.6%
Water Bill	\$102.92	\$122.20	\$19.28	18.7%
Sewer Bill	\$127.72	\$144.00	\$16.28	12.7%
Combined Rate	\$243.44	\$281.00	\$37.56	15.4%
Discount for timely Payment	(\$4.87)	(\$5.62)	(\$0.75)	
Total Bill	\$238.57	\$275.38	\$36.81	15.4%

A home serviced by both municipal water and sewers, using 62 cu m of water over a three month period will pay approximately \$3.02 per day for water and sewer usage.

Town of Georgina – 2016 Budget – Executive Summary

Reserves

The Town contributes monies annually to its reserves for the replacement of its assets as they reach the end of their life span, funding of upcoming infrastructure requirements, and for unanticipated events related to the Town's business environment or emergency situations. The practice of contributing to its Reserve Funds based on long term financial planning provides the Town with the ability to continue its delivery of services and programs in a sustainable manner and to stabilize its property tax rates and water and sewer rates. At the end of 2015, the Town maintained total Reserve Funds of \$23.53 million (net of internal borrowings), as follows:

Property Tax Rate Supported Reserve Funds	\$16,796,597
<u>Water and Sewer Rate Supported Reserve Funds</u>	<u>\$6,735,719</u>
<u>Total Reserve Funds at Year End 2015</u>	<u>\$23,532,316</u>

The 2016 Consolidated Budget includes net contributions to Reserves totaling \$367,440.

Moving Forward

Georgina's changing environment will continue to present many budgetary and financial challenges related to proposed growth and development, evolving technology in today's business environment, as well as slow economic growth in Ontario and Canada.

Moving forward, the Town will meet these challenges through the development of long term financial strategies and policies, including a reserve strategy, multi-year capital plan, and ongoing review of the Town's budget process and presentation.

2015 ANNUAL REPAYMENT LIMIT

(UNDER ONTARIO REGULATION 403 / 02)

MMAH CODE:	27408	FIR CLEAN FLAG:	C
MUNID:	19070		
MUNICIPALITY:	Georgina T		
UPPER TIER:	York R		
REPAYMENT LIMIT:		\$	9,002,930

The repayment limit has been calculated based on data contained in the 2013 Financial Information Return, as submitted to the Ministry. This limit represents the maximum amount which the municipality had available as of December 31, 2013 to commit to payments relating to debt and financial obligation. Prior to the authorization by Council of a long term debt or financial obligation, this limit must be adjusted by the Treasurer in the prescribed manner. The limit is effective January 01, 2015.

FOR ILLUSTRATION PURPOSES ONLY,

The additional long-term borrowing which a municipality could undertake over a 5-year, a 10-year, a 15-year and a 20-year period is shown.

If the municipalities could borrow at 5% or 7% annually, the annual repayment limits shown above would allow it to undertake additional long-term borrowing as follows:

5% Interest Rate		
(a)	20 years @ 5% p.a.	\$ 112,196,404
(a)	15 years @ 5% p.a.	\$ 93,447,332
(a)	10 years @ 5% p.a.	\$ 69,518,237
(a)	5 years @ 5% p.a.	\$ 38,977,974
7% Interest Rate		
(a)	20 years @ 7% p.a.	\$ 95,377,166
(a)	15 years @ 7% p.a.	\$ 81,997,910
(a)	10 years @ 7% p.a.	\$ 63,232,811
(a)	5 years @ 7% p.a.	\$ 36,913,789

DETERMINATION OF ANNUAL DEBT REPAYMENT LIMIT

Operations & Engineering – 2016 Budget

WHAT WE DO

The Operations and Engineering Department is responsible for road construction and maintenance, snow removal on the roads and sidewalks, tree removal and tree planting, traffic control, sidewalk construction and maintenance, streetlights, sanitary sewer collection system, water distribution system and the maintenance of all parks and facilities including the Sutton Arena, the Georgina Ice Palace and The ROC.

This department is also responsible for the Mosquito Control Program, as well as, dealing with all matters relating to engineering, subdivision and site plan development, plan review and agreement preparation, site alteration, local sidewalks, waste management and waste recycling programs, including the blue box and green bin programs and user pay garbage collection program.

2016 BUDGET – TAX LEVY SUPPORTED

Operating Net Tax Levy: \$13,778,550 which is an increase of \$569,310 or 4.3% from 2015.

Capital Gross Costs: \$3,964,970 which is a decrease of \$3,651,920 or 47.9% from 2015.

Capital Net Tax Levy: \$1,341,390.

TOWN OF GEORGINA - CAPITAL BUDGET

2016

DEPARTMENT: OPERATIONS & ENGINEERING - PUBLIC WORKS

PROJECT NAME: PWK-1 Tandem Axle Dump Truck

PROJECT PRIORITY: PR4 - Asset/Fleet Replacement

PROJECT COMPLETION DATE: Nov-2016
mm-yy**PROJECT DESCRIPTION:**

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

Procurement of a new tandem axle dump truck. This is a fleet replacement project for 2006 truck.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

During 2015 budget, there was staff oversight in developing the fleet replacement capital budget sheet for project PWK-14. The project description stated that 2 Tandem axle trucks will be replaced but the budget numbers carried were adequate only for 1 replacement. Staff is developing the tender for the 2015 replacement truck and will procure the second truck through the same procurement process.

In 2015, the fleet committee was established. The analysis for fleet reserves projection for the next 10 years showed that the fleet reserves will always stay positive given the annual contribution to the fleet reserve and the projected replacement schedule and costs. Replacing fleet at the appropriate time is beneficial as the fleet can be traded in at the time of replacement or sold at auction.

The new truck will help provide winter maintenance services and haul materials in other seasons to help maintain the town's roads.

2016

DEPARTMENT: OPERATIONS & ENGINEERING - PUBLIC WORKS

PROJECT NAME: PWK-2 1 Radar Recorder for Traffic Counts

PROJECT PRIORITY: PR3 - Service/quality Compliance

PROJECT COMPLETION DATE: May-2016
mmmm-yyyy**PROJECT DESCRIPTION:**

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

Procurement of one additional radar recorder for traffic counts.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

As the Town grows and new roads are added, there is an increased demand for speed studies by the residents. The Town's current traffic calming policy also indicates traffic and speed counts as the first step to address traffic calming. In addition to assisting staff with compliance to the traffic calming policy, radar recorders will also assist with continuous update and input for the annual average daily traffic data which is important to the Town's new pavement management system.

PROJECT PRIORITY: PR3 - Service/quality Compliance

PROJECT COMPLETION DATE:

Oct-2016

mm-yy

PROJECT DESCRIPTION:

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

Our Asset Management Plan was recently updated by 4 Roads Consulting based on a condition rating. We are proposing to resurface roads as identified in the outputs from the study. This project includes resurfacing both surface treated roads and asphalt roads.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

1. Maintain safe roads
2. Resurfacing roads is an effective strategy to reduce the need for costly future reconstructions.

DEPARTMENT: OPERATIONS & ENGINEERING - PUBLIC WORKS

PROJECT NAME: PWK-6 Queensway Culvert

PROJECT PRIORITY: PR6 - Health & Safety Mitigation

PROJECT COMPLETION DATE:

Oct-2016

mmmm-yyyy

PROJECT DESCRIPTION:

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

Replacement/Rehabilitation of Queensway Culvert.
As a result of culvert inspection in 2015, the structural consultant recommended immediate replacement/rehabilitation of the culvert.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

Due to the deteriorating stage of the culvert, Queensway has been restricted to one lane between Church Street and Old Homestead Road to limit the loading on the culvert.
Replacement/rehabilitation of the culvert will restore 2 lane traffic and safe movement of vehicles over the culvert.

Asphalt Roller

PROJECT PRIORITY: PR3 - Service/quality Compliance

PROJECT COMPLETION DATE:

Jun-2016

mmmm-yyyy

PROJECT DESCRIPTION:

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

Procure an asphalt roller. The 1993 existing asphalt roller has been assessed by the mechanics and deemed beyond repair.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

Staff completes almost 700 tonnes of asphalt for culvert replacements and road patches. The asphalt needs to be compacted for a good finish. The roller would provide proper compaction to the asphalt.

DEPARTMENT: OPERATIONS & ENGINEERING - PUBLIC WORKS

PROJECT NAME: PWK-8 Development and Process Implementation

PROJECT PRIORITY: PR5 - Business Interrupt./Consequential

PROJECT COMPLETION DATE: Jul-2016
mmmm-yyyy**PROJECT DESCRIPTION:**

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

Program Development to be split between 3 divisions of Operations and Engineering - Road Operations, Water Works and Parks & Facilities.

The consultant will assist the division with the development of processes and continued development of work orders, scheduling, and job costing, inventories all required to effectively manage the Operations' business. An example of what the consultant will do for us is the 4 Roads presentation. The consultant will evaluate our current processes, and assist us in developing the data base for effective usage of data. The consultant will implement and train the following areas:

Preventative maintenance plan and scheduling, Job costing, historical analysis on assets, inventory management, fleet management, resource management in terms of labor time etc. Managers will be trained to develop reports for managing the operation. The development of the program will ensure the newly developed processes tie into the customer service operation.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

This tool is required in the development of our integrated approach to service delivery throughout Georgina. Due to current workloads, and some skill gaps we are not progressing with this implementation. The department is in need of professional consultation to direct our team in reaching our goal of 100% usage of the system while realizing and gaining from the related results of the information being generated.

The completed process will allow the divisional managers to run reports, and analyze the resources needed for each job function for cost effective management. The continued Wortex implementation and development will remove the paper driven methods currently used. Our primary stakeholders demand performance management, accountability, and the management team needs the tools and training to use these tools effectively. This continued development of the Wortex tool is also required for the customer service implementation as the process development generates the metrics for the customer service. Example of this would be number of service requests completed, time in the queue, who responded, what was done, feedback communication etc.

2016

DEPARTMENT: OPERATIONS & ENGINEERING - PUBLIC WORKS

PROJECT NAME: PWK-9 Mossington Bridge Rehabilitation (Approved in 2015)

PROJECT PRIORITY: PR2 - Regulatory/Standards Compliance

PROJECT COMPLETION DATE: Nov-2016
mmmm-yyyy**PROJECT DESCRIPTION:**

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

The Mossington bridge was constructed in 1912. In 2015, a structural analysis was completed. Also in 2015, we applied for funding as part of the Canada 150 Community Infrastructure Program but were not successful.

Significant structural repairs are required. A major consideration in pursuing a replacement option is the fact the bridge is considered a heritage structure. Heritage bridge guidelines from the Ministry lead to a preferred 'retention and repair in a manner that maintains the heritage aspects'. Staff support this approach.

We will tender the work early in the year and complete the construction prior to the winter season.

Staff are proposing to carry forward \$340,000 (the portion in 2014 proposed for the Mossington bridge). The funds carried forward are from the Gas Tax Reserve.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

To provide safe bridges to the travelling public.

To follow Highway Traffic Act and the Bridge Act and Regulations.

Extend the life and maintain heritage aspects of a significant Georgina structure.

DEPARTMENT: OPERATIONS & ENGINEERING - PUBLIC WORKS

PROJECT NAME: PWK-10 Bi-annual OSIM Inspection and Bridge AssessmentsPROJECT PRIORITY: PR2 - Regulatory/Standards CompliancePROJECT COMPLETION DATE: Aug-2016
mmmm-yyyy**PROJECT DESCRIPTION:**

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

OSIM (Ontario Structural Inspection Manual) According to the Ontario Public Transportation and Highway Improvement Act, Standards for Bridges, O. Reg 104/97 bi-annual inspections are required to assess the conditions of bridges. Any culvert over a 3 metre span also falls within the scope of the required inspections.

Our bridges and large culverts were last inspected in 2014.

The average age of the Town's bridges is 62 years and the average age of large culverts is 28 years.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

Provide safe bridges and culverts which are part of our road transportation network.

Uninterrupted access to roads that cross rivers and watercourses.

Consistent inspections show patterns in infrastructure deterioration and safety guidelines. These evaluations will be implemented into our Worktech software.

Operations & Engineering – 2016 Budget

WHAT WE DO

The Operations and Engineering Department is responsible for road construction and maintenance, snow removal on the roads and sidewalks, tree removal and tree planting, traffic control, sidewalk construction and maintenance, streetlights, sanitary sewer collection system, water distribution system and the maintenance of all parks and facilities including the Sutton Arena, the Georgina Ice Palace and The ROC.

This department is also responsible for the Mosquito Control Program, as well as, dealing with all matters relating to engineering, subdivision and site plan development, plan review and agreement preparation, site alteration, local sidewalks, waste management and waste recycling programs, including the blue box and green bin programs and user pay garbage collection program.

2016 BUDGET – TAX LEVY SUPPORTED

Operating Net Tax Levy: \$13,778,550 which is an increase of \$569,310 or 4.3% from 2015.

Capital Gross Costs: \$3,964,970 which is a decrease of \$3,651,920 or 47.9% from 2015.

Capital Net Tax Levy: \$1,341,390.

**Operating by Funding Source
(in \$Millions)**

**Capital by Funding Source

TOWN OF GEORGINA - CAPITAL BUDGET

2016

DEPARTMENT: OPERATIONS & ENGINEERING - PARKS & FACILITIES - HALLS

PROJECT NAME: HAL-1 Comprehensive Review and Development of Facility Standards

PROJECT PRIORITY: PR3 - Service/quality Compliance

PROJECT COMPLETION DATE: Dec-2016
mmm-yyyy

PROJECT DESCRIPTION:

Double click on the box below to type the description
Use <Alt-Enter> to space between paragraphs.

To obtain the services of a consultant to provide Town staff with a complete building overview of all facilities/halls. Items will include:

Accessibility
Structural
Mechanical
Electrical
Plumbing
Flooring
Roofing/Façade

Using this information, the consultant will identify the following:

- Actions requiring immediate attention
- Current deficiencies
- Issues of non-compliance with applicable codes
- Items that should be placed on a preventive maintenance schedule
- Necessary preventive maintenance schedule

Furthermore, the consultant will develop a specific set of criteria to be used by the Operations and Engineering Department when constructing or renovating any Town facilities. The Civic Center will not be part of this study as the CAO will cover this building in another study.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

Obtain the necessary information to properly analyze and assess the current state of Town's assets. This will assist Town staff to achieve the maximum life expectancy of each asset. The Town of Georgina will know exactly what assets to keep or divest based on evaluation criteria. The development standards will allow staff to make decisions based on defensible standards that are currently void. Tenants and the landlord being the Town of Georgina will understand the requirements of what is acceptable square footage. The gap analysis data will allow the staff to strategically invest on building asset that the corporation wishes to keep.

Expected Life Of Asset (# of years) 25

TOWN OF GEORGINA - CAPITAL BUDGET

2016

DEPARTMENT: OPERATIONS & ENGINEERING - PARKS & FACILITIES - HALLS

PROJECT NAME: HAL-2 Relocation of Server Room and Required Upgrades

PROJECT PRIORITY: PR3 - Service/quality Compliance

PROJECT COMPLETION DATE: Jan-2016
mmmm-yyyy**PROJECT DESCRIPTION:**

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

This is a joint project involving both IT and OE Departments. The needs of the IT room have undergone a comprehensive review in 2015, there are many needs including insufficient cooling and improper cooling technology in place for winter operation (potential overheating and damage to servers.)

The current IT server room is subjected to flood risk, as it is in basement. The floor needs to be elevated with sensitive server racks and servers placed on top.

In 2014 the following was identified as part of the issues.
Alarm monitoring is required for the following:

- Water sensors for flood
- Generator on/off for power failure
- Room temperature
- Cooling equipment alarms
- UPS status

2015 budgeted amount was \$20,000 for alarm monitoring "only"
2016 budgeted amount for relocation and new room and equipment \$60,000

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs

Relocation of the server room to the newer part of the storage area, where there is no overhead heating pipes that contain water 100 % of the time under pressure. It is also important to note that there is no other service either on the main floor. Advantages will be increased alarm monitoring identified in 2014 for critical IT monitoring to assist in the operation, this will reduce the risk of losing business continuity. In the past year, the servers have gone down due to improper monitoring and lack of cooling capacity.

2015 Scope recommended additions to the 2014 monitoring capital project:

- 1) Floor elevation with a new raised floor helps mitigate against floods, minimizing costly damage, and most importantly business interruption.
- 2) New 10 ton Liebert cooling units designed for IT room environments that will control the proper humidity and temperature. The unit will be designed with multi stages for redundancy purposes and to deal with a constant load and outside conditions. Currently the method of cooling the IT room in the winter is unacceptable, as it uses outside air that is non-tempered.
- 3) New power feed will be clean with the proper filters, and designed for today's needs and future capacity
- 4) The equipment will have suitable back up with UPS and emergency power.
- 5) The advantages of this installation are that many of its components can be relocated if the CC chooses to relocate its services.

PROJECT NAME: HAL-4 Development and Process Implementation

PROJECT PRIORITY: PR5 - Business Interrupt./Consequential PROJECT COMPLETION DATE: Jul-2016
mmmm-yyyy

PROJECT DESCRIPTION:

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

Program Development to be split between 3 divisions of Operations and Engineering - Road Operations, Water Works and Parks & Facilities.

The consultant will assist the division with the development of processes and continued development of work orders, scheduling, and job costing, inventories all required to effectively manage the Operations' business. An example of what the consultant will do for us is the 4 Roads presentation. The consultant will evaluate our current processes, and assist us in developing the data base for effective usage of data. The consultant will implement and train the following areas: Preventative maintenance plan and scheduling, Job costing, historical analysis on assets, inventory management, fleet management, resource management in terms of labor time etc. Managers will be trained to develop reports for managing the operation. The development of the program will ensure the newly developed processes tie into the customer service operation.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

This tool is required in the development of our integrated approach to service delivery throughout Georgina. Due to current workloads, and some skill gaps we are not progressing with this implementation. The department is in need of professional consultation to direct our team in reaching our goal of 100% usage of the system while realizing and gaining from the related results of the information being generated.

The completed process will allow the divisional managers to run reports, and analyze the resources needed for each job function for cost effective management. The continued Wortex implementation and development will remove the paper driven methods currently used. Our primary stakeholders demand performance management, accountability, and the management team needs the tools and training to use these tools effectively. This continued development of the Wortex tool is also required for the customer service implementation as the process development generates the metrics for the customer service. Example of this would be number of service requests completed, time in the queue, who responded, what was done, feedback communication etc.

PROJECT NAME: ICE-1 Parking Lot Light Replacement

PROJECT PRIORITY: PR7 - Strategic Cost Reduction & Rev

PROJECT COMPLETION DATE:

Sep-2016

mmm-yyyy

PROJECT DESCRIPTION:

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

Replacement of all parking lot pole lights to LED. A total of 27 lamps to be exchanged on existing poles.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

Significant energy/maintenance cost savings due to long lifespan of LED lights, as well as lower energy use. Expected rebates from Hydro One Save ON Energy Program of up to 30% of project cost

27 existing parking lot lamps are 400 watt High Pressure Sodium, to be changed to 160 Watt or less LED.

400 W X 27 lights= 10,800 Watts total. Lights are on an average of 12 hours/day (X 365 days= 4,380 hrs/year X 10,800=47,304 KWH/year energy use. Compare with 160 Watt lamps - 160W X 27=4320 Watts total X12 hrs/day X 365 days = 18,921.6 KWH/year. This amounts to approximately 60% in energy savings.

Installation can be done in-house through our Maintenance Division, thus keeping the expected costs lower.

PROJECT NAME: ICE-2 Rear Patio Surface RehabilitationPROJECT PRIORITY: PR2 - Regulatory/Standards CompliancePROJECT COMPLETION DATE: Sep-2016
mmm-yyyyPROJECT DESCRIPTION:

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

The current state of the rear patio is in unsatisfactory condition, as water penetrates the building in several areas. Existing pavers are in disrepair, causing potential trip hazards.

Based on assessments received from TJ Allen Consulting (OED2015-062), it was recommended that the following strategy be implemented.

Replacement of the existing membrane and pavers at the rear of the Ice Palace facility. This will include a two-ply modified bitumen membrane, as well as new concrete pavers, with cast-in pedestals. This will promote bi-level drainage to the existing drains.

This strategy will fully renew the waterproofing and upgrade the upturn flashings, with bi-level drainage to improve the roof's overall performance

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

Remedy some long-standing issues in the rear of the Ice Palace facility. These would include trip hazards from uneven/broken existing pavers; plugged/leaky floor drains; and indoor leakage at rear of building due to compromise in patio membrane and/or flashings.

DEPARTMENT: OPERATIONS & ENGINEERING - PARKS & FACILITIES - ICE PALACE

PROJECT NAME: ICE-3 Ice Rink Automation Upgrades

PROJECT PRIORITY: PR7 - Strategic Cost Reduction & Revenue

PROJECT COMPLETION DATE: Sep-2016
mmmm-yyyyPROJECT DESCRIPTION:

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

Upgrades to existing Marker Ice Plant Control System at Ice Palace to include automated dehumidification control, and various software upgrades such as logging of compressor run times and automatic run time equalization, pump starts and stops, and outdoor temperature recording.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

Benefits will include maintenance cost savings, as trends can be identified, and issues can be diagnosed based on logged compressor/pump information. Diagnostics can be performed in a more timely manner, reducing labour costs and potential downtime.

Dehumidification system can be programmed to operate on a schedule based on ice use times and the anticipated number of occupants at different events throughout the ice season. This will reduce energy consumption as the system will only run during times when the facility is occupied.

DEPARTMENT: OPERATIONS & ENGINEERING - PARKS & FACILITIES - SUTTON ARENA

PROJECT NAME: SAR-1 Hall Lighting Retrofit

PROJECT PRIORITY: PR3 - Service/quality Compliance

PROJECT COMPLETION DATE: Dec-2016
mmmm-yyyyPROJECT DESCRIPTION:

Double click on the box below to type the description
Use <Alt-Enter> to space between paragraphs.

Funding requested to upgrade fixtures in the Sutton Arena Hall. There are approximately 160 fixtures that require updating from the existing non-efficient fixtures. Staff recommend replacing these fixtures with a more efficient, lower wattage bulb (LED). Additionally the ability to have lights with a dimmable feature would be an asset to hall rentals.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

Energy efficiency, consistent and controlled lighting, improved light levels, customer satisfaction, less maintenance.

This project will have rebate incentives that will be put back into the building reserve once the project is complete.

The hall is currently equipped with 160 fixtures using T12 fluorescent tubes. Each tube consumes 40 watts of power. There are also 22 T8 fluorescent fixtures, using 32 watts per bulb. LED conversion would lead to a consumption of only 10 watts per bulb, leading to over 85% in energy savings.

Additional dimming feature would further decrease energy consumption. current usage 28,000 kwh based on estimated run time. 6,500 kwh new usage a savings of 85%.

TOWN OF GEORGINA - CAPITAL BUDGET

2016

DEPARTMENT: OPERATIONS & ENGINEERING - PARKS & FACILITIES - THE LINK

PROJECT NAME: LNK-1 The Link - Renovations to Classroom 6

PROJECT PRIORITY: PR7 - Strategic Cost Reduction & Rev

PROJECT COMPLETION DATE:

Dec-2016

mmmm-yyyy

PROJECT DESCRIPTION:

Double click on the box below to type the description

Use <Alt-Enter> to space between paragraphs.

Renovate Classroom 6 as a multi-purpose programming space that can be used by tenants and rented to various user groups to deliver programs, hold meetings and small events. Costs to renovate include permit, finish carpentry, drywall and acoustic ceiling, flooring, painting, electrical, window coverings and furniture HVAC distribution: It is not recommended to look at Classroom 6 in isolation. The total amount of class room sqft including the corridor is approximately 4800 ft2. This corridor needs to be addressed as a zone which requires one HVAC unit supplying 6 class rooms with each room having a VAV box (Variable air volume) that allows for individual room temperature control, and system efficiencies. The VAV system will allow for rooms to be controlled in an unoccupied mode to meet the variable demand of the space.

7 VAV boxes \$2000/box (the tenant will be required to finish the ducting in each class room.)

Main duct \$25,000

Main HVAC unit that is Variable speed drive \$20,000

Building automation controls to hook to existing system \$15,000

Electrical \$ 12,000

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.

Use <Alt-Enter> to space between paragraphs.

The additional programming/multi-purpose space will lead to increased revenue from rentals. The room will also lead to increased programming from tenants, community organizations and residents. The required mechanical system installation will allow for future expansion as the space becomes rented. The new mechanical system will have a variable HVAC unit supplying 6 class rooms with each room having a VAV boxes that allows for individual room temperature control, and system efficiencies. This will be consistent with the recently renovated portions of the Link. If all classrooms are done in the zone the tenant rents are.

Year	New renovated space	Rents/sqft	Total (\$)
1	3,700	12.77	47,249
2	3,700	8.49	31,413
3	3,700	8.75	32,375
4	3,700	9.01	33,337
5	3,700	9.28	34,336
			Potential \$178,710

To bring the other 5 class rooms up to rentable space standard is an additional \$75,000 dollars. Making the total cost for this area \$190,000 with a payback of less than 6 years.

TOWN OF GEORGINA - CAPITAL BUDGET

2016

DEPARTMENT: OPERATIONS & ENGINEERING - PARKS & FACILITIES - PARKS

PROJECT NAME: PRK-1 Harbour Dock and Repairs

PROJECT PRIORITY: PR6 - Health & Safety Mitigation

PROJECT COMPLETION DATE: Jul-2016
mmm-yyyyPROJECT DESCRIPTION:

Double click on the box below to type the description
Use <Alt-Enter> to space between paragraphs

Repairs are needed on the existing dock.

A number of the deck boards on the dock need replacement
Finger docks all need realignment and anchoring
Rubber transition sections need replacement

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs

All work to the docks will increase the usability of the harbour and decrease health and safety liability to the Town.

Expected Life Of Asset (# of years) 25

Financial Summary:

Projected Start Date (month) July

2016

DEPARTMENT: OPERATIONS & ENGINEERING - PARKS & FACILITIES - PARKS

PROJECT NAME: PRK-2 Minor Capital- Waterfront Parks

PROJECT PRIORITY: PR3 - Service/quality Compliance

PROJECT COMPLETION DATE:

Jun-2016

mmmm-yyyy

PROJECT DESCRIPTION:

Double click on the box below to type the description.

Use <Alt-Enter> to space between paragraphs.

1. Replacement Waterfront Signage- \$5,000
2. Additional Sand for Beaches- \$3,500
3. Replacement Buoy Lines- \$3,000
4. Concrete Anchors for Barrels for Willow Beach Boat Signage- \$7,500
5. Blue Light Emergency Phone (x3) \$5,500 ea.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits

Use <Alt-Enter> to space between paragraphs.

1. Current signage at all waterfront parks is in need of replacement due to age and poor condition. New signage would enhance visibility and clearly notify users that the beach is not supervised by a trained lifeguard.
2. To fill in low lying areas and to avoid pooling of water or trip hazards.
3. De La Salle was completed in 2014. This is for the remaining Waterfront Parks.
4. The current barrels continuously wash into the shoreline because they are not anchored, this will keep boaters a safe distance from the beach area.
5. The installation of a Blue Light Emergency Phone at DLS, Willow Beach and Holmes Point that will connect to EMS (911) immediately once picked up through GSM satellite technology.

TOWN OF GEORGINA - CAPITAL BUDGET

2016

DEPARTMENT: OPERATIONS & ENGINEERING - PARKS & FACILITIES - PARKS

PROJECT NAME: PRK-3 Solar LED Park Lighting

PROJECT PRIORITY: PR6 - Health & Safety Mitigation

PROJECT COMPLETION DATE: Oct-2016
mm-yy

PROJECT DESCRIPTION:

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

To install park lighting in 4 Town parks where there is currently no lights and no power source. These lights will be solar in nature, removing the requirement for an expensive power feed.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

As per our 2015 CPTED inspections performed by York Regional Police Community Liaison Officer, the Town will install trail lighting in 4 parks.

- 1) Bayview Park
- 2) Sutton Skate Park (LINK)
- 3) Whipper Watson Park
- 4) Vista Park

This lighting will help to create a safer feeling environment at night, and will not add to the operating cost as these lights are off the grid; these are an environmentally friendly solution.

TOWN OF GEORGINA - CAPITAL BUDGET

2016

DEPARTMENT: OPERATIONS & ENGINEERING - PARKS & FACILITIES - PARKS

PROJECT NAME: PRK-4 Lakeside Park Renovation

PROJECT PRIORITY: PR6 - Health & Safety Mitigation

PROJECT COMPLETION DATE: May-2016
mmmm-yyyy**PROJECT DESCRIPTION:**

Double click on the box below to type the description
Use <Alt-Enter> to space between paragraphs.

The ball diamond at Lakeside PS has aged poorly. This rehabilitation will replace the poor condition fencing and remove the retaining wall and replace with armor stone and final grading.

Recreation Department, Landscape Architect has designed and costed this project.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

By rehabilitating this diamond, the GMBA and general public will be able to safely use this field moving into the future. This diamond is well used by the GMBA as it is equipped with a power outlet for the use of a pitching machine. If we do not fix this back stop, we will have to suspend play on this field.

TOWN OF GEORGINA - CAPITAL BUDGET

2016

DEPARTMENT: OPERATIONS & ENGINEERING - PARKS & FACILITIES - PARKS

PROJECT NAME: PRK-5 Playground Replacement for Vista ParkPROJECT PRIORITY: PR6 - Health & Safety MitigationPROJECT COMPLETION DATE: Jun-2016
mm-yy**PROJECT DESCRIPTION:**

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

Playground redesign and replacement of Vista Park will include subsurface drainage, engineered wood fibre surface and new playground equipment.

PROJECT BENEFITS- in 2012 detailed playground audits were completed for all playgrounds within the Town of Georgina. Vista Park was identified as being one of the most critical with noncompliance to current CSA standards. Because of its location, playground use in the summer months is quite high, thus the number of non-compliant issues warrant replacement as soon as possible to ensure a safe environment for playground users.

In addition the replacement of this playground will address current accessibility standards and meet the CSA Annex H design guidelines for accessibility.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

Benefits to this project are compliancy with current CSA standards, improved user safety, accessibility standards compliance, and increased user satisfaction with updated equipment.

DEPARTMENT: OPERATIONS & ENGINEERING - PARKS & FACILITIES - PARKS

PROJECT NAME: PRK-6 Tree Inventory

PROJECT PRIORITY: PR3 - Service/quality Compliance

PROJECT COMPLETION DATE:

Sep-2016

mm-yy

PROJECT DESCRIPTION:

Double click on the box below to type the description.

Use <Alt-Enter> to space between paragraphs.

To inventory all Ash trees located within the boundaries in the Town of Georgina including all urban areas and parks and all rural roads.

Currently we would need to re-inventory and access existing Ash trees

A) 2,310 trees x \$2.98 /tree = \$6,884

B) Inventory and tag rural routes

145 km of rural roads x 10 trees per km -estimate= 1,450 rural Ash trees x \$6.00/ tree = \$8,700

Tag 1450 rural ash trees x \$2.00 /tree = \$4,620

Existing Inventory	\$6,884
Rural Inventory	\$8,700
Tag Rural Trees	\$4,620
Total	\$20,204

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits

Use <Alt-Enter> to space between paragraphs.

Under normal circumstances we would ask that a inventory of all tree's take place once every five years. But given the extreme effects EAB has had on our tree canopy it is crucial to continue this program yearly to monitor the effect's it has had on our Ash trees. The condition of the tree will differ drastically in a short period of time increasing the likely hood of it becoming a high hazard tree.

By continuing this program it will give us a better grasp of how to manage this and plan financially for the future.

TOWN OF GEORGINA - CAPITAL BUDGET

2016

DEPARTMENT: OPERATIONS & ENGINEERING - PARKS & FACILITIES - PARKS

PROJECT NAME: PRK-7 EAB Removal and Stumping

PROJECT PRIORITY: PR6 - Health & Safety Mitigation

PROJECT COMPLETION DATE: Nov-2016
mmmm-yyyyPROJECT DESCRIPTION:Double click on the box below to type the description
Use <Alt-Enter> to space between paragraphs.

Continuation of removal and disposal of Ash trees due to Emerald Ash Borer in Georgina.

In 2015 the following was done: \$175,000

We are requesting \$180,000 for 2016 to continue this part of the program.

BENEFITS OF THE PROJECT:Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

PROJECT BENEFITS: As report to Council in Report # OED-2012-0068 EAB Management Plan, Capital funds are being requested to begin mitigating the effects of EAB. This offensive strategy is being suggested to ensure all ash trees within urbanized streets and Town owned property are removed promptly to remove the risks associated with hazard trees.

A update to our tree inventory is currently being completed of Town owned property including parks, boulevards and some rural roadway's within the boundaries of Georgina. If the current request of \$180,000 dollars is approved for 2016 we can continue the removal of the current total of 253 high hazard Ash Trees.

Budget Amount Requested: \$180,000
Estimated Tree Removal Cost: \$700 per tree
Budget Amount Requested: \$180,000
Total number of trees to be removed 253 @ \$700 per tree - \$177,100

Please note that we have negotiated a much better removal price of the Ash trees, this has reduced our cost to deal with this epidemic.

DEPARTMENT: OPERATIONS & ENGINEERING - PARKS & FACILITIES - PARKS

PROJECT NAME: PRK-9 Continuation of In Ground Garbage Containers

PROJECT PRIORITY: PR3 - Service/quality Compliance

PROJECT COMPLETION DATE: Oct-2016

mmmm-yyyy

PROJECT DESCRIPTION:

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

Strategically replace the highest use existing 45 gal. drum waste receptacles with deep 8 foot in-ground waste receptacles.

Waste receptacles are \$ 1,250 each plus \$600 installation.

Currently, there are over 40 in-ground waste/recycling receptacles in use throughout the Town. It is being proposed that 10 more units be purchased for 2015.

The Parks Division has had success with the implementation of the inground waste and recycling containers. Several of the high use areas were well used and only required emptying 3 times in an entire season. The inground can deployment has resulted in a direct time savings allowing staff to be re-deployed to complete other tasks. It has also resulted the garbage collection budget line item being \$2,400 under budget.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

In-Ground deep receptacles will hold more than 7 times the capacity of older steel 45 gal. drums. The continuation of the purchase and supply of such infrastructure will stretch out the frequency of servicing each garbage container and will allow staff to visit each park less frequent to monitor in remote areas during peak periods of use.

Approximate cost savings:

CURRENT SYSTEM

10 Cans x 5min x 2 Employees = 100 Min. 1.75 Hours daily

Garbage Season = June, July and August or 92 Days

Time Spent Collecting = 69 Hrs. or 10 Days

NEW IN-GROUND CONTAINERS

June, July, August = 12 Weeks

Time Spent Collecting = 6 x 100 Min. = 600 Min. or 10 Hours or 1.25 Days

Approximate Savings of 59 Hours/per season

59 Hrs. x \$34.50/Hr. = \$2,035/Season

Pay Back - 7.6 yrs.

PROJECT NAME: PRK-10 Woodbine Island, Bollard and Boulevard Repair

PROJECT PRIORITY: PR3 - Service/quality Compliance

PROJECT COMPLETION DATE: Aug-2016
mm-yyPROJECT DESCRIPTION:

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

Currently many bollards are damaged due to traffic accidents and need to be repaired/replaced.

Planting Material and Soil needs to be modified and replaced in some of the planters.

Replacement Bollards - \$1,500ea x 7 = \$10,500

Material and Soil Removal - \$1,000ea x 5 planters = \$5,000

New Median - \$2,000

New Material and tree base material - \$4,000

Additional Expenses - \$500

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

As Woodbine is the main route of travel into and out of Keswick, this area needs to be kept to the highest standard. By replacing some of the planting material and the growing medium to a more suitable material, the end product will be much more visibly pleasing and the ongoing maintenance will be greatly reduced. Some of the hard-scaped features have been damaged and need replacement in order to meet the aesthetic standards that are desired for this area.

Use <Alt-Enter> to space between paragraphs.

1. Tables and Chairs replacement- \$3,500.00
2. Purchase of new linens, napkins, chair covers, etc. \$2,500.00
3. Alarm system repair \$6,500.00

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

1. Replacement of some damaged tables and chairs is necessary for operation.
2. Increase in the use of the ROC for weddings has made it necessary to replace various associated linens etc.
3. Alarm system needs continues to malfunction on a regular basis. We have kept this installer accountable, and they have repaired under warrenty, and it works for a period of time. The warrenty has expired, we have investigated internally and have determined that we need to pull new wires from the snow making facility to the Chalet.

PROJECT DESCRIPTION:

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

Add blinds to the large windows in the Chalet. The Chalet has large windows located to the South, East and West. Problems with heat and visibility are a regular concern.

The large windows located in the Chalet allow a disruptive amount of heat and light into the Facility. It can be difficult to see the TV screens thus making presentations difficult. We also have heat issues in the summer from the heat loading of the sun light; the ability to eliminate this would benefit all customers using the Facility.

\$35,000

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

PROJECT BENEFITS: Electric blinds will eliminate issues with video presentations during day light hours and they will drastically reduce heat load in the chalet during the summer months.

Operations & Engineering – 2016 Budget

WHAT WE DO

The Operations and Engineering Department is responsible for road construction and maintenance, snow removal on the roads and sidewalks, tree removal and tree planting, traffic control, sidewalk construction and maintenance, streetlights, sanitary sewer collection system, water distribution system and the maintenance of all parks and facilities including the Sutton Arena, the Georgina Ice Palace and The ROC.

This department is also responsible for the Mosquito Control Program, as well as, dealing with all matters relating to engineering, subdivision and site plan development, plan review and agreement preparation, site alteration, local sidewalks, waste management and waste recycling programs, including the blue box and green bin programs and user pay garbage collection program.

2016 BUDGET – TAX LEVY SUPPORTED

Operating Net Tax Levy: \$13,778,550 which is an increase of \$569,310 or 4.3% from 2015.

Capital Gross Costs: \$3,964,970 which is a decrease of \$3,651,920 or 47.9% from 2015.

Capital Net Tax Levy: \$1,341,390.

DEPARTMENT: OPERATIONS & ENGINEERING - WATER

PROJECT NAME: WAT-1

Dalton Road Water Main Replacement and some Sanitary Main Replacement

PROJECT PRIORITY: PR4 - Asset/Fleet Replacement

PROJECT COMPLETION DATE: Dec-2016
mmmm-yyyy**PROJECT DESCRIPTION:**

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

Dalton roads water main and some sanitary main replacement. Dalton road and streetscape will be replaced and enhanced. Staff presentation was made to council in June/15 with approval in concept to move forward with the region to partner in replacement with underground services and road replacement.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

In May 2015, a section of watermain and sewer main on Dalton road experienced multiple breaks for the last few years. The cause of the multiple breaks has been determined to be the age of the water main as presented to council in the June presentation. York region is also replacing its watermain in this section of Dalton road. There will be significant cost savings if the town coordinates with the water main replacement with the region. Staff has applied for OCIF, but the results of the application have not been released by the province. The region consultants estimate about 50% savings for the town of Georgina.

Expected Life Of Asset (# of years) 50-75

2016

DEPARTMENT: OPERATIONS & ENGINEERING - WATER

PROJECT NAME: WAT-2 Connecting the Water Main on Woodbine Avenue

PROJECT PRIORITY: PR6 - Health & Safety Mitigation

PROJECT COMPLETION DATE: Dec-2016
mmmm-yyyy**PROJECT DESCRIPTION:**

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

Connecting the 2 dead ends of water main on either side of the Maskinonge river bridge. This is a result of a water main break in 2013. The repair at the time required work in the river bed, which would been very costly, staff wanted to evaluate the effects of not reconnecting at this time. 3 years later due to flushing requirements we are recommending that the repair be done along the bridge for easier installation and future maintenance.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

Replace approximately 120 meters of water main under Maskinonge river, with 2 new valve chambers, 1 on each side of the bridge. The connecting water main will run along the bridge instead of under the river. Currently, the watermain has 2 caps installed, creating a dead end and water quality issues. The chlorine residuals are maintained by frequent flushing.

DEPARTMENT: OPERATIONS & ENGINEERING - WATER

PROJECT NAME: WAT-4 Development and Process Implementation

PROJECT PRIORITY: PR5 - Business Interrupt./Consequential

PROJECT COMPLETION DATE: Jul-2016
mm-yy**PROJECT DESCRIPTION:**

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

Program Development to be split between 3 divisions of Operations and Engineering - Road Operations, Water Works and Parks & Facilities.

The consultant will assist the division with the development of processes and continued development of work orders, scheduling, and job costing, inventories all required to effectively manage the Operations' business. An example of what the consultant will do for us is the 4 Roads presentation. The consultant will evaluate our current processes, and assist us in developing the data base for effective usage of data. The consultant will implement and train the following areas: Preventative maintenance plan and scheduling, Job costing, historical analysis on assets, inventory management, fleet management, resource management in terms of labor time etc. Managers will be trained to develop reports for managing the operation. The development of the program will ensure the newly developed processes tie into the customer service operation.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

This tool is required in the development of our integrated approach to service delivery throughout Georgina. Due to current workloads, and some skill gaps we are not progressing with this implementation. The department is in need of professional consultation to direct our team in reaching our goal of 100% usage of the system while realizing and gaining from the related results of the information being generated.

The completed process will allow the divisional managers to run reports, and analyze the resources needed for each job function for cost effective management. The Continued Wortex implementation and development will remove the paper driven methods currently used. Our primary stakeholders demand performance management, accountability, and the management team needs the tools and training to use these tools effectively. This continued development of the Wortex tool is also required for the Customer Service implementation as the process development generates the metrics for the Customer service. Example of this would be number of service requests completed, time in the queue, who responded, what was done, feedback communication etc.

PROJECT DESCRIPTION:

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

Staff have tendered this project twice. In 2014 the bids received were substantially over budget. The project was underfunded. In 2015 we only received a single bid and it was determined that a competitive market did not occur.

In 2016, staff are proposing to align the project with the large work on Dalton Road. The tender will not be a joint tender with York Region but the project will be communicated and promoted to the approved contractors for this work.

The consultant working on the Dalton Road project is also the consultant for this project.

The construction of the gravity sewer has always been part of the long term sanitary drainage plan and allows us to remove a pumping station at Glenwoods. This will reduce operation and maintenance costs.

Resurfacing works as identified by the Town's Asset Management Plan will also be completed as part of this project.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

Pumping station operation and maintenance costs.

Sewer flushing savings due to increase in flows and scouring of the oversized sanitary system

DEPARTMENT: OPERATIONS & ENGINEERING - SEWER

PROJECT NAME: SEW-3 Car/Pick-Up truck for Operations Technologist

PROJECT PRIORITY: PR3 - Service/quality Compliance

PROJECT COMPLETION DATE: Jun-2016
mm-yy**PROJECT DESCRIPTION:**

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

Procure a vehicle for the proposed new Operations Technologist position.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

The vehicle will be used by the Tech for site visits and field assessment and verifications for GIS updates, Operating contracts administration and inspections. The vehicle will also be utilised by other O and E Management staff for site visits.

Fire – 2016 Budget

WHAT WE DO

Our department runs as a composite department with 3 fire stations that provide 24-hour, 7 days a week protection to our residents. We provide our community with a range of services aimed to help keep you safe.

There are 36 fire fighters, a Training Officer, a Fire Prevention Officer, 2 Public Educator/Fire Prevention Inspectors, an Administrative Assistant and up to 60 volunteer firefighters working for our Department.

2016 BUDGET

Operating Net Tax Levy: \$7,135,120 which is an increase of \$511,840 or 7.7% from 2015.

Capital Gross Costs: \$763,000 which is a decrease of \$35,000 or 4.4% from 2015.

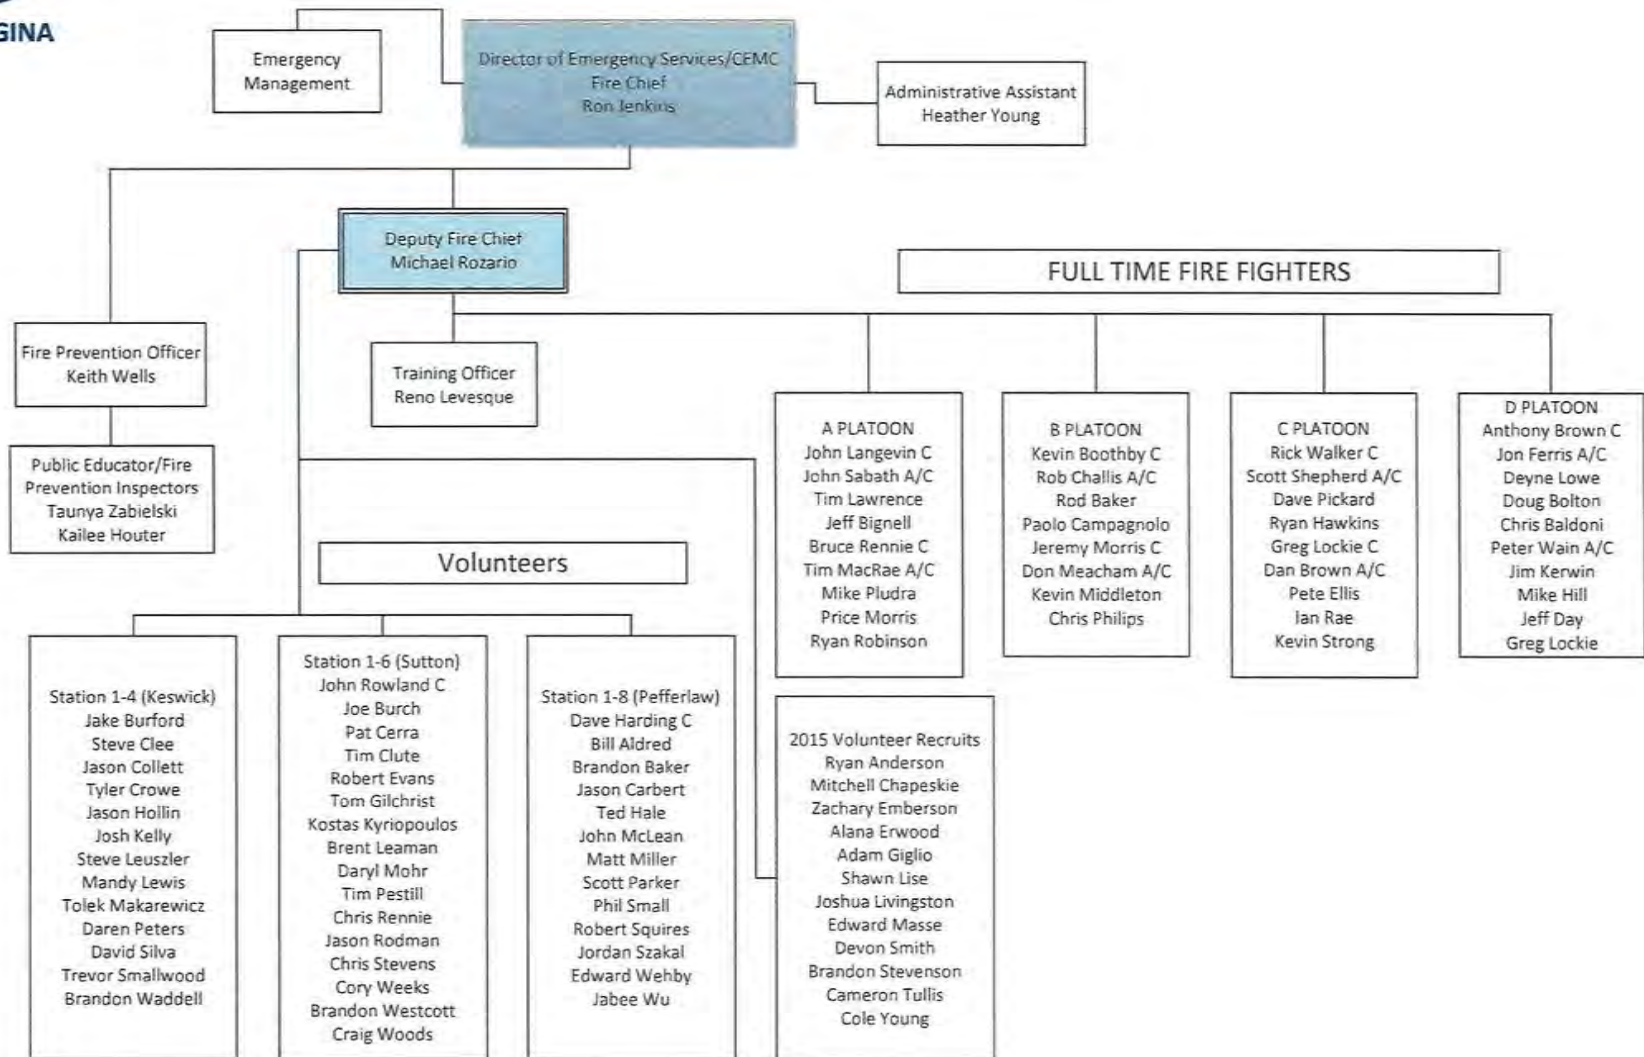

Capital Net Tax Levy: \$68,000.

TOWN OF GEORGINA - CAPITAL BUDGET

2016

DEPARTMENT: FIRE AND EMERGENCY SERVICES

PROJECT NAME: FIR-1 Replacement of Pumper 141

PROJECT PRIORITY: PR4 - Asset/Fleet Replacement

PROJECT COMPLETION DATE: Jan-2017
mmm-yyyy**PROJECT DESCRIPTION:**

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

Replacement of Pumper 141 as a frontline apparatus.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

Replacement as a frontline Pumper with 15 years of service will allow the department to retire Squirt 143 which is in it's 24th year of service. Pumper 141 will still remain in service, to be used as a spare apparatus.

The maximum lifespan these vehicles should have is 20 years. When a pumper apparatus such as 141 reaches its 20th year of service, Fire Underwriters Survey (FUS) no longer can provide a rating on these vehicles. This becomes reflective in the fire protection grades that insurance premiums are based on.

In addition, the National Fire Protection Association Standard (NFPA) 1901 Standard for Automotive Fire Apparatus recommends that after 15 years for apparatus that has been properly maintained and that are still in serviceable condition be placed in reserve status and upgraded in accordance with NFPA 1912 Standard for Fire Apparatus Refurbishing.

A good capital replacement strategy ensures emergency vehicles are ready, in service and available to respond to emergencies when needed. This replacement will add a modernized apparatus to safely transport firefighters and equipment to and from emergencies. It will also assist the Town in maintaining it's current FUS ratings.

Pumper 141 will be re-assigned as a spare apparatus that will still be utilized in emergencies.

Bunker Gear/PPE

PROJECT PRIORITY: PR1 - Health & Safety Compliance

PROJECT COMPLETION DATE:

Oct-2016

mmmm-yyyyy

PROJECT DESCRIPTION:

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

On-going annual cycle replacement of bunker gear and other Personal Protective Equipment (PPE) items to ensure firefighters have bunker gear and PPE that meet Occupational Health and Safety Requirements.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

The safety of firefighters can never be overlooked, therefore the regular purchasing of bunker gear/PPE items ensure staff have access to safe and reliable protective clothing.

In order to refrain from large spikes in the capital budget every five years or so to meet our requirements, a harmonized purchase level of bunker gear/PPE is used to ensure a stable and consistent budget line. This also allows the Town to introduce improved bunker gear/PPE as standards and quality is improved gradually.

By purchasing a defined amount of bunker gear/PPE annually the cost is fixed over several years avoiding large capital purchases at the end of the gear's life cycle.

NFPA 1851 "Standard on Selection, Care, and Maintenance of Protective Ensembles for Structural Fire Fighting and Proximity Fire Fighting" dictates that bunker gear must be removed from service after 10 years from the manufacture date.

We aim to be able to provide every firefighter (fulltime/volunteer) with access to a second set of bunker gear (between 5-10 yrs of age) to keep our service levels while the primary set of bunker gear (0-5 yrs of age) that has become contaminated/soiled/out for repair is addressed.

TOWN OF GEORGINA - CAPITAL BUDGET

2016

DEPARTMENT: FIRE AND EMERGENCY SERVICES

PROJECT NAME: FIR-3 Fire Hose Replacement

PROJECT PRIORITY: PR4 - Asset/Fleet Replacement

PROJECT COMPLETION DATE: Jul-2016
mmm-yyyy**PROJECT DESCRIPTION:**

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

Replacement of fire hose that has become aged and is capable of failure in an emergency.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

With our inventory of fire hose depleting over time, we require annual consistent purchases to prevent spikes in our capital budget strictly addressing fire hose.

Every year fire hose is required to be tested and inspected. With these inspections, new standards are recommending firehose exceeding 10 years of service be removed from day to day firefighting operations. The majority of hose that is 65mm and 100mm in diameter is well over 10 years of age and some hoses under 10 years are also showing signs of failure.

The hose we would like to purchase will have extended warranty properties to ensure good value to the taxpayer and have properties that ensure safety, longevity in hose and great operational value for our firefighters.

Last year as a firefighter safety enhancement we changed over 95% of the 38mm fire attack hose to 45mm fire attack hose which promotes more water to be able to be applied to today's hotter and faster burning fires. We have about 5% left to complete the changeover.

We have identified that we now need to begin to turnover our 65mm and 100mm hoses. Most of the hoses far exceed the 10 year lifespan putting firefighters and operations at risk should a burst hose line or supply line occur.

PROJECT NAME: FIR-4 Specialized Rescue Equipment

PROJECT PRIORITY: PR2 - Regulatory/Standards Compliant

PROJECT COMPLETION DATE: Jul-2016

mm-yy

PROJECT DESCRIPTION:

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

In order to stay proficient and current in some of our disciplines, equipment purchases and replacement are required.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

In order to provide service to the public as well as to our own municipal employees we require the purchase of specialized equipment to maintain programs and to stay current with industry best practices.

Specialized equipment that is required includes high hazard Confined Space Rescue equipment which will also support the Town's Operations employees and Hazardous Materials Equipment to remain current and be able to respond to dangerous goods events including rail and road incidents.

Also included in this list are tools and resources that will help improve firefighter safety such as accountability boards, ropes, nozzles and appliances relating to fire suppression.

TOWN OF GEORGINA - CAPITAL BUDGET

2016

DEPARTMENT: FIRE AND EMERGENCY SERVICES

PROJECT NAME: FIR-5 Replacement SCBA Cylinders

PROJECT PRIORITY: PR2 - Regulatory/Standards Compliance

PROJECT COMPLETION DATE: Jul-2016

mmm-yyyy

PROJECT DESCRIPTION:

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

Purchase of new SCBA cylinders to continue a gradual replacement program which began last year and to avoid a complete changeover of all SCBA items in one year.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

In 2007, Georgina Fire purchased new SCBA units, cylinders, face pieces, and other related items. The lifespan of certain components of the SCBA differ, and it can be advantageous as often as possible to harmonize capital budget purposes by spreading out SCBA related purchasing where possible. This also allows for continued operations and functionality with no lost or downtime. The fire department has an allotted amount of SCBA cylinders and all will be due for replacement in 2022.

The maximum lifespan for our cylinders is 15 years, which dictates a complete replacement of all cylinders in that year. A number of detrimental things would occur including a spike in the Capital Budget that is unavoidable currently, and we are essentially not able to operate with all of our cylinders out of service.

We endeavour to continue a process we began last year which continues a "phase in" process, whereby each year we will budget for the replacement of some cylinders which allows us to always ensure we are injecting new cylinders into our inventory. This type of replacement strategy is common among well established departments and will ensure we are always operational.

The 15 year lifecycle is driven by manufacturer recommendations, National Fire Protection Association Standards (NFPA) 1852 Standard on Selection, Care and Maintenance of Open-Circuit Self-Contained Breathing Apparatus (SCBA), Canadian Standards Association (CSA), and industry best practice.

TOWN OF GEORGINA - CAPITAL BUDGET

2016

DEPARTMENT: FIRE AND EMERGENCY SERVICES

PROJECT NAME: FIR-6 Auto Extrication Equipment Replacement

PROJECT PRIORITY: PR3 - Service/quality Compliance

PROJECT COMPLETION DATE:

Sep-2016

mm-yy

PROJECT DESCRIPTION:

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

To purchase current standardized equipment to help support suppression crews perform auto extrication.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

Over time improvements have been made in Auto Extrication techniques to address the new safety features in vehicles. Some things have not changed, but aging equipment and lack of support equipment require us to purchase additional equipment to safely extricate people and maintain firefighter safety.

New stabilization struts to outfit other apparatus/stations, cribbing and the proper securing and storage of expensive hydraulic tools are required. By purchasing stabilization equipment we offer the victim protection as well as our own suppression staff by preventing sudden movement of a vehicle.

Improving our cribbing and stabilization equipment allows us to increase the level of customer safety. Our current hydraulic tools sit in an apparatus compartment that is prone to the vibration of the truck and the bumps in the roads. These expensive tools need to be in service and ready at all times.

Securing these tools should help to ensure a full lifespan is realized.

TOWN OF GEORGINA - CAPITAL BUDGET

2016

DEPARTMENT: FIRE AND EMERGENCY SERVICES

PROJECT NAME: FIR-7 Portable Radios

PROJECT PRIORITY: PR1 - Health & Safety Compliance

PROJECT COMPLETION DATE:

Oct-2016

mmn-yyyy

PROJECT DESCRIPTION:

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

This purchase will help move us into a position so that every firefighter that responds via emergency vehicle will have access to a portable radio for safety purposes.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

The opportunity of firefighters to have a method of two way communication is strongly recommended by the Ontario Ministry of Labour under Ontario Fire Service Section 21 Guidance notes.

We have identified the need to purchase approximately 8-10 portable radios to become compliant with the suggested best practice. This will also help to improve our Working Alone measures for fire prevention inspectors should they be exposed to a dangerous situation.

The cost of each portable radio is close to \$6,800. We propose to purchase four portable radios and strategically locate them so we are closing this gap as much as possible and as quickly as possible.

We intend to submit for additional purchases of portable radio's in the future.

Expected Life Of Asset (# of years) 10

Financial Summary:

Projected Start Date (month) January

Administrative Services – 2016 Budget

WHAT WE DO

The Department of Administrative Services is the main corporate services department in the Municipality. It provides customer service to internal departments as well as the public and ratepayers. This department works with the Office of the Chief Administrative Officer and the Clerk's Division to ensure the decisions and directions of Council are followed.

The Director of Administrative Services/Treasurer is the department head. The divisions in the Administrative Services Department are managed by the Town Clerk, Chief Municipal Law Enforcement Officer, Animal Control Supervisor, Manager of Finance/Deputy Treasurer, Manager of Information Technology Services, Manager of Purchasing (Purchasing Agent) and the Manager of Taxation & Revenue/Tax Collector.

2016 BUDGET

Operating Net Tax Levy: \$4,569,150 which is an increase of \$197,000 or 4.5% from 2015.

Capital Gross Costs: \$340,300 which is an increase of \$91,600 or 36.8% from 2015.

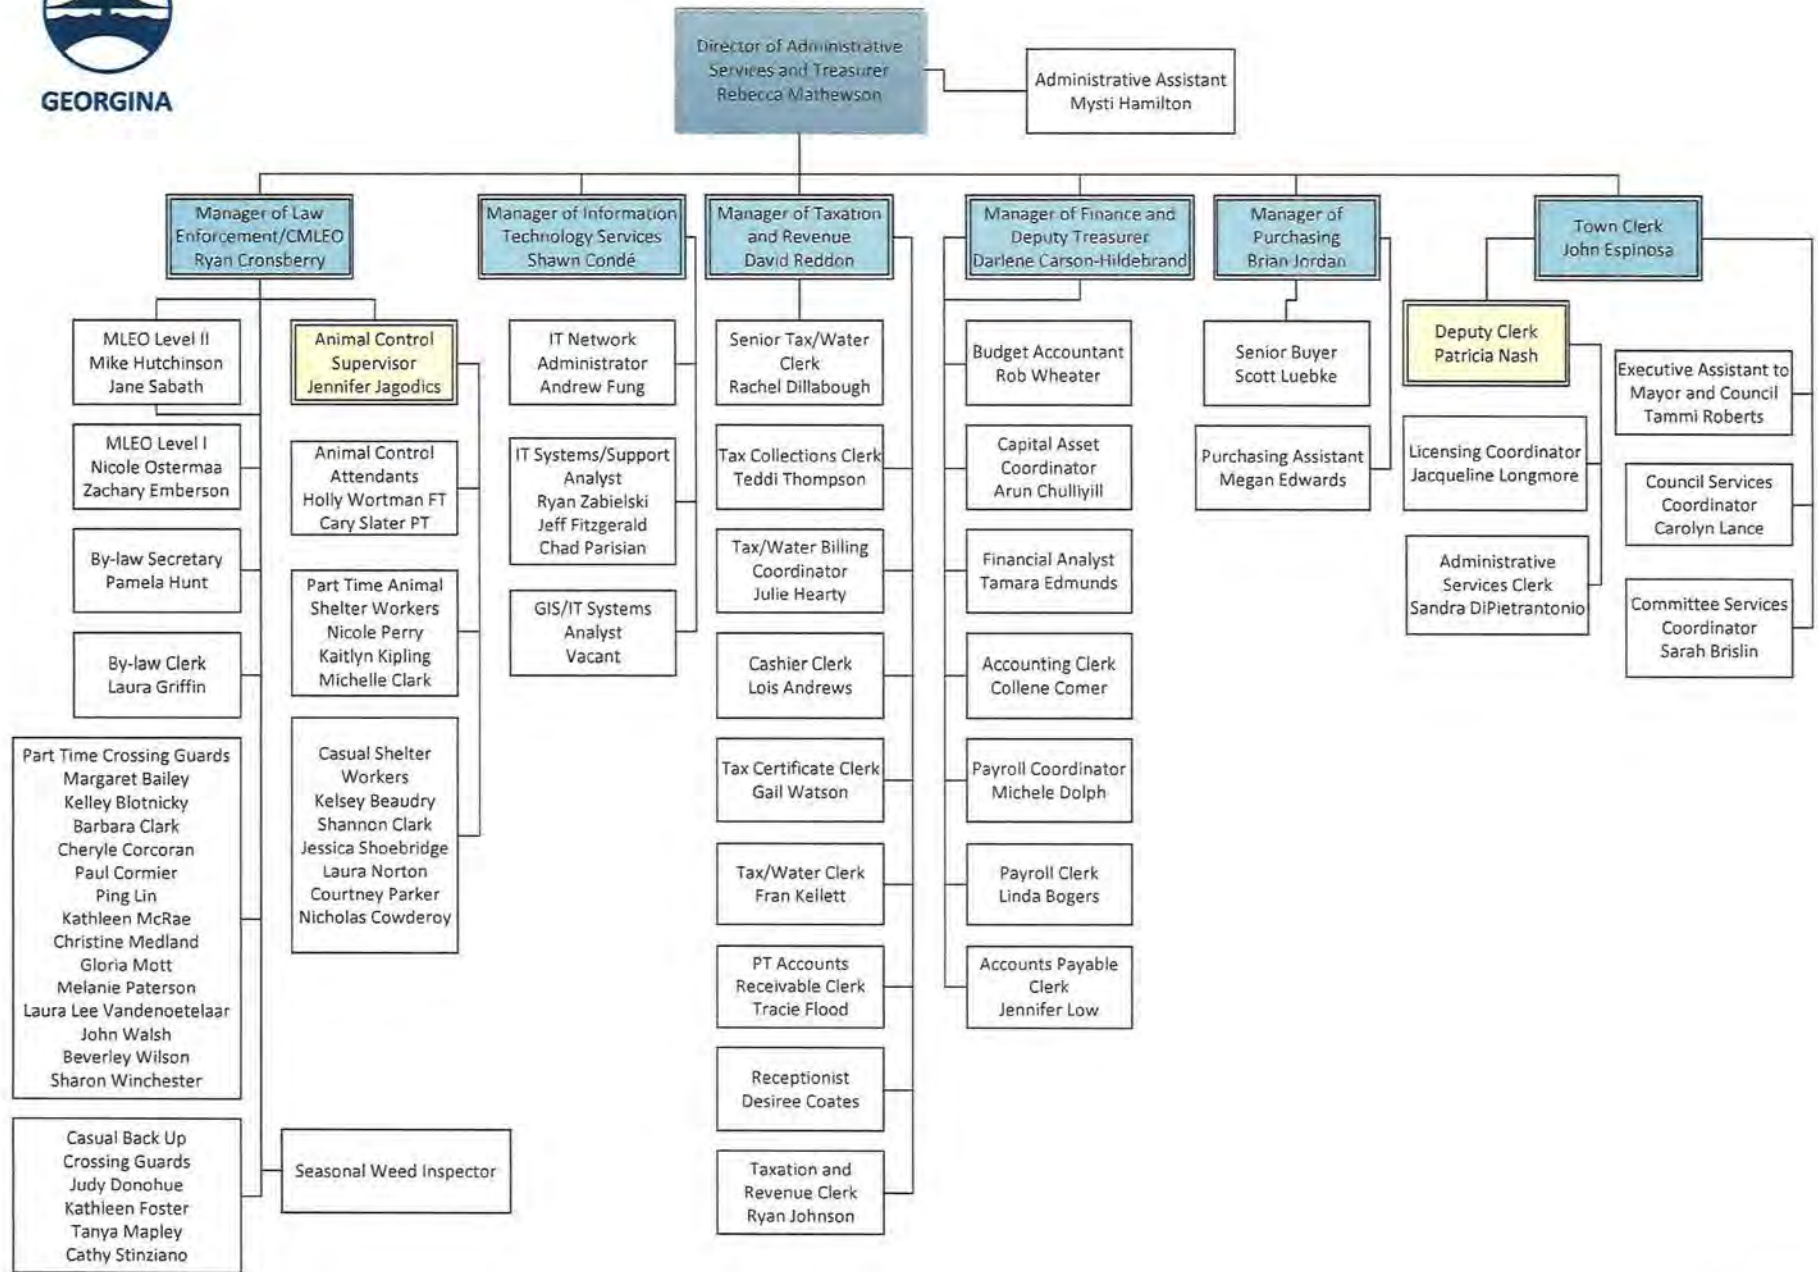

Capital Net Tax Levy: \$153,300.

TOWN OF GEORGINA - CAPITAL BUDGET

2016

DEPARTMENT: ADMINISTRATIVE SERVICES - INFORMATION TECHNOLOGY SERVICES

PROJECT NAME: ITS-1 Corporate Server and Network Infrastructure Cycling

PROJECT PRIORITY: PR4 - Asset/Fleet Replacement

PROJECT COMPLETION DATE: Dec-2016

mmm-yyyy

PROJECT DESCRIPTION:

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

Annual cycling and replacement of various application servers, switching equipment, firewalls, thin-client, remote access devices, server infrastructure and other network infrastructure equipment based on a 5-year to 7-year cycling plan.

Planned replacement of specific network infrastructure/equipment for the 2016 budget year includes:

- Unified threat management (UTM) security appliance, replacing one web filtering appliance and two adaptive security appliance firewalls, estimated \$20,000;
- Virtual machine (VM) server, replacing two servers, estimated \$10,000;
- network attached storage (NAS) server, estimated \$22,000;

The cycling and replacement of the assets of the former South Shore Community Broadband/Georgina Connects consortium are not included in this project. Refer to ITS New Initiative for Wireless Broadband Infrastructure Cycling for more information.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

Maintaining a reasonable equipment lifecycle for server equipment and associated infrastructure will help to ensure optimized performance, reliability and security.

Additional opportunities for equipment reallocation, virtualization and services consolidation to find efficiencies or meet specific regulatory and industry sanctioned requirements will also be planned and implemented as part of the cycling process.

TOWN OF GEORGINA - CAPITAL BUDGET

2016

DEPARTMENT: ADMINISTRATIVE SERVICES - INFORMATION TECHNOLOGY SERVICES

PROJECT NAME: ITS-2 Corporate Workstation/Notebook Cycling

PROJECT PRIORITY: PR4 - Asset/Fleet Replacement

PROJECT COMPLETION DATE: Dec-2016
mm-yy**PROJECT DESCRIPTION:**

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

Annual 25% cycling of desktop workstations (including only "original equipment manufacture" operating system), computer monitors, standard notebooks, ruggedized notebooks, docking stations and other end-point terminals to ensure a 4-year equipment lifecycle.

Planned replacement of specific corporate desktop workstations and notebooks for the 2016 budget year includes:

- 52 desktop computers, estimated \$847.04/each based on 2015 RFP pricing \$44,050;
- 10 notebook computers, combination of standard and ruggedized notebook devices, estimated \$18,800 based on 2015 RFP pricing;
- four wireless access points for the Civic Centre, estimated pricing \$4,400;
- Other peripheral equipment such as printers, monitors, speakers, keyboards, mice, estimated pricing \$9,800 based on historic replacement costs.

\$12,700 will be recovered through charge-back to the Georgina Public Libraries for 15 desktop computer workstations.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

Maintaining a 25% equipment lifecycle policy ensures that end-user equipment is cycled within a 4-year period, which helps to ensure optimized performance, reliability and security of data. This is a typical industry standard lifecycle-metric for end-user equipment.

The Town of Georgina reallocates computer equipment where possible to maximize benefit to the organization and all stakeholders, including residents and ratepayers. The municipality participates in a refurbishing program in a limited capacity to ensure that "usable" computer equipment that meet/exceed organizational lifecycle timelines are donated to schools, families in need and other non-profit community groups through a local charity.

Computer equipment that is deemed to be obsolete or no longer useful is decommissioned through the Waste Electrical and Electronic Equipment (WEEE) program administered by Ontario Electronic Stewardship, which is an agency of the Government of Ontario. This agency is responsible for ensuring that equipment is recycled through various environmentally friendly methods depending on the material(s) being reclaimed to ensure a zero-landfill policy. Equipment is collected, sorted and shredded before pieces are melted down to recover their component materials for manufacturing re-use. Hard drive storage devices are removed from equipment before it is donated or recycled and data is disposed of in a secure method after a set holding period.

TOWN OF GEORGINA - CAPITAL BUDGET

2016

DEPARTMENT: ADMINISTRATIVE SERVICES - INFORMATION TECHNOLOGY SERVICES

PROJECT NAME: ITS-3 Corporate Software Cycling Program

PROJECT PRIORITY: PR4 - Asset/Fleet Replacement

PROJECT COMPLETION DATE: Dec-2016
mm-yy**PROJECT DESCRIPTION:**

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

Annual 25% cycling of workstation software for desktop computers, standard notebooks, ruggedized notebooks, tablets, docking stations and end-point terminals to ensure a 4-year software lifecycle.

All corporate standard software packages that reside on end-user workstations such as MS Office (MS Word, MS Excel, MS Power Point, MS Outlook, MS OneNote, MS Publisher, etc.), Adobe, AntiVirus, AntiMalware, etc. are included in this category.

Geographical Information Systems software and other specialized applications used throughout the organization are not included in this category.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

Maintaining a 25% software lifecycle policy ensures that end-user software applications are updated and cycled within a 4-year period. This helps to ensure optimized performance, reliability and security of equipment and infrastructure. This is also a typical industry standard lifecycle-metric for end-user computer software and matches the hardware lifecycle schedule.

The return on investment for the majority of client-based software packages used throughout the organization is approximately 3.3 years. Standardization on software versions and continually investing in licensing updates helps to ensure that the organization maintains "built-in" upgrades with limited use of software assurance subscription programs.

2016

DEPARTMENT: ADMINISTRATIVE SERVICES - INFORMATION TECHNOLOGY SERVICES

PROJECT NAME: ITS-4 Wireless Broadband Infrastructure

PROJECT PRIORITY: PR3 - Service/quality Compliance

PROJECT COMPLETION DATE: Dec-2016

mm-yy

PROJECT DESCRIPTION:

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs

The Town of Georgina acquired the assets of the former South Shore Community Broadband consortium on August 30, 2013.

WirelessWorks Solutions Ltd. completed a review of the existing Wireless Broadband Service (WBS) infrastructure in the summer of 2015 and provided a report noting findings and recommendations based on the current state of the infrastructure, as well as evaluating several options for the future of the infrastructure.

The report also noted that the Wireless Broadband Service currently suffers from high levels of self-generated interference. The primary causes for this self-generated interference are sub-optimal radio spectrum channel planning and antenna selections for portions of the back-haul network.

The options presented by the consultant included:

1. Maintain and Manage the Network
2. Grow the Network
3. Retire the Network and Switch to a Third-party
4. Sell the Network

Recommended actions for the 2016 budget year: Maintain and Manage the Network

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

Rural residential and business customers that are in under-served areas of the community rely on this infrastructure.

Maintaining and Managing the Network will involve removing and replacing older Tropos and Trango access point equipment with new Ubiquiti equipment, as well as, enhancing the Church Street to Little Hell's Hill link that is currently at capacity and improving the Civic Centre to Belhaven link that is partially obstructed in addition to conducting routine site maintenance at all locations.

A secondary assessment to further grow the network has also been conducted to determine the feasibility of further enhancing the network in four areas including Pepperlaw, Udora, De la Salle Park, and the shoreline community area near Sibbald Point Provincial Park.

The items reviewed included conducting a nearby tower search for possible co-location options, conducting a frequency search for best band selection in the coverage, conducting a radio frequency coverage simulation using terrain and clutter (for nearby towers or new builds), ensuring line-of-sight confirmation for backhaul connectivity of sites to network, conducting a coverage prediction report, including assumptions and providing recommendations for the infrastructure needed for improved coverage.

The consultants provided budgetary estimates without obtaining formal quotations for the required work.

PROJECT DESCRIPTION:

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

The need for additional storage of records and files has been identified by several departments throughout the Corporation. It is recommended that the Clerk's Division acquire the necessary equipment towards a centralized corporate records management system that will be forthcoming in future years.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

Expanded storage facilities for records and files that will assist in growth and centralization of Town records.

TOWN OF GEORGINA - CAPITAL BUDGET

2016

DEPARTMENT: ADMINISTRATIVE SERVICES - FINANCE

PROJECT NAME: FIN-1 Postage Machine Replacement

PROJECT PRIORITY: PR4 - Asset/Fleet Replacement

PROJECT COMPLETION DATE: Jun-2016

mmmm-yyyy

PROJECT DESCRIPTION:

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

The current postage meter is 11 years old. We have been notified by Pitney Bowes that they will no longer maintain or service the equipment.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

No disruptions in postal service. The new machine will seal and stamp envelopes.

Expected Life Of Asset (# of years) 10

Financial Summary:

Projected Start Date (month) Jan

TOWN OF GEORGINA - CAPITAL BUDGET

2016

DEPARTMENT: ADMINISTRATIVE SERVICES - PURCHASING

PROJECT NAME: PUR-1 Electronic Bidding Software

PROJECT PRIORITY: PR3 - Service/quality Compliance

PROJECT COMPLETION DATE: Jul-2016

mmmm-yyyy

PROJECT DESCRIPTION:

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

Acquisition of Purchasing Software to allow the Town to distribute and accept bids in an electronic format.

The software will allow the Purchasing Division to accept and distribute tenders and proposals through a portal on the Town's new website. Potential bidders will be able to register for future projects in their area of expertise.

Documents will become more accessible to a broader vendor base and control over the bidding process will become more efficient and timely.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

Benefits of the implementation of an electronic bidding system:

- Ensure the Town will be compliant with proposed federal and provincial trade regulations.
 - Time savings resulting from elimination of hard copy document preparation.
 - Reduced courier cost due to on-line distribution.
 - Automatic notification to registered bidders.
 - The virtual elimination of any bidding irregularities due to the built in check double check approval feature.
 - Bids received by the noted closing time and date will be opened by the Purchasing Manager with simple keyboard based direction.
 - The software will check and verify the document for any mathematical errors and possible irregularities.
 - Unofficial bidding result will be quickly posted online as well as forwarding results and documentation to the requisitioning department for their evaluation, improving the timeliness of the entire process and significantly reducing a very labour intensive review process.
 - Accessibility to tendering documents will become easier and faster.
 - Increases the number of potential bidders by allowing them access to review all relevant documents online by accessing the Town's new website.
 - Improved document management - addendums will be forwarded automatically to all registered bidders via e-mail.
- All these points add up to an improvement in business processes and document management and efficiency of labour costs.
Annual Maintenance and hosting fee - \$ 5,250.

Expected Life Of Asset (# of years) 10

Recreation & Culture – 2016 Budget

WHAT WE DO

The Recreation and Culture Department strives to provide Georgina residents the opportunities to enjoy physical activity, cultural initiatives, social interaction and special events. Some of these activities include fitness, sports, arts and crafts, cooking, swimming, skating, camps, theatre, special events and much more. Programs and activities are designed for all age groups and abilities and take place at a variety of locations throughout the Town.

Georgina is very fortunate to have a number of great facility rental options for your special function, including arenas, pool, skateboard parks, splash pads, sport fields, parks, beaches, community halls, senior centres, pioneer village, theatre and The ROC.

2016 BUDGET

Operating Net Tax Levy: \$3,666,110 which is an increase of \$156,100 or 4.4% from 2015.

Capital Gross Costs: \$1,181,910 which is an increase of \$179,570 or 17.9% from 2015.

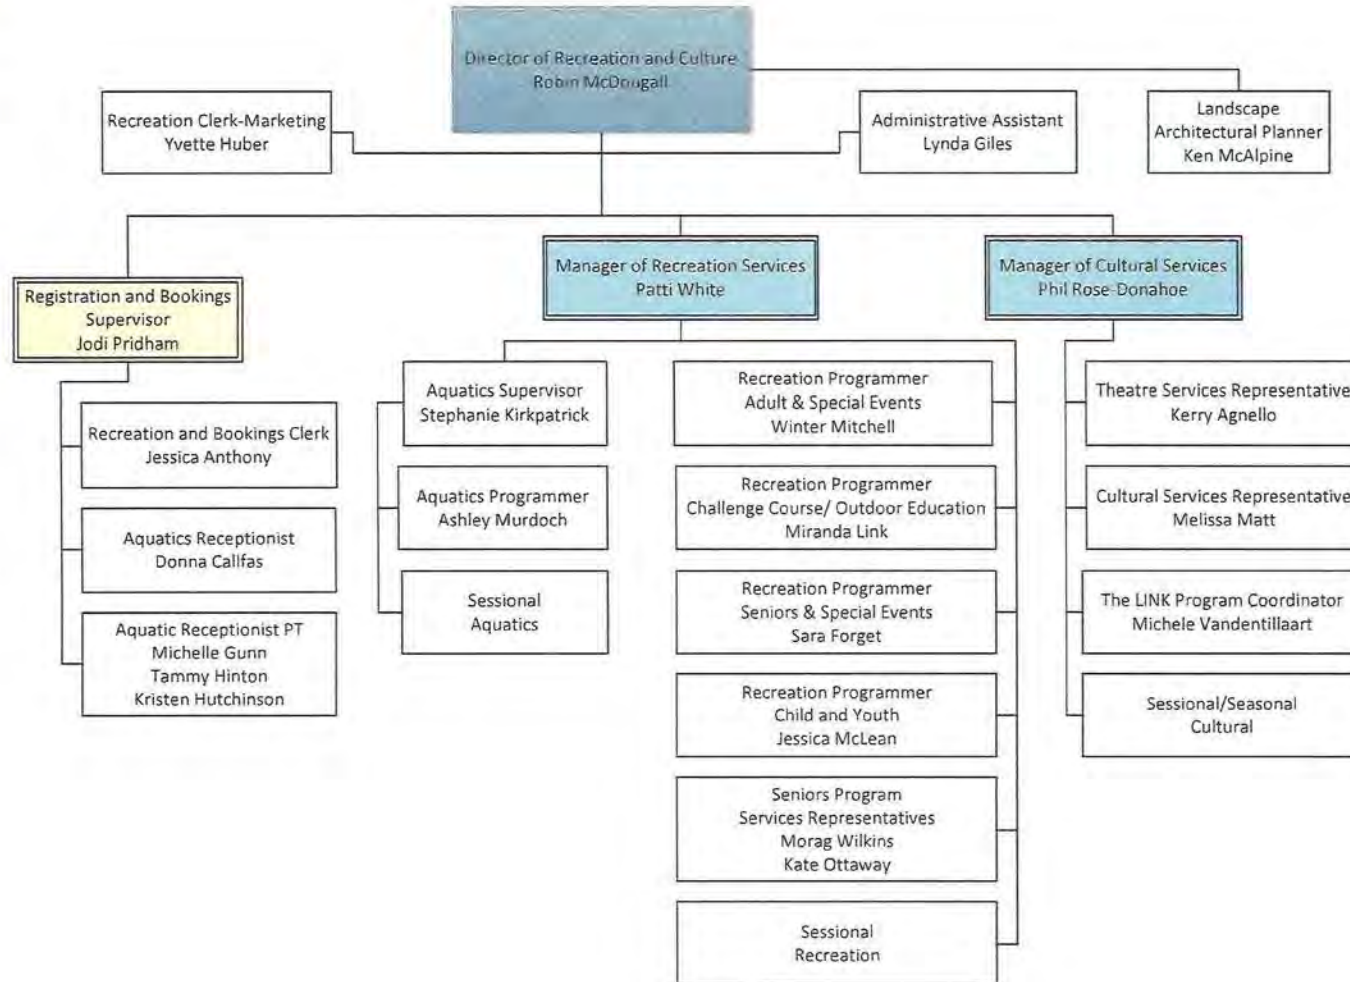

Capital Net Tax Levy: \$68,980.

TOWN OF GEORGINA - CAPITAL BUDGET

2016

DEPARTMENT: RECREATION AND CULTURE

PROJECT NAME: REC-1 De La Salle/Pay & Display Machine w Coin & Credit Card

PROJECT PRIORITY: PR3 - Service/quality Compliance

PROJECT COMPLETION DATE: Apr-2016
mmmm-yyyy

PROJECT DESCRIPTION:

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

Following the review of 2014 and 2015 seasons, it was determined that a 2nd machine at DeLaSalle would benefit customers and functionality. There was a significant increase in non-resident attendance at the beaches this past summer, resulting in a higher demand for access to the machine at DeLaSalle.

Purchase and place a second Pay & Display Machine with coin and credit card. In the 2014 and 2015 seasons, during peak periods line ups were observed.

Machine is equipped with two coin canisters. Precise noted on their quote "Precise do not recommend meters with bill acceptors due to frequent bill rejections and reliability of bill acceptors", and since have advised that they will no longer be supplying the Strada machines with Bill Acceptors that the Town currently owns.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

Provide better customer service and strategically place a machine near each entrance while reducing the volume on one machine during peak periods. The machines operate on solar power and if they are used repeatedly it drains the battery, temporarily shutting down to regenerate the battery. A second machine would spread out the demand over two machines, reducing the shutdown periods.

Should one machine require maintenance, the second machine will service the visitors avoiding parking enforcement issues. Increase accessibility to a machine at each lot at the park.

No increased collection costs as the collection company will be attending the park for machine #1.

Includes a 4 sided Pay here sign (\$1401) to match current pay here signs located at all existing machines, a cover (\$339).

\$700 for communication and bank fees are captured in operating budget.

mmmm-yyyy**PROJECT DESCRIPTION:**

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

Roof Constructed over Pefferlaw Ice Pad which currently consists of a 80x100 artificial ice surface, rink boards, resurfacing equipment and plant. Due to weather a roof over the ice surface would extend the winter season and enable more usability during the summer months (shade, rain protection).
Construction includes:
Design, delivery and installation

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

Currently the surface is supported by Town staff to re-surface a couple of times a day during the winter, otherwise it is maintained by volunteers to shovel the snow. Even with the artificial cooling system, sunlight can deteriorate the ice quickly while a large snow fall can be difficult to keep the surface clear. A roof would extend the winter season and provide shade and rain protection in the summer months, ultimately making the surface a year round enjoyable community asset.

By placing a roof over the ice pad, it increases its functionality and therefore increases the ability for the surface to be rented/utilized by various events, user groups and organizations. With more use, there would be an increase in visitors to Georgina and the community of Pefferlaw resulting in an increase to the economic impact for the local businesses.

DEPARTMENT: RECREATION AND CULTURE

PROJECT NAME: REC-3 CIP 150 Funding - DLS Park Accessibility Improvements

PROJECT PRIORITY: PR3 - Service/quality Compliance

PROJECT COMPLETION DATE:

Apr-2017

mmm-yyyy

PROJECT DESCRIPTION:

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

Improvements to connectivity of park and beach amenities
• Construct 2 accessible pathways connecting parking lots, washrooms, playground structure, beach including a water access point

Rehabilitate public washrooms

- Upgrade 2 park washrooms to meet Ontario Disability Act Standards; and
- Upgrade waterfront washrooms
 - o Includes replacement of fixtures, partitions, flooring, painting, stairs and decking
 - o Addition of beach shower and foot wash station

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

The washroom facilities were constructed many years ago and are in need of repair and upgrading to meet accessibility standards. The addition of the shower and foot wash stations would help manage the sand that is tracked into the waterfront washrooms. The proposed accessible pathways would increase the accessibility and usability of property amenities including access to the current 'accessible playground structure' and the ability to have the waters of Lake Simcoe accessible to All Abilities.

De La Salle is a prime tourist destination in Georgina, improved amenities would increase the public's interest in visiting the park and ultimately visiting the local communities and businesses upon their trip to Georgina. With an accessible waterfront, this would set Georgina apart from other waterfront locations increasing its ability to attract and accommodate all visitors with different physical abilities. Each visit increases the potential for economic impact to the municipality and local businesses.

PROJECT DESCRIPTION:

Double click on the box below to type the description.

Use <Alt-Enter> to space between paragraphs.

1. Green Room Furniture (4 arm chairs, 1 coffee table and 4 side tables) \$2,200
2. Desk for Theatre Services Representative \$1,200
3. Carpet Bowling (2 carpets @\$2,000) = \$4,000

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.

Use <Alt-Enter> to space between paragraphs.

1. The existing furniture is in disrepair, is stained, and being held together by duct tape. This furniture is used by performers at the theatre and other rental groups and gives a negative impression of the facility. New furniture will improve the quality of the green rooms use by the public and performers.
2. The Theatre Services Representative is currently using a small and unsteady drop-leaf table for a desk. A new desk will provide staff with adequate working space with locked drawers needed for secure storage.
3. Currently, the 2 carpets at Club 55 Keswick are in need of replacement (original carpets, 13yrs old). Carpet Bowling is a popular activity which runs three times a week and is offered as an annual event in the Senior Games.

2016

DEPARTMENT: RECREATION AND CULTURE

PROJECT NAME: REC-5

Minor Capital - ROC

PROJECT PRIORITY: PR3 - Service/quality Compliance

PROJECT COMPLETION DATE:

Jun-2016

mmm-yyyy

PROJECT DESCRIPTION:

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

1. Helmets - (50 @ \$50/each) - \$2,500
2. Permanent Climbing Wall Holds & Wall Wrap - \$1,000
3. Eledrid Full Body Harness - 5 harnesses @270.00=1,350
4. Pickleball courts - 4 courts = \$2,600 (posts, nets, lines, netting)

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

1. School group bookings are continually growing. It is mandatory that all participants from a school group wear a helmet. It has been identified that we are lacking inventory in the sizes which will cover the participants between the grades 7 to 10. With each helmet they are inspected at every use and are retired if deemed unsafe so a turnover of helmets is expected.
2. Currently, the staff remove and install the wall mounts for every program. Over time the holds are getting damaged and regularly fall off the wall during a participants climb. Even though the participants are secure in their harnesses, the participants voice a sense of nervousness and lack of confidence in the activity on the climbing wall when the holds fall off. A wall wrap is to secure the element from being used after operating hours and to minimize the risk.
3. To comply with the latest Ontario Work at Heights regulations, staff are required to wear a full body work harness while working at heights instead of the seat harness which are currently being used.
4. There has been a positive interest from the Pickleball community (60 new participants) to create permanent outdoor courts at the Civic Centre. One of the four Tennis Courts will be transitioned into four pickleball courts, this will result in maximizing the recreational facility while eliminating the staff time that is required to maintain the temporary pickleball courts (requiring nets to be lowered two times a week).

PROJECT DESCRIPTION:

Double click on the box below to type the description.

Use <Alt-Enter> to space between paragraphs.

Approximately 40 tables, 250 chairs and 2 carts are required for the Event Space in order to accommodate bookings, programs, events, etc.
 40 Tables @ \$250 = \$10,000
 250 Chairs @ \$50 = \$12,500
 4 Table Carts @ \$275 = \$1,100
 5 Chair Carts @ \$325 = \$1,630

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.

Use <Alt-Enter> to space between paragraphs.

Significant revenue can be generated from the event space therefore, tables, chairs and carts are needed in order for that space to be used for programs, events, etc.

Planning & Building – 2016 Budget

WHAT WE DO

The Planning Division takes the lead to implement policies for growth and development. Its activities relate to formulation of plans, policies, regulations and guidelines on land use, development, urban design and growth management. The processing of and evaluation of development applications involves collecting data, analysis, research and monitoring land use.

The Building Division works as a team to guide and direct you through the Building Permit process. They regulate and administer projects through the Ontario Building Code and Municipal By-laws.

The Economic Development and Tourism Division provide support to the local business community and undertake initiative to encourage new investment and promote entrepreneurial activities in the Town. This Division works with the local tourism operators to support the development of Georgina's tourism assets and to market Georgina to external audiences.

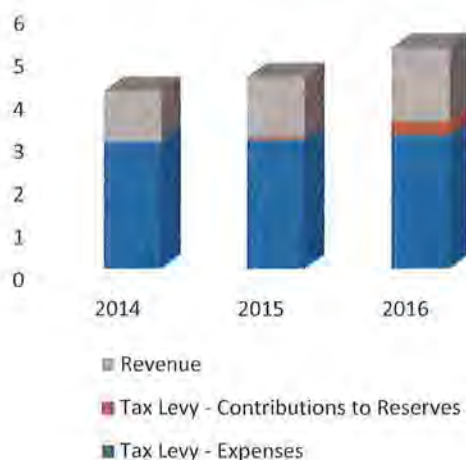

2016 BUDGET

Operating Net Tax Levy: \$1,690,770 which is an increase of \$1,500 or 0.0% from 2015.

Capital Gross Costs: \$70,000 which is an increase of \$5,000 or 7.7% from 2015.

Capital Net Tax Levy: \$0.

**Operating by Funding Source

TOWN OF GEORGINA - CAPITAL BUDGET

2016

DEPARTMENT: PLANNING AND BUILDING, ECONOMIC DEV

PROJECT NAME: ECD-1 Partnership With Ontario Water Centre

PROJECT PRIORITY: PR3 - Service/quality Compliance

PROJECT COMPLETION DATE: Apr-2016
mmmm-yyyy

PROJECT DESCRIPTION:

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

This project is a partnership between the Ontario Water Centre and the Town of Georgina. The application for this program was successful and is in progress. There is a zero dollar effect for the Town. This project will result in the submission of an application to the Investing in Regional Diversification to support the local food economy with programs at both The Link and Clear Water Farm.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

This grant application supports the development of a strategic plan that supports major funding support from the province and the federal government, and that would provide programs at both The Link and ClearWater Farm. This would see Georgina as a local food leader. The outcomes addresses business opportunities related to the production of food, food marketing and retailing, distribution and agri-tourism development ie. farmers markets.

Expected Life Of Asset (# of years)

Public Library Board – 2016 Budget

WHAT WE DO

We are a 3 branch system serving a growing population of 47,000. Our branches are located in the communities of Keswick, Sutton and Pepperlaw.

Our services include:

- Books in regular and large print
- Audio and eBooks (electronic magazines and comics)
- Wi-Fi and public internet access
- Digital reference and entertainment resources
- DVDs, downloadable movies and TV shows
- Early literacy programs for children
- Programs for teens and adults including Makers clubs, workshops, crafts, exercise, and art exhibits
- Access to many Town of Georgina services

2016 BUDGET

Operating Net Tax Levy: \$2,068,070 which is an increase of \$65,790 or 3.3% from 2015.

Capital Gross Costs: \$72,560 which is a decrease of \$35,390 or 32.8% from 2015.

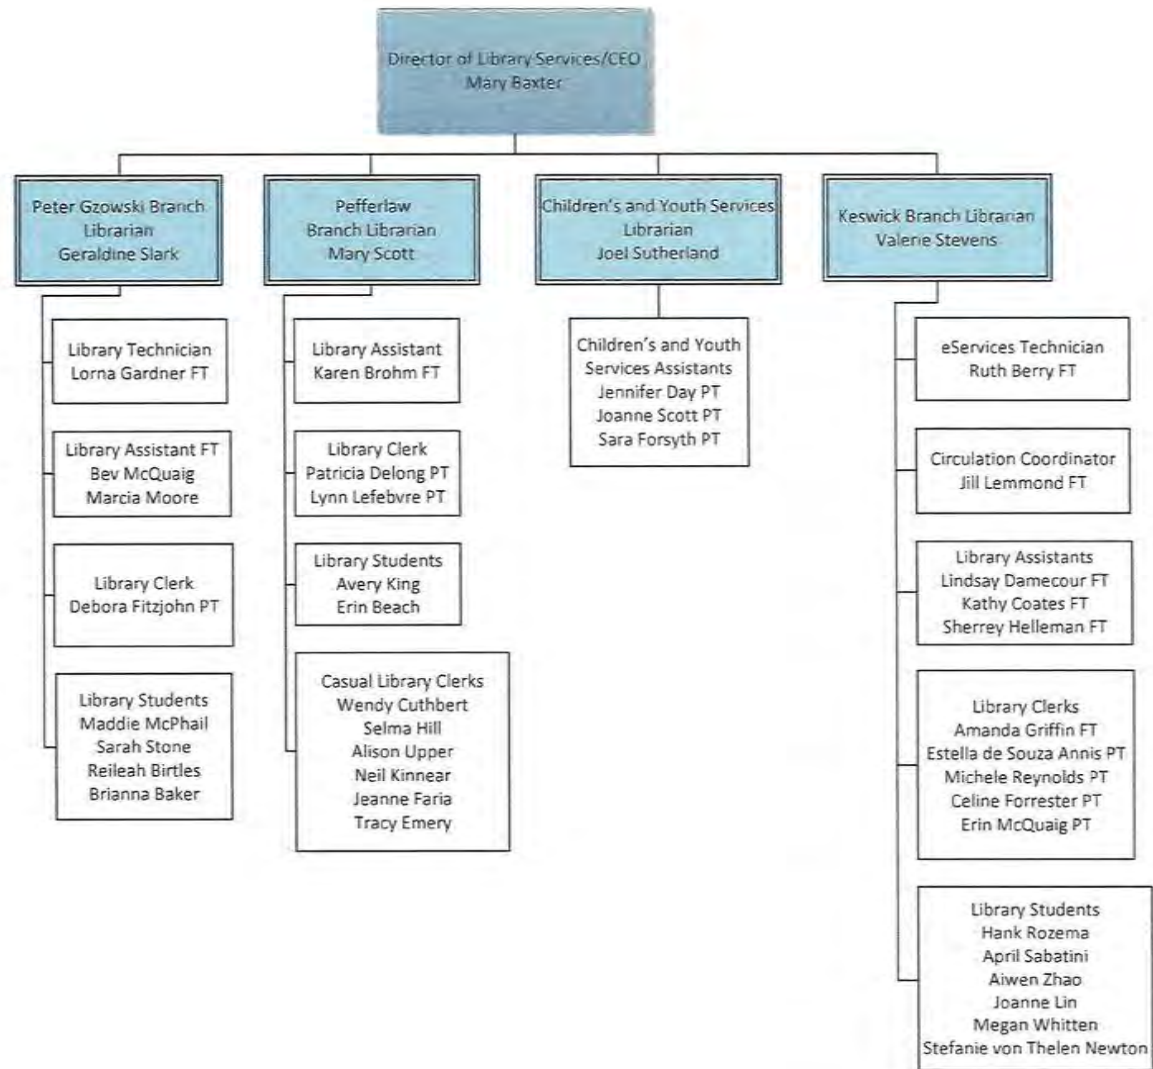

Capital Net Tax Levy: \$39,360.

TOWN OF GEORGINA - CAPITAL BUDGET

2016

DEPARTMENT: GEORGINA PUBLIC LIBRARY

PROJECT NAME: LIB-1 Website Redevelopment

PROJECT PRIORITY: PR2 - Regulatory/Standards Compliance PROJECT COMPLETION DATE: Sep-2016
mmm-yyyy

PROJECT DESCRIPTION:

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

Project deferred from 2015 - insufficient budget & staff resource time to complete

Improve the Customer Service experience of the Georgina Public Library by replacing the current non-AODA compliant website with a fully-redesigned "front-end" (user facing side) and "back-end" (staff management side), communicating with the Georgina community in their preferred format. Access to Georgina Public Library resources, staff, and materials will be equitable to patrons regardless of ability and means of internet access, reflecting the rise in the use of mobile devices by community members who are currently unable to access the Georgina Public Library digital offerings, and offering compliance with the December 31st, 2014 deadline to conform with WCAG 2.0 Level A, as mandated by the AODA. A new Content Management System for staff will allow multiple staff to update the website in a timely manner, providing efficient and effective communication and customer service to our community.

The new website will be of a consistent standard and connected with the Town of Georgina Website to provide more efficient self-serve Customer Service and cross-promote Town of Georgina services

Project requires services of a website development company, and support from the ITS & Purchasing divisions. Library staff will be the main drivers of the project & will be responsible for all content management

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

*Website re-design supports several strategic directions in our 2011-2016 Strategic Plan: being a community destination, serving mobile technology users, eliminating barriers, implementing emerging technologies, and specifically re-developing the Library's website. The project rose to the top of the priority list at the Board visioning session in October 2014.

*Current site is difficult to navigate, with too much text, too many pages; people have little patience for hunting for wanted information - 10 seconds!

*New site will be searchable in a way familiar to users, improving the user experience & engagement.

*It will bring library into full compliance with AODA (accessibility) standards, and will support mobile use through responsive design.

*The new "back end" to manage the website will have a modern content management system to improve functionality, speed & accuracy to implement website changes; it will also improve Search Engine Optimization, making our website easier to find and driving traffic to our site

*A new Content Management System will allow us to perform minor website improvements over time, rather than major overhauls every 3-5 years

*A refreshed website will facilitate our recruitment strategy of attracting staff with technological and customer service oriented skills, as embodied in our 2011-2016 Strategic Plan.

TOWN OF GEORGINA - CAPITAL BUDGET

2016

DEPARTMENT: GEORGINA PUBLIC LIBRARY

PROJECT NAME: LIB-2

Strategic Plan 2016-2020

PROJECT PRIORITY: PR3 - Service/quality Compliance

PROJECT COMPLETION DATE:

Nov-2016

mm-yy

PROJECT DESCRIPTION:

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

Existing strategic plan for the Library expires in 2016. It has served as a set of guiding principles for the Library Board and staff in maintaining and evolving services for the communities we serve. A new strategic plan is necessary to move the library forward, setting direction, for the next 5 years. The library environment is changing rapidly, with the evolution of formats, use of libraries as community space for cultural events, informal education opportunities, maker spaces, digital hubs, as well as continuing with the delivery of traditional core services and supporting Town services.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

A Strategic Plan

- outlines the priorities, core values, and vision of the organization.
- rebrands our corporate message & identity if necessary
- aligns the library priorities with those of the Municipality and the Province
- seeks input from the community to define and prioritize goals, programs & resources
- communicates our mission, values, and plans to the community and funding stakeholders
- provides the board and staff with a unified plan to move forward

Cost: \$5,000 to prepare a plan facilitated by consultant from Ontario Library Services Centre

It is believed that a self-directed plan with a facilitator will meet our needs since a Master Plan will have been completed prior to the Strategic Plan, providing much of the base information required.

PROJECT NAME: LIB-3

Minor Capital

PROJECT PRIORITY: PR3 - Service/quality Compliance

PROJECT COMPLETION DATE:

Oct-2016

mmm-yyyy

PROJECT DESCRIPTION:

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

Rotunda blinds KE branch - deferred from 2015
Cost: \$4,500

Book display holders to increase library's ability to front-face books/DVDs on display in a safe manner: 100 at \$5=\$500

Adjustable computer tray for staff workstations (KE), for ergonomic H&S : 4 at \$300 = \$1,200

Lounge chairs for PE Library reading area - space has been re-configured, removing a small shelving unit to provide space for much needed comfortable seating : 2 at \$1,000 = \$2,000

High stools for laptop/wifi workstations in KE: 4 at \$250=\$1,000

Total = \$9,200 + 1.76% HST = \$9,362

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

Glare control & programming purposes (room-darkening for films/projection)

Better marketing of library materials - bookstore appeal; free-standing books can fall & injure a person & paperbacks cannot stand on their own

Circulation workstations are used by various people with varying requirements for tray height

Library space in PE needs to be more user-friendly and spacious, providing some leisure reading seating. Currently, the only place for patrons to sit is at the study table.

KE Branch has a pillar with stand-up desk space, perfectly suited to transform into a laptop/wifi "cafe" - all it needs is some high stools for patron ease.

Office of the CAO – 2016 Budget

WHAT WE DO

The CAO provides corporate leadership in the overall management of the Town's Senior Management Team. The Office of the CAO contains a Communications division and a Human Resources division.

The CAO is responsible for:

- Reviewing and approving Staff recommendations made to Council and Committees of Council
- Planning, directing and coordinating the municipalities' financial matters
- Advising and informing Council on the municipalities' operations
- Ensuring policies and programs are carried out
- Managing corporate strategic planning
- Networking with other municipalities

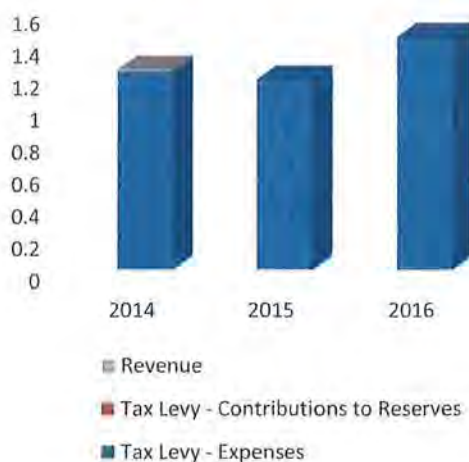

2016 BUDGET

Operating Net Tax Levy: \$1,446,740 which is an increase of \$264,280 or 22.4% from 2015.

Capital Gross Costs: \$80,020 which is a decrease of \$9,480 or 10.6% from 2015.

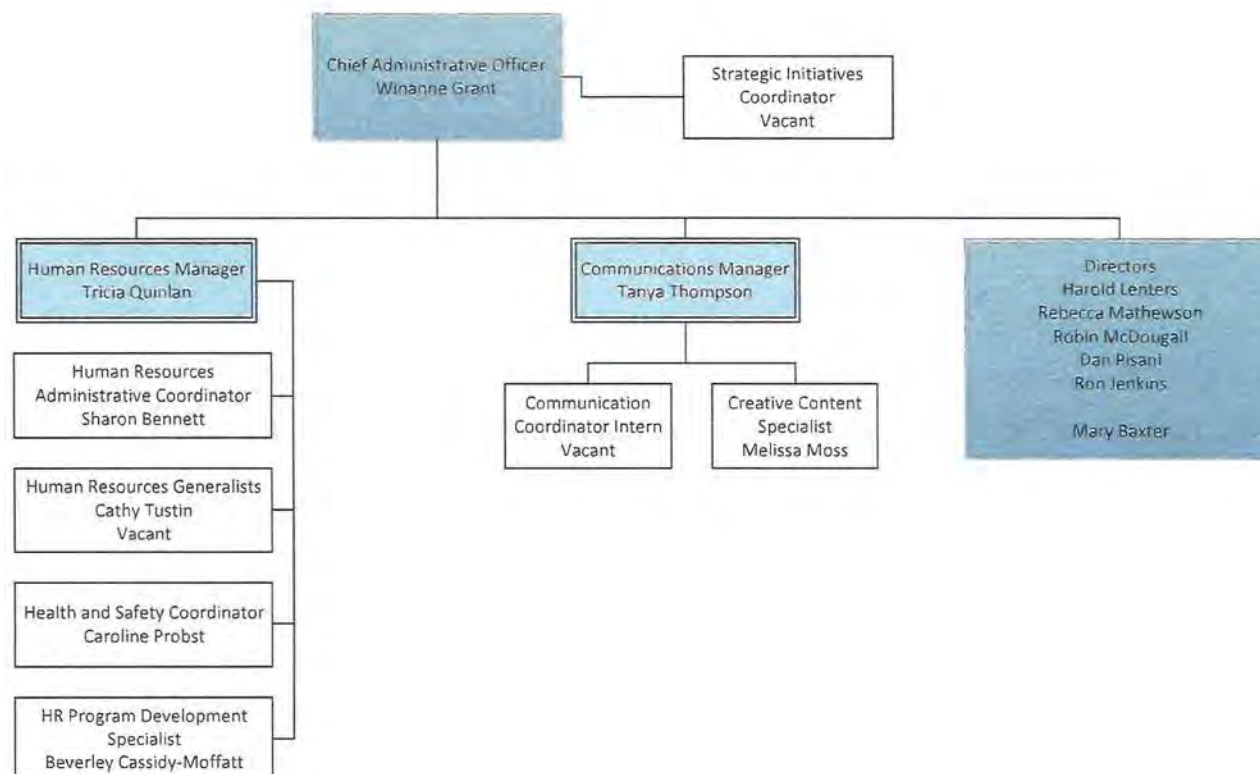

Capital Net Tax Levy: \$10,000.

TOWN OF GEORGINA - CAPITAL BUDGET

2016

DEPARTMENT: OFFICE OF THE CHIEF ADMINISTRATIVE OFFICER

PROJECT NAME: CAO-1 Customer Service Strategy (Approved 2013)

PROJECT PRIORITY: PR3 - Service/quality Compliance

PROJECT COMPLETION DATE: mmmm-yyyy

PROJECT DESCRIPTION:

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

2015 saw the initiation of the of the Town's formal Customer Service Program development. The design and implementation of the program is being undertaken in-house with support from the Town of Newmarket.

The overall program will include:

- A. A new service delivery model at the Civic Centre focused on consolidation of like services
- B. Implementation of Customer Relationship Management software (CRM)
- C. Adoption of service levels and performance standards
- D. Determination of satellite location services
- E. Determination of afterhours service levels
- F. A supporting communications strategy
- G. A supporting training strategy

Components A, B, C, F and G are in progress.

The 2015 Budget included \$75,000 for the project. \$34,980 has been spent to date on process review, CRM software and Town of Newmarket facilitation. It is anticipated that the carry forward of \$40,000 and an additional allotment in 2016 of \$30,000 will appropriately fund the balance of the planning and implementation costs. Any renovations to the Civic Centre required for program implementation were budgeted for in 2015 and those funds, being \$300,000, remain committed.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

Excellence in customer service is dependent on excellence of the processes required to deliver the service. By challenging the way we do business, the Customer Service Program development results in finding opportunities for increased efficiencies, productivity, timeliness and quality of service.

DEPARTMENT: CAO-Human Resources

PROJECT NAME: HMR-1 Online Applicant Tracking / Recruitment Solution

PROJECT PRIORITY: PR7 - Strategic Cost Reduction & Revenue Enhancement
PROJECT COMPLETION DATE: Sep-2016
mmmm-yyyy

PROJECT DESCRIPTION:

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

An online applicant tracking/recruitment solution that will assist in automating the tracking/logging of all applications, the screening of applications. Business requirements:

- Screening and reporting of applications;
- Ability to sort and number applications by posting, unsolicited, internal, external, employee category;
- Allows applicants to follow a generic template and assists applicants in providing job specific information;
- Very easy for the applicants to apply online;
- Allows pre-screening by position qualifications;
- Sends an automatic acknowledgement to the applicant when their application has been successfully received;
- Ability to attach relevant application documents;
- Ability to move the applicant through the recruitment process by changing "status" (i.e. testing, interview, 2nd interview, references);
- Online interview invitations and "self-serve" interview scheduling;
- Online access to specific recruitment processes for hiring managers (i.e. managers can view applications received for their postings);
- Ability to print multiple resumes at once;
- Interfaced with Town's internet (accessed through Town's career page);
- Optional: electronic requisition approval; ability for online reference requests; job offers and acceptance.

Project costs include an implementation (Year 1) and annual license & hosting fee, including maintenance and data storage.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

The Human Resources Division currently administers the recruitment process through application to job postings by submission of resumes into an email address; emails are sorted by job posting and resumes within each email are opened and are manually entered onto an excel spreadsheet for resume screening. The emails are copied into a network drive and access given to the hiring manager (by IT) to the folder to review resumes. The HR division received 2,905 emails year to date through this email address for application to 102 job postings in 2015 (This excludes our winter season hiring; which are currently active postings).

Benefits to an online recruitment solution:

- Reduce recruitment administration by 50%(NB)
- Reduce time to hire
- Streamline recruitment process
- Improved candidate care/communication to applicants on status of application/recruitment
- Improved transparency
- Improved branding and professional image of recruitment process

NB - As reported by promotional materials based on similar current manual recruitment process versus solution services.

Office of the CAO – 2016 Budget

WHAT WE DO

The CAO provides corporate leadership in the overall management of the Town's Senior Management Team. The Office of the CAO contains a Communications division and a Human Resources division.

The CAO is responsible for:

- Reviewing and approving Staff recommendations made to Council and Committees of Council
- Planning, directing and coordinating the municipalities' financial matters
- Advising and informing Council on the municipalities' operations
- Ensuring policies and programs are carried out
- Managing corporate strategic planning
- Networking with other municipalities

2016 BUDGET

Operating Net Tax Levy: \$1,446,740 which is an increase of \$264,280 or 22.4% from 2015.

Capital Gross Costs: \$80,020 which is a decrease of \$9,480 or 10.6% from 2015.

Capital Net Tax Levy: \$10,000.

TOWN OF GEORGINA - CAPITAL BUDGET

2016

DEPARTMENT: OFFICE OF THE CHIEF ADMINISTRATIVE OFFICER

PROJECT NAME: CAO-1 Customer Service Strategy (Approved 2013)

PROJECT PRIORITY: PR3 - Service/quality Compliance

PROJECT COMPLETION DATE: mmmm-yyyy

PROJECT DESCRIPTION:

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

2015 saw the initiation of the of the Town's formal Customer Service Program development. The design and implementation of the program is being undertaken in-house with support from the Town of Newmarket.

The overall program will include:

- A. A new service delivery model at the Civic Centre focused on consolidation of like services
- B. Implementation of Customer Relationship Management software (CRM)
- C. Adoption of service levels and performance standards
- D. Determination of satellite location services
- E. Determination of afterhours service levels
- F. A supporting communications strategy
- G. A supporting training strategy

Components A, B, C, F and G are in progress.

The 2015 Budget included \$75,000 for the project. \$34,980 has been spent to date on process review, CRM software and Town of Newmarket facilitation. It is anticipated that the carry forward of \$40,000 and an additional allotment in 2016 of \$30,000 will appropriately fund the balance of the planning and implementation costs. Any renovations to the Civic Centre required for program implementation were budgeted for in 2015 and those funds, being \$300,000, remain committed.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

Excellence in customer service is dependent on excellence of the processes required to deliver the service. By challenging the way we do business, the Customer Service Program development results in finding opportunities for increased efficiencies, productivity, timeliness and quality of service.

TOWN OF GEORGINA - CAPITAL BUDGET

2016

DEPARTMENT: CAO-Human Resources

PROJECT NAME: HMR-1 Online Applicant Tracking / Recruitment Solution

PROJECT PRIORITY: PR7 - Strategic Cost Reduction & Revenue Enhancement
PROJECT COMPLETION DATE: Sep-2016
mmmm-yyyy

PROJECT DESCRIPTION:

Double click on the box below to type the description.
Use <Alt-Enter> to space between paragraphs.

An online applicant tracking/recruitment solution that will assist in automating the tracking/logging of all applications, the screening of applications. Business requirements:

- Screening and reporting of applications;
- Ability to sort and number applications by posting, unsolicited, internal, external, employee category;
- Allows applicants to follow a generic template and assists applicants in providing job specific information;
- Very easy for the applicants to apply online;
- Allows pre-screening by position qualifications;
- Sends an automatic acknowledgement to the applicant when their application has been successfully received;
- Ability to attach relevant application documents;
- Ability to move the applicant through the recruitment process by changing "status" (i.e. testing, interview, 2nd interview, references);
- Online interview invitations and "self-serve" interview scheduling;
- Online access to specific recruitment processes for hiring managers (i.e. managers can view applications received for their postings);
- Ability to print multiple resumes at once;
- Interfaced with Town's internet (accessed through Town's career page);
- Optional: electronic requisition approval; ability for online reference requests; job offers and acceptance.

Project costs include an implementation (Year 1) and annual license & hosting fee, including maintenance and data storage.

BENEFITS OF THE PROJECT:

Double click on the box below to explain the benefits.
Use <Alt-Enter> to space between paragraphs.

The Human Resources Division currently administers the recruitment process through application to job postings by submission of resumes into an email address; emails are sorted by job posting and resumes within each email are opened and are manually entered onto an excel spreadsheet for resume screening. The emails are copied into a network drive and access given to the hiring manager (by IT) to the folder to review resumes. The HR division received 2,905 emails year to date through this email address for application to 102 job postings in 2015 (This excludes our winter season hiring; which are currently active postings).

Benefits to an online recruitment solution:

- Reduce recruitment administration by 50%(NB)
- Reduce time to hire
- Streamline recruitment process
- Improved candidate care/communication to applicants on status of application/recruitment
- Improved transparency
- Improved branding and professional image of recruitment process

NB - As reported by promotional materials based on similar current manual recruitment process versus solution services.

Expected Life Of Asset (# of years) N/A

Office of the Mayor & Council – 2016 Budget

WHAT WE DO

The governing body of the Town of Georgina is Town Council, guided by provincial legislation, who establish policies by resolutions and bylaws. Town staff are responsible for the implementation and administration of those policies.

The Mayor and Regional Councillor represent the interests of all Georgina residents at the regional level in addition to the municipal level.

2016 BUDGET

Operating Net Tax Levy: \$473,090 which is an increase of \$34,950 or 8.0% from 2015.

**Operating by Funding Source
(in \$Thousands)**

2016 BUDGET

NON-PROGRAM

Non-Program Items – 2016 Budget

WHAT WE ARE

Non-Program Items are certain budgeted items that do not apply to any specific service or program, but are inherent to corporate operations and municipal business.

Non-Program Items include:

- Contributions to reserves for contingent liabilities
- Property tax adjustments
- Salary gapping and other corporate-wide contingencies
- Supplementary property tax revenues
- Unconditional grant revenues
- Prior year surplus carried forward.

2016 BUDGET

Operating Net Tax Levy: \$194,900 which is a decrease of \$9,050 or 4.4% from 2015.
