## MESSAGE FROM THE MAYOR

On behalf of the Council of the Town of Georgina, I am pleased to welcome you to the 2019 edition of the *Discover Georgina Visitors' Guide*.

I encourage you to take the time to view all of the information within the pages of this guide. This is a great tool to better introduce you to our community and will allow you to discover everything that our town has to offer! We are located on the beautiful southern shores of Lake Simcoe, which offers fantastic recreational activities throughout the entire year. You can enjoy every type of watersport in the warmer months, such as boating, jet-skiing, windsurfing or kayaking, and when the lake freezes, you can snowmobile, ski and skate, as well as try out your angling skills and

see why Georgina is known as the "Ice Fishing Capital of Canada".

There are plenty of places to stay during your visit; everything from quaint bed and breakfast establishments to five-star hotels. The numerous restaurants here will definitely satisfy the "foodie" in you and there are wonderful shops to peruse, live theatrical and musical entertainment venues, visit our art gallery or catch a movie...the list goes on and on for things to see and do here.

I invite you to come and spend some time with us and "discover" why Georgina is such a wonderful place to live, work and play!

*Sincerely,*

**Margaret Quirk**

Mayor

## GREETINGS FROM THE CHAMBER OF COMMERCE

On behalf of the members of the Georgina Chamber of Commerce, I would like to welcome you to Georgina and the pages of the 2019 Discover Georgina Guide. I am honoured to share all that our community has to offer – there truly is something for everyone, every season of the year!

With Lake Simcoe on our doorstep, we are home to some of the best sunsets around. If you are visiting, it's worth the trip to our shoreline to catch a few minutes of something spectacular. In the summer, enjoy one of our parks and beaches. In the winter, why not give ice fishing a try!

No matter the season, our local business owners will welcome you to their shops and restaurants

and provide you with excellent products, services and a wonderful shopping experience.

Georgina is filled with so many places to discover...and the Chamber of Commerce and Visitor Information Centre is an excellent way to find out more information about our community. For more information, visit our website ([GeorginaChamber.com](http://GeorginaChamber.com)) or download our Discover Georgina Community App! Please accept our invitation to visit, stay and play in Georgina!

*Yours Truly,*

**Robin Smith**

Chair,

Georgina Chamber of Commerce

# DISCOVER Georgina

Ontario's original cottage country is an ideal destination for all seasons!

Located just one hour north of Toronto, Georgina is the perfect place to escape the hustle and bustle of city life and experience the beauty and charm of a thriving community on the shores of Lake Simcoe.

Georgina offers something for everyone year-round as it showcases a diverse history as well as modern conveniences.

Georgina's many public beaches attract legions of day trippers eager to enjoy a refreshing swim, picnic lunch and build a sandcastle or two.

For boating enthusiasts, Georgina has excellent marinas providing a full range of services.

With one of the highest fish populations of any freshwater lake

in the country, anglers love to drop a line in Lake Simcoe. In winter, fish hut operators will outfit and guide you to the best spots on the lake. Georgina is also home to ice fishing derbies and competitions, including the famous Lake Simcoe Ice Fishing Championship.

Georgina is a great place to practice your golf swing with a variety

of stellar courses to choose from including two Stanley Thompson designed courses at The Briars Golf Club and Orchard Beach Golf and Country Club.

The Recreational Outdoor Campus (the ROC) offers an abundance of fun for the whole family all year long, including a ropes course, climbing wall, 300 foot zipline, splash pad, hiking trails, bike trails and athletic courts. The outdoor playground truly comes alive in winter as guests whisk down the 105 foot four-run snow tube course, or snowboard or ski on the alpine run or terrain park. Free tobogganing and skating are also available. Finish your day with a meal in the warmth of the Chalet.

Learn more about the history of Georgina at the Georgina Pioneer

Village and Archives, Georgina Military Museum or Eildon Hall Museum. Experience arts and culture at the Georgina Art Centre and Gallery or take in a show at the Stephen Leacock Theatre.

A short ferry ride out of the Virginia Beach Marina takes you to the beautiful Chippewas of Georgina Island featuring a self-guided four-trail system open to the public.

For visitors planning an extended excursion, Georgina has a variety of accommodations to suit every budget from outdoor camping at Sibbald Point Provincial Park, to bed and breakfasts, hotels, resorts, motels, and cabin rentals.

There are plenty of restaurants in the area with delicious options

to satisfy every craving from fast food to fine dining. Looking for an evening out with friends? Some local establishments feature live music.

No matter what time of year you visit Georgina there is always something exciting happening! Special events include the 164th Sutton Fair and Horse Show, from August 8-11, the Farmers' Market at the Link, operating Sundays May through September, Canada Day Celebrations at the ROC, and the Festival of Lights and Old Fashioned Christmas at the Georgina Pioneer Village in November.

Whatever the season, come discover everything Georgina has to offer!

# FISHING lake simcoe

More people fish Lake Simcoe than any other inland lake in Ontario! With so many great communities around the lake for anglers to visit, we are grateful that you chose the Town of Georgina as the gateway to our pride and joy.

Our primary goal in this article is to help you maximize your fishing opportunities during your visit by letting you know a little about our favourite lake and the fish that live here.

## OPEN WATER FISHING

**PERCH:** After a long winter there is nothing better than getting out on your favourite lake for some early spring fishing. Thanks to the year-round open perch season we have - that favourite destination for thousands is none other than Lake Simcoe. Out from the shores of Georgina, perch are found just about everywhere. We have both good eaters to harvest in the 8-12 inch range and plenty of those true jumbos (13-15") with some topping two pounds that should be live released! The extraordinary quantity and quality of our perch fishery has been recognized by many visiting Americans with first-hand testimonials as one of the finest perch destinations in all of North America. This is one reason we see so many visitors from nearby Michigan and New York. There are many excellent areas for perch including out from the communities of Virginia, Willow Beach, Pefferlaw, Keswick and Port Bolster. Launching your boat from Keswick's Raynar's Launch or from Sibbald Point Provincial Park will put you in reach of some great perch waters. Later in the year, Pefferlaw River at Quinn's Marina on the south side of Hwy. 48, will get you to the mouth of the river and big fall perch in no time. Many visiting perch anglers stay at Peninsula Resort right at the mouth of the Pefferlaw River.

Finding one or two perch usually means you have found a school, so don't become discouraged if you don't get bit right away. Casting a search spoon such as the small Blue Fox Minnow Spin is a great way to locate a school of perch. Or try a slow troll for perch with a smaller X Rap. Here's a trick that can really pay big dividends: After you connect with one fish, throw a marker

buoy to the spot where the perch hit and drop anchor if you like before you proceed to cast to that area with jigs or even a short lead drop-shot rig.

Many perch experts on Simcoe are forgoing the use of live minnows in favour of productive artificial soft plastics that perfectly mimic minnows and gobies that perch feed on. Remember, if you do use minnows, please buy them locally and don't dump leftover bait back in the lake. These two action items are key to reduce the spread of invasive species and disease.

Our perch are extremely plentiful and great to eat, but in order to sustain a true trophy perch fishery, we ask anglers to release those precious perch over 12-13 inches. This way we can all do our part to conserve this great fishery for future generations.

**SPRING SEASON:** Not many lakes in Ontario have so many species all opening on the same day: Northern pike, lake trout, whitefish, walleye and cisco all open on the second Saturday in May. The more elusive yet trophy-sized walleye are more of an incidental catch; worthy of a glory-shot and then carefully live released. The lowly brown bullhead on the other hand does not even have a closed season but it's plentiful and can really turn on the same weekend. Hook a 'gob' of worms onto a hook, and fish near bottom for these tasty morsels that are often overlooked by most anglers ... that is, until they find out how much fun they are to catch and how good they are to eat.

**Pike:** The shallow, weedy areas in York Region's Cook's Bay likely hold more pike than the rest of the lake combined! It's here that the Aurora Bassmasters

club hold their annual Spring Open Pike tournament out of Keswick's popular Boston Pizza plaza. Another productive area that has coughed up some big toothy critters lately is the Virginia basin ... that shallow weedy section between Georgina Island and the mainland in Virginia. Productive pike techniques include trolling or casting large Blue Fox Spinners along weedlines and Rapala X Raps overtop weedbeds. When pike are inactive, make long casts with jigs and soft plastics or try some of the Storm swimbaits near the newly emerging aquatic plants that pike love. This same area has been one of the stocking sites for the Lake Simcoe Muskie Restoration Program, so if any muskie are caught (there is a closed season year round) they need to be released.

**LAKERS AND WHITIES:** After the opener, boats gather out from the Willow Beach and Jackson's Point area for big specimens of either fish that hang around until mid-late June. Their season closes Sept 30th and reopens Jan 1 for ice fishing. Various jigging spoons produce but the Blue Fox Moresilda spoon jigged vertically below the boat in 60-75 feet of water comes highly recommended. Locally made Bad Boyz jigs worked right on bottom are great for whitefish, but perform even better when a small crappie sized tube is added to the single hook. With more whitefish now feeding on gobies be sure to also try the Storm Goby swim bait and work it with little twitches right on bottom. This will mimic the goby behaviour and should pay big dividends.

For deepwater whitle or laker fishing, you are fishing blind if you don't use a high quality sonar to look for the right depth, baitfish and the big fish you're after.

The full colour Lowrance High Def CHIRP Units give unsurpassed clarity and quality even at the depths these fish reside. Visitors and residents alike will want to insert the latest Navionics Canada Gold 2XG chip into their sonar's that will give a complete digital map of Lake Simcoe showing depth contours, shoals and other likely fishing spots. With Lowrance's built in GPS, you can also save your Simcoe hot spots and revisit them easily to help increase your odds.

**BASS:** Saving the best for last ... Simcoe's bass season is the last to open – on the fourth Saturday of June and closes Nov. 30. Recognized as one of Canada's finest smallmouth bass fisheries, this lake is renowned for producing "Personal Bests" for anglers from across southern Ontario and neighbouring US States. Many report that Georgina's southeast portion of the lake is home to hundreds of these monster smallmouths.

Simcoe is also home to the record for the five heaviest bass ever weighed in during a Canadian bass tournament at just shy of 32 pounds. Tournament anglers from across North America know the bass here are huge but thousands of recreational anglers have also heard about the record sized smallmouth Simcoe has to offer so have put Lake Simcoe on their bucket list.

Although the weedier sections of the lake provides good largemouth fishing, smallmouth prefer rocky shorelines, points, drop-offs and around any one of Simcoe's productive islands. Georgina Island, home to the Chippewa's First Nation Community, is a top producer. Rapala X Raps and Shadow Raps are great smallmouth baits here, especially when there's some chop on the water. When conditions are calm and sunny, soft plastics like tube jigs worked on bottom or drop shotted goby-style baits just off

bottom, can be deadly. Be sure to also try the Storm Arashi 360GT Searchbait that so closely resembles the baitfish our bass feed on that it's scary!

This lake has become a true world-class trophy smallmouth destination thanks in no small part to the conservation minded anglers who voluntarily live release most or all of their catch, especially larger fish over a couple pounds.

A great place to access the lake in York Region for smallmouth is Sibbald Point Provincial Park. Here, families from across the Region and beyond come not only to fish but to boat, picnic, camp, swim or just sunbathe on the clean sandy beach. In 2019, this park will once again host the popular "Learn to Fish" program and is great for campers and newcomers to the sport. Sibbald Point Provincial Park also hosts the Fish Hard Dream Big Event for kids every June and the Perchin for MS event every March.

### WINTER FISHING

If you enjoyed fishing Simcoe during the open water season, then we welcome you back with open arms to try the great sport of ice fishing here. With several well established ice hut operators in Georgina, it makes it easy for families and others to try this great winter sport. For active, hard core ice anglers, the quality and quantity of fish available, brings them back year after year.

MNRF stocks ~50,000 lake trout and ~140,000 whitefish into the lake each year. Yellow perch are still the most sought after species during the hard water season on Simcoe, simply because of the quality and quantity of perch here.

Whether you are one of the thousands of visiting anglers or a local Georgina resident, you need go no further than out from the shores of one of our lakeside communities, for some tasty Lake Simcoe fish caught through the ice. We have several ice hut operators who cater to the species of your choice and supply you with a nice warm hut and transportation to get way out there.

For more information on Lake Simcoe fishing regulations or purchasing a licence etc, check out: [ontario.ca](http://ontario.ca). Here you can also log onto the interactive Fish on Line link with Google Maps and learn all about the fish from Lake Simcoe.

Lake Simcoe has some of the cleanest and safest fish to eat in the province. As a general guideline, larger, older fish pose more of a health risk so by releasing them you are not only doing the lake a service,

## FISH SPECIES OF LAKE SIMCOE & GEORGINA'S WATERWAYS

but yourself as well. For more details on eating Lake Simcoe fish, check out: [ontario.ca](http://ontario.ca)

For all Lake Simcoe anglers regardless of whether you are a pro or just fish for fun... remember, the future of fishing is in your hands. Please practice selective harvest and catch and release to ensure the great fishing opportunities remain for future generations.

Wil Wegman is an award winning outdoor writer and tournament angler who has fished on Lake Simcoe for more than 35 years; winning his share of ice and bass tournaments along the way. In 2017, Wil was inducted into the Canadian Angler Hall of Fame, won the National Recreational Fisheries Award and the Rick Morgan Professional Conservation Award. He is the only two time winner of the Bill Bond Memorial Award for his dedication to conserving and promoting the fishery of Lake Simcoe. He is a popular seminar host and a prolific writer who has written for most Canadian fishing magazines and several US publications. His Hooked on Fishing column appears in Lake Simcoe Living Magazine. You can contact Wil, through his website at [wilwegman.com](http://wilwegman.com).

# A BOATER'S paradise

Georgina's close proximity to Toronto means boating enthusiasts can spend less time commuting and more time enjoying the waters of Ontario's fourth largest lake on the Trent-Severn Waterway. Boasting 52 kilometres of breathtaking Lake Simcoe shoreline including sandy beaches, fishing spots, full service marinas, river passageways, patio dining, resorts, scenic lakeside communities, and a variety of popular water sports, Georgina is a great destination for a day trip or an extended stay.

Many of Georgina's marinas, resorts and rental businesses have been in operation for decades and have established reputations for excellence in customer service. Whatever your needs, Georgina

businesses will take care of you and make you feel right at home.

From Georgina's southern shores of Keswick to its northern harbours in Pefferlaw, Georgina is home to many premier marinas offering quality services and amenities such as extensive launch ramps, fuel docks, pump-outs, transient docking, electrical and mechanical services, on-the-water towing, as well as washrooms and shower facilities. *(See marina information guide for list of locations and services available).*

Cruise the shallow waters off Snake Island around Island Grove, or head for deeper depths around Fox Island. Head for the open water as you explore Georgina Island, Sibbald Point Provincial Park and the Duclos Point Nature Reserve.

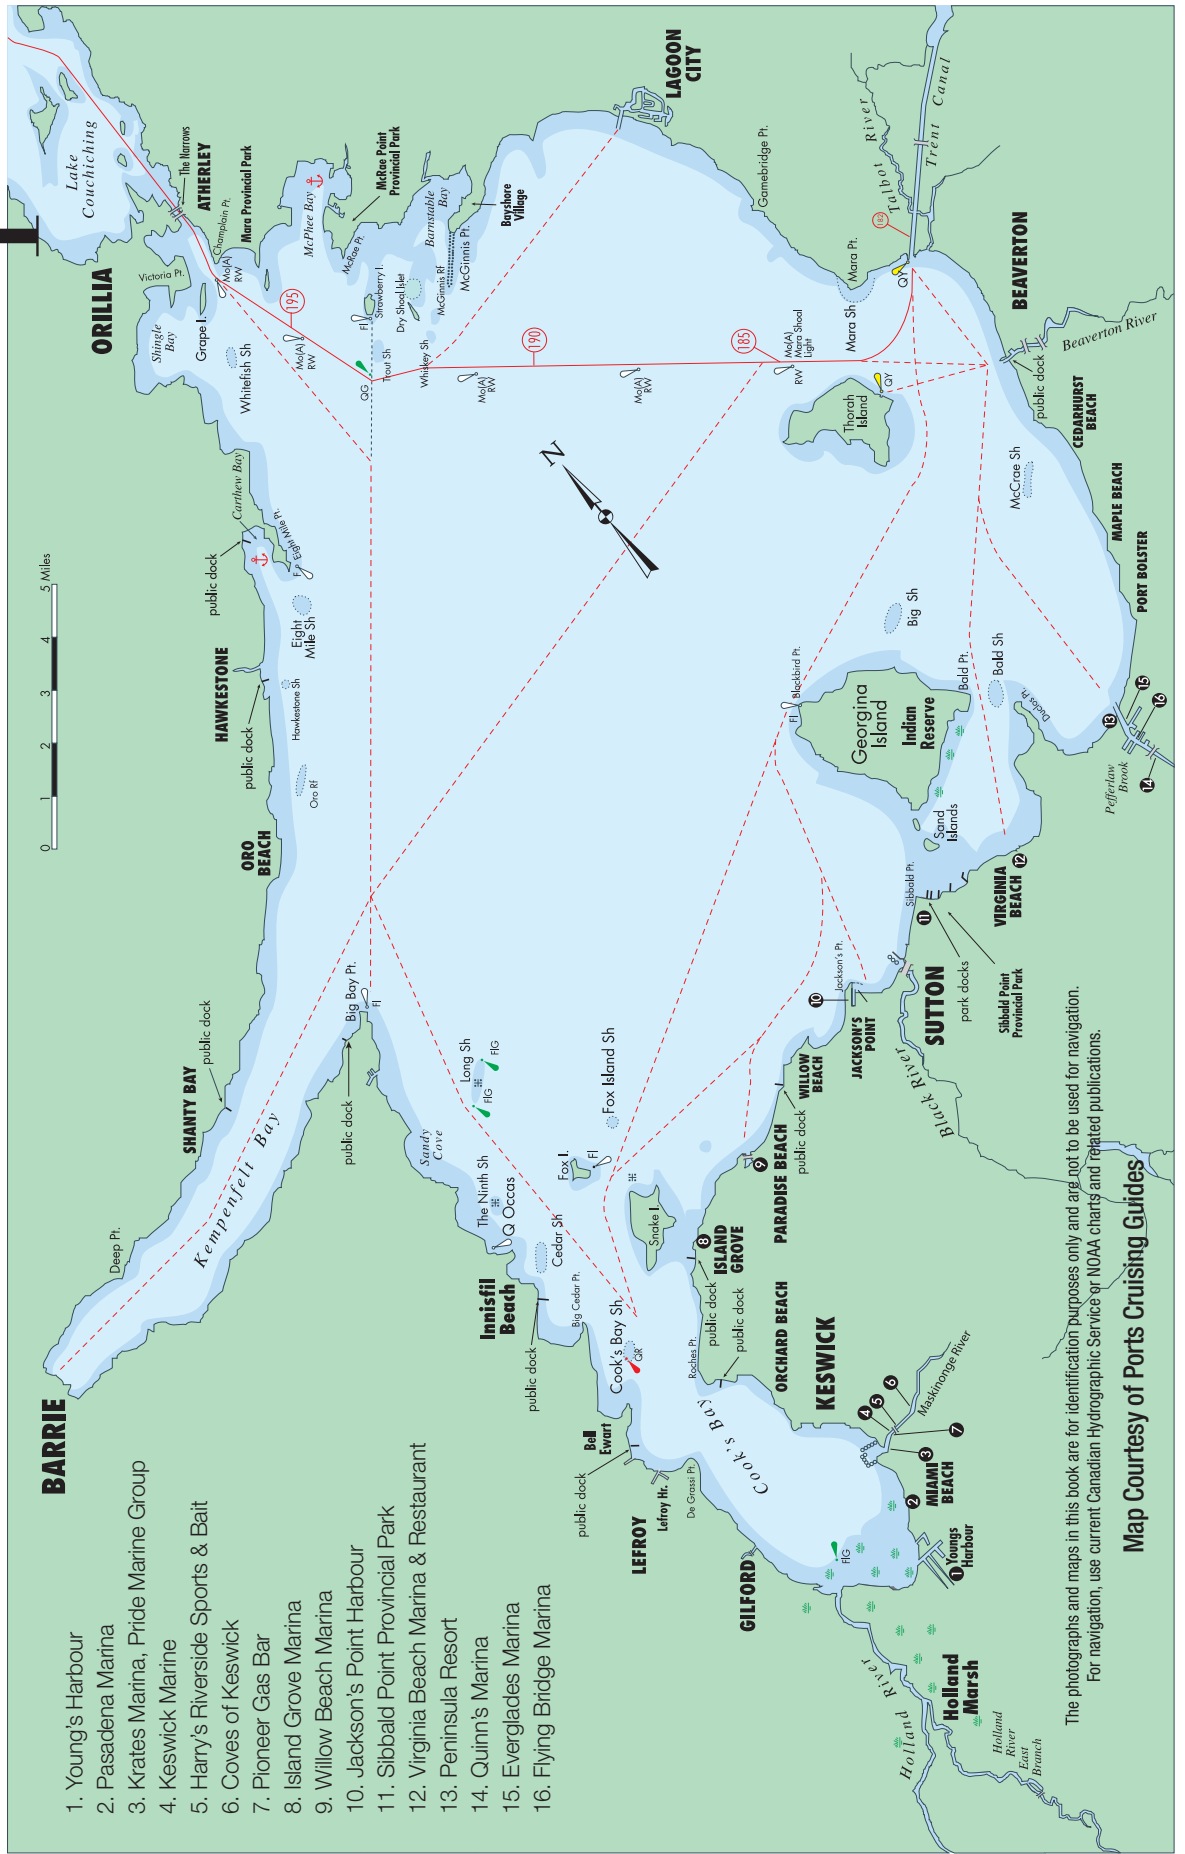

Experience all that Georgina has to offer and see why it truly is a boater's paradise. Make sure to book a little shore leave and visit Georgina's ultimate outdoor playground, The ROC, as well as a number of local festivals, entertainment venues, premier resort facilities and dining establishments.

# COMMUNITIES OF Georgina

The Town of Georgina is comprised of numerous lakeside communities, hamlets and urban centres. It includes Keswick, Orchard Beach, Roches Point, Island Grove, Willow Beach, Franklin Beach, Jackson's Point, Sutton, Baldwin, Brown Hill, Udora, Port Bolster, Pefferlaw, Virginia, Egypt, Vachell, Cedarbrae and Duclos Point. With an anticipated population of 71,000 by the year 2031, Georgina provides the opportunity for lakeside

living with a range of urban amenities.

Named by Governor John Graves Simcoe in honour of

Roches Point Anglican Church

King George III, the area was surveyed in 1817 and settlement began in 1819. The first patents were issued to Captain William Bouchier, R.N., who, in 1839, built his regency home known as the "Briars." Drawn to this area by rich agricultural land, a scenic pine-forested shoreline and close proximity to York (now Toronto), Georgina soon became home to numerous settlers, many of whom have family names that are still prominent in the Town.

---

## KESWICK

---

Keswick, the largest of Georgina's urban communities, offers an attractive combination of urban services and rural charm. The community has been the site of extensive growth over the past 25 years. New residential development has led to a significant amount of commercial growth that provides shopping and service opportunities for residents and visitors.

One of the most beautiful and historic buildings in the area is the Anglican Church in Roches Point, which was built in 1863. The Rev. Walter Stennet M.A., retired principal of Upper Canada College, designed the building in a primitive Gothic

style reminiscent of an English country church and was responsible for most of the labour. The graveyard is full of historic interest as it contains the remains of Georgina's early settlers.

The Recreation Outdoor Campus (The ROC), provides a variety of adventure sports, baseball diamonds and soccer pitches for residents and tournament organizers. Open year round, it offers great outdoor activities from rock climbing, rope courses and zip lines to tobogganing, tubing and skiing.

Golfers have an excellent full-service, nine-hole golf course available in Orchard Beach and a private course in

Eastbourne. Beachfront parks at Willow Beach and North Gwillimbury Park provide playgrounds and picnic facilities and year-round access to Lake Simcoe.

Whether you're boating, fishing or sailboarding, Keswick boasts several full service marinas, located on the shoreline from south Keswick to Island Grove. During the winter, the local marinas offer ice fishing supplies as well as service and sales of winter recreation vehicles. Ice fishing and ice sailing on the lake is very popular for those who have their own equipment or contact a local hut operator and enjoy a heated hut with all supplies provided for your fishing excursion.

The waters off Jackson's Point are ideal for divers who want to see remnants of the pre-war Metropolitan Radial Railway (formally Grand Trunk Rail). It brought hundreds of tourists from the noise of the city through quiet fields to the placid cool waters of Lake Simcoe at Jackson's Point. Further east along Hedge Road at the entrance to Sibbald Point Provincial Park is St. George's Church and the burial site of one of Canada's foremost authors – Stephen Butler Leacock. Although he won worldwide acclaim with extensive writings on political science, economics and history, he is best known for his "Sunshine Sketches of a Little Town," "Arcadian Adventures with the Idle Rich" and "Literary Lapses," the first works to be essentially Canadian in character and spirit. Buried in the same churchyard is Mazo de la Roche, author of "Jalna."

Sibbald Point Provincial Park is one of southern Ontario's most popular parks, drawing thousands of pleasure seekers each year for summer camping, picnicking, swimming and boating, and

for winter activities such as cross-country skiing and ice fishing. Located in the provincial park is Eildon Hall, a memorial museum that was once the home of Lieutenant-Colonel William Sibbald and his wife, Susan.

The most historic building in the area is the Briars. Originally built in 1840 by Cpt. William Bouchier, R.N., and Frank Sibbald, it was transformed into a resort by his great nephew, Jack Sibbald after the First World War and into an inn in 1977 by his son John and his wife Barbara Sibbald. Today, an overnight stay at the Briars provides you with access to the premier 18-hole Briars Golf Course.

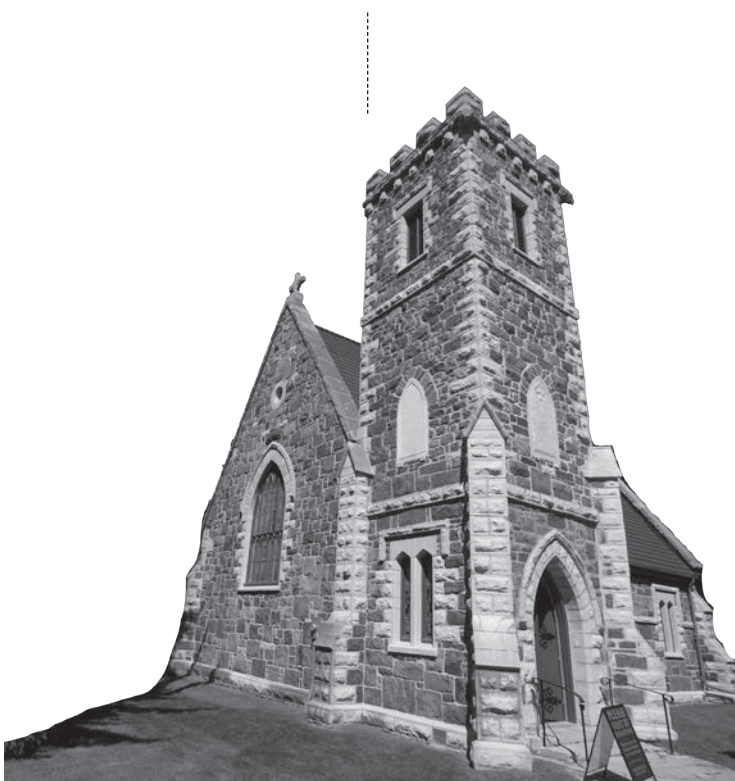

De La Salle Park and Willow Beach Conservation Area are operated by the Town of Georgina and offer excellent swimming, picnic facilities and parking.

Golfers have a choice of two nine-hole courses, one near De La Salle Park and the other at Willow Beach. The latter also offers a driving range and a mini putt course.

## SUTTON

---

Captain William Bouchier, R.N., a Scotsman, returned from the navy after the War of 1812 and took up grants of land with his younger brother, James, in what is now Sutton. Eventually, they were to become responsible for the development of Bouchier's Mill, later Sutton. The village has developed to the point where it now runs into Jackson's Point to the north and the hamlet of Virginia to the east. Virginia is home to the ferry service that provides vehicular and pedestrian transportation to Georgina Island.

The Manor House in Sutton and the Briars in Jackson's Point, both built by the Bouchier family, are now designated heritage sites.

The Sutton Fair and Horse Show, is one of the oldest fairs in Ontario and will celebrate 164 years this summer. The fair offers a tractor pull, demo derby, live music, midway, rides and more.

Sutton is blessed with a large fairground, a curling arena, the Sutton Arena, an indoor swimming pool, and outdoor nature. Summer or winter, there is always plenty to do.

High Street and Dalton Road provide a range of commercial and service commercial to service the needs of the travelling public and residents.

Pefferlaw River

## PEFFERLAW

The village of Pefferlaw is concentrated to the south of Hwy. 48 along the Pefferlaw River. It extends from Virginia to Port Bolster and includes Duclos Point, McRae Beach, Morning Glory and Holmes Point.

The village owes its founding to the river flowing through it, which bears its name. The Pefferlaw River afforded an excellent site for a mill and, circa 1830, Captain Wm. Johnson, R.N. retired, built a sawmill, gristmill and woollen mill after similar efforts in Baldwin had failed. The site of the old mill is now a riverside park enjoyed by all.

The village has a downtown business district offering grocery stores, refreshments, banking services, restaurants, a library, automotive repair and personal services.

The Pefferlaw River offers several marinas, which offer a variety of services for boaters and snowmobilers. The river and Lake Simcoe also provide access points to the lake. The Town owned beachfront, Holmes Point, provides a beautiful shallow sandy beachfront for all to enjoy. At the mouth of the river is the popular Peninsula Motel that provides year round access to a beautiful private park facility and beachfront. The Pines of Georgina Golf Course on Hwy. 48 is a popular 18-hole course complete with club facilities, a lounge and restaurant.

## BALDWIN

Located south of Sutton and just east of Keswick, the hamlet of Baldwin is home to many hobby and equestrian farms.

The main landmark in Baldwin is the gristmill on the Black River. The first mill was built in the early 1800s, but both it and its replacement burned down. The current structure was brought from Keswick piece by piece and began operation in 1883.

Many of the area's original wood and cobblestone structures are still standing. The area's businesses and amenities include a motel, antique stores, 18-hole golf course, restaurant and convenience store, located on Hwy. 48 north of Ravenshoe Road.

Baldwin is also home to the Baldwin Airport, which offers skydiving through the Parachute School of Toronto Limited.

Grist Mill

## UDORA

The hamlet of Udora is located in the southeast of Georgina and is situated on the Pefferlaw River which is the focal point of a large private camp called Jõekäärü, meaning river bend in English. The camp was purchased by the Independent Toronto Estonian Women's Association in the 1950s and continues to operate today.

General Store

## PORT BOLSTER

The hamlet of Port Bolster is often considered an extension of Pefferlaw. Its main street is Durham Road 23 (also known as Lake Ridge Road) and offers visitors unique shops and quaint restaurants. Port Bolster is very popular for its fishing, both in summer and winter and you can find a handful of ice hut operators to help you experience the lake.

## BUSINESS IMPROVEMENT AREAS OF Georgina

There is always plenty to see and do in the heart of each downtown area in Georgina thanks to the committed work of the local Business Improvement Associations (BIA).

Each reflecting its own distinct and unique character, Uptown Keswick, Sutton and Jackson's Point host a

number of events throughout the year that attract local residents and tourists into the community. The downtown areas also boast boutique shops and excellent restaurants, with harbour facilities, golf courses, public beaches and all-season accommodations in the surrounding area.

The BIA membership is dedicated to preserving and maintaining the local flavour of each of Georgina's historic downtowns, while being united in a common goal of restoring, enhancing and beautifying each local downtown core to share heartfelt hospitality with residents and visitors alike.

# GEORGINA'S museums & PIONEER VILLAGE

## SIBBALD POINT PROVINCIAL PARK - EILDON HALL MUSEUM

26071 York Rd. 18 (Park Rd.)  
1-888-668-7275  
905-722-8061  
[OntarioParks.com](http://OntarioParks.com)

With 582 campsites and a 400-metre stretch of sandy beach on Lake Simcoe, Sibbald Point Provincial Park is truly a jewel of Georgina. While visiting the picturesque park, you can also explore the historic Eildon Hall Museum.

For 130 years before Sibbald Point became a park, Eildon Hall was home of the Sibbald family. One of the oldest structures in the area, this interesting house was the first Canadian residence of Susan Mein Sibbald (1783-1866), a gentlewoman pioneer whose memoirs were published posthumously in 1926. Initially a small Regency style cottage, it was begun in 1830 by William Kingdom Rains, an early settler, and acquired around 1835 by Susan Sibbald. Named Eildon Hall after her family home in Scotland, it was expanded and transformed into an extensive rural manor. The estate remained in the Sibbald family until 1952. Eildon Hall Museum displays 19th century artefacts and furniture. For more information on hours of operation visit [ontarioparks.com](http://ontarioparks.com).

## GEORGINA PIONEER VILLAGE & ARCHIVES

26557 Civic Centre Rd., Keswick  
905-476-4301 ext. 2284  
[georginapioneervillage.ca](http://georginapioneervillage.ca)

Explore Georgina's rich history and the people and places of its past with a visit to the Pioneer Village and Archives. Officially opened on Thanksgiving Day 1975 by Chief of the Chippewas of Georgina Island, Lorenzo Big Canoe, the Georgina Pioneer Village & Archives is a veritable heritage showcase.

Located near the south shore of beautiful Lake Simcoe, this 10-acre site is home to numerous buildings that interpret the history of Georgina between 1850 and 1920, including a one-room schoolhouse, a general store, a train station, a blacksmith shop, an apothecary and a backwoods log house.

The Pioneer Village also houses an extensive archival collection comprised of records created by the councils of the former townships of Georgina and North Gwillimbury, as well as the Village of Sutton. In addition, the Archives contain a number of personal family documents, including land records, photographs, scrapbooks, bibles and related ephemera.

## GEORGINA MILITARY MUSEUM

[frontdesk@georginamilitarymuseum.ca](mailto:frontdesk@georginamilitarymuseum.ca)  
[georginamilitarymuseum.ca](http://georginamilitarymuseum.ca)

Engage with the past in a meaningful way at the only military museum in York Region.

Honouring the tremendous sacrifices made to preserve a Canadian way of life we all enjoy, Georgina's Military Museum brings history to life. Permanent exhibits depicting not only the two world wars, a collection of military vehicles and artillery pieces but also the nation's military campaigns from the early days of Upper Canada right up to our peacekeeping efforts — do more than simply reiterate important names and dates, they reveal the people and their stories.

The museum not only offers an opportunity to view what so many had to endure, experience and overcome to make our way of life what it is today, but also serves as a reminder of the inherent tragedy of war and the necessity of making every effort to prevent armed conflict.

# LORETTO MARYHOLME spirituality centre

A hidden gem in the  
Town of Georgina

This tranquil haven in Roche's Point, formerly a family estate, sits on more than 12 beautiful acres with a magnificent view of Lake Simcoe.

The site's history dates all the way back to 1878 when the main house was built, followed by an addition as well as other buildings constructed in the 1920s. The Loretto Sisters, an international Catholic order of women, purchased the property in 1946 for their retreat and holiday

house and named it "Maryholme."

In 2001, the Loretto Sisters took Maryholme in a new direction, opening its doors to the public as a spirituality centre, offering programs and retreats to educate and enrich. Loretto Maryholme provides a welcoming space for guests to relax and rejuvenate through a variety of themes, such as writing, contemplation, and living a life of abundance.

The centre is the ideal place for both

groups seeking to refresh and envision, and individuals looking for personal private time.

For more information on Loretto Maryholme please visit [lorettomaryholme.ca](http://lorettomaryholme.ca) or to book a site tour, email [booking@lorettomaryholme.ca](mailto:booking@lorettomaryholme.ca). Visitors are invited to enjoy the grounds on Open Garden Sundays from 4 - 6 p.m. on May 27, June 10, July 15, Aug. 12 and Sep. 9, 2019.

# GEORGINA art centre

The Georgina Art Centre and Gallery (GAC), founded in 1999 by a small collective of art enthusiasts, is a must see when visiting Georgina. Tucked away in the beautiful town of Sutton, the gallery features more than 500 original pieces of art.

The GAC's permanent collection celebrates the works of Albert Chiarandini, York Wilson, Bruce Smith and photographs by Georgina's own Tom Zsolt. Look for prints by Kary Murray Weber, Stanley Levis and Marcel Bellerive. Showcased throughout the gallery are many works by local artists as well as pieces created by members

of the First Nation community.

A variety of art classes are offered year-round for children, youth and adults, as well as day camps and drop-in sessions for children. From watercolour to acrylic to mixed media, the GAC has it all!

New at the gallery, enjoy one of the "Art Talks"; a combination of music, art and learning, then enjoy the current exhibition while sipping some wine and

nibbling some cheese and crackers.

Visit the BINDIGEN (Welcome) Gift Shop featuring pieces created by local and First Nation artisans.

For more information, or to purchase tickets for a gourmet lunch in the main gallery on Tuesdays, visit [gacag.com](http://gacag.com), email [reception@gacas.com](mailto:reception@gacas.com) or call 905-722-9587. Visitors are always welcome! The Georgina Art Centre and Gallery is located at 149 High St, Sutton, Ontario.

# THE STEPHEN LEACOCK theatre

Quality live entertainment close to home!

All the world's a stage at the Stephen Leacock Theatre! The intimate 295-seat facility, named after the prolific author, has been offering the best in live music, comedy, and stage productions since opening its doors in 1985.

As well as featuring acclaimed national and international entertainment, the theatre is a strong supporter of

local talent and is home to the talented Queensville Players community theatre group.

The Stephen Leacock Theatre also hosts summer theatre and filmmaking camps led by seasoned professionals.

Aspiring actors and filmmakers will have fun learning the art of acting or filmmaking with each camp ending with

a stage performance or screening for family and friends.

Born in England, Leacock emigrated with his family to Canada when he was seven years old, growing up in the hamlet of Egypt near Sibbald Point. At the time of his death in 1944, he had penned more than 35 books about small-town Ontario as well as numerous theatrical works.

Whether you want to hear some great music, catch a play, or laugh out loud at stand-up comedy, the Stephen Leacock Theatre, located at 130 Gwendolyn Blvd. in Keswick, has it all right here in Georgina!

Call 905-476-0193 or visit [TixHub](http://TixHub) at [stephenleacocktheatre.ca](http://stephenleacocktheatre.ca) for show information or to order tickets.

# GEORGINA celebrates CANADA DAY

Join us at the ROC on July 1 to celebrate Canada Day in Georgina!

In true Canadian form, you can enjoy a diverse collection of live entertainment, great food, inflatables, and activities for all ages that truly honour and commemorate our heritage and culture. The day's events conclude with a spectacular fireworks display fit for the Queen!

Georgina's Canada Day celebration is a free community event in which residents and visitors alike are welcome! Paint our town red and white this Canada Day, and join us for a fun-filled family event!

Throughout history, Georgina has been the home of many visitors looking to relax in the beautiful natural surroundings of the area. On July 1, 2019 Georgina will be celebrating its 201st anniversary as the place to stay, play and getaway just an hour north of the GTA.

---

For more details, contact the Town of Georgina's Recreation and Culture Department at 905-476-4301 or visit the Town of Georgina website at [georgina.ca](http://georgina.ca).

# york region's adventure headquarters

Unlike most playgrounds which only attract visitors in the warm months but are deserted when the snow falls, the Recreational Outdoor Campus (ROC) in Georgina offers fun and adventure all year-round.

The ROC offers an abundance of exciting winter activities including tubing, skiing, snowboarding, tobogganing, and skating. The facility also hosts a number of winter events including SnoFest, Elleboard and Grom Development Days, Cardboard Toboggan Races, Toboggan and Puddle Jump. After enjoying the outside amenities, head inside the beautiful chalet, grab a hot drink and some food, then relax by the fireplace before heading home.

The ROC provides plenty of opportunities for summer adventure featuring high and low ropes courses, rock climbing, zipline, and a bike park with North Shore Trails, as well as hiking trails, lawn bowling, basketball, tennis, pickleball and volleyball courts, and a splash pad for the kids. Celebrate Canada Day at the ROC with an array of festivities such as kids' zone, live music, barbecue, and fireworks, with complimentary shuttle busses running throughout Georgina.

Looking for the perfect venue to hold a wedding or special event? The ROC's spacious grounds and charming chalet, complemented by the adjacent Georgina Pioneer Village, make an ideal location for any occasion.

Boasting award-winning soccer fields and artificial turf, a full regulation size baseball field, and enhanced t-ball and softball diamonds, the ROC is a great place to host sports tournaments for athletes of all ages.

With plenty of free parking, easy access from the city as well as surrounding communities, and lots to do all year long, Georgina's Recreational Outdoor Campus is the perfect day trip destination for families, youth groups and anyone who loves to have outdoor fun!

'Like' the ROC (Recreational Outdoor Campus) on Facebook or follow @georginaroc.ca on Twitter for the latest news, events and promotions. To learn more about The ROC, including hours of operation and prices, visit [georginaroc.ca](http://georginaroc.ca) or call 905-476-4301 or 905-476-8834.

It's a day that brings girlfriends together, gives moms a day of rest or introduces the new girl in town to all of the resources available to her in her own backyard! After 10 successful years in the Town of Georgina (with over 600 women each year), Stiletto & Sneakers Lifestyle Show for Women is making its return to the Ice Palace. The five-hour, free-admission event takes place on Sep. 28, 2019, and will feature vendors, demonstrations and displays devoted to women of all ages.
