

Help guarantee your pet's safe return home with DocuPet's HomeSafe Lost Pet Program

The HomeSafe online tool is designed to connect pet owners with their community for sharing updates about the whereabouts and condition of lost pets.

All licensed dogs are assigned a unique identifying code that is stamped into their physical dog tag and tied to their online profile. This allows both dog owners and pet rescuers to easily and efficiently communicate through the system's Lost and Found Pet Reports.

Not only can you report your pet lost through their online profile, but pet finders can easily go online, enter the number found on your dog's tag, and immediately get access to the contact information you have chosen to provide. The HomeSafe Lost Pet System makes it easy for people to help your pet get home Safe.

Do you have a dog? Does your dog have a licence?

It's the law

As per the Town of Georgina By-law regarding the Licensing and Regulation of Dogs, all dogs must be licensed each year. Unlicensed dogs may be subject to a fine of up to \$125.

Pet licensing plays an important role in our ability to ensure a safe community for our citizens and their pets. A licence allows animal control to identify your dog, get in touch with you and make decisions that are in the best interest of your dog should it become lost or injured.

A Program for Pet Owners

The Town of Georgina has partnered with DocuPet Inc. to provide a dog licensing solution that is simple, convenient and includes added benefits for dog owners.

Licensing your pet is as easy as 1, 2, 3.
