Dear Mr. Walters and Board of Directors

Re: Maple Lake Estates Development

Please be advised that Town Council recently considered email correspondence from yourself addressed to Dianne Saxe, Environmental Commissioner for Ontario, concerning the Maple Lake Estates Development, dated August 25, 2017.

Accordingly, Town Council respectfully requests clarification of that e-mailed correspondence. Specifically, the clarification concerns the statement made by the Conservation Authority with respect to its involvement in the OMB hearing for which a decision was rendered on March 3rd, 1987.

Further, the Council of the Town of Georgina requests that this clarification be copied to the Honourable Kathleen Wynne, Premier of Ontario, Bill Mauro, Minister of Municipal Affairs and Housing, Dr. Dianne Saxe, Environmental Commissioner of Ontario and the North Gwillimbury Forest Alliance (NGFA).

Sincerely,
FOR THE TOWN OF GEORGINA,

Carolyn Lance
Council Services Coordinator
