SECTION 10 - RESIDENTIAL (R) ZONE (cont.)

- 2) conversion or upgrading of bus shells for specialized bus accommodation, including VIP, entertainer, motor home, and industrial use coaches.

Such conversions and upgrading of buses shall only be permitted within an enclosed building, with doors closed and shall be subject to the following provisions:

- ▶ such use shall only include a carpentry, electrical, electronic, electronic equipment repair, metal working, plumbing, small appliance repair, welding and similar type activities or uses. The following tasks or uses shall not be permitted in the conversion or upgrading of bus shells: auto body garage, furniture stripping, major mechanical repairs as listed in the section below on accessory uses, and a paint shop.

Further, the conversion or upgrading of bus shells within the 'R-33' zone shall be subject to the following provisions:

- there shall be no external display or advertising, other than a legal sign, to indicate to persons outside, that any part of the lot is being used for the conversion or upgrading of bus shells;
- parking is provided in accordance with Section 5.28;
- open storage of materials, containers, or finished product or display of finished product shall not be permitted;
- retail sales of converted buses shall not be permitted.

- 3) a home industry use which shall only include a carpentry shop, an electrical shop, an electronic equipment repair shop, a metal working shop, a plumbing shop, a small engine

SECTION 10 - RESIDENTIAL (R) ZONE (cont.)

repair shop, and a welding shop.

Such home industry uses shall only be permitted within an enclosed building, with doors closed.

The following uses shall not be permitted as a home industry use: an auto body garage, furniture stripping business, a mechanical garage, a paint shop, and storage of school buses.

Notwithstanding Section 5.20, home industry uses within the 'R-33' zone shall be subject to the following provisions:

- home industry uses shall not be permitted until such time as the dwelling is constructed on the lot upon which the home industry use is to be established;
- home industry uses shall not be permitted at the same time as the property or lot is being used for any purpose related to the operation of a bus garage;
- not more than three persons total, other than the resident occupant or his/her family, shall be employed in one or more home industry uses;
- the maximum number of home industry uses operating at the same time shall be two;
- there shall be no external display or advertising, other than a legal sign, to indicate to persons outside, that any part of the lot is being used for home industry purposes;
- parking is provided in accordance with Section 5.28;
- the total floor area of all home industry uses shall not exceed 433 square metres;

SECTION 10 - RESIDENTIAL (R) ZONE (cont.)

- such home industry is clearly secondary to the main use of the property and does not create or become a public nuisance, particularly in regard to traffic, parking, noxious odours or emissions of smoke;
 - open storage of materials, containers, or finished product or display of finished product shall not be permitted;
 - wholesale and retail sales shall not be permitted;
 - the owner has been issued a certificate of occupancy by the Town.
- 4) the parking, storage, and washing of recreational vehicles and boats, where such recreational vehicles and boats are parked, stored or washed within a fully enclosed building, and doors closed, except for purposes of ingress and egress.

Such use shall not be permitted at the same time as the lot or any building thereon is being used for any purpose related to the operation of a bus garage. The maintenance and repair of recreational vehicles and boats which are parked or stored on site is prohibited.

- 5) accessory buildings, structures, or uses to any permitted use, including the repair and maintenance of buses, including minor mechanical repair.

For purposes of this by-law, "maintenance and repair, including minor mechanical repair", shall be defined to mean "an accessory use to the permitted bus garage use, where the maintenance and repair, including minor mechanical repair, of buses permitted to be parked and/or stored within the 'R-33' zone, is undertaken within a fully enclosed building, with doors closed, except for

SECTION 10 - RESIDENTIAL (R) ZONE (cont.)

purposes of ingress and egress. Such repair, including minor mechanical repairs, shall not include the nature or type of repairs described as follows:

- any cleaning of buses, where either the bus is located outside of the bus garage, or the cleaning equipment is operated from outside of the bus garage;
- any body work requiring the use of a paint booth and paint fumes exhaust system;
- any repair undertaken to straighten the frame of a bus;
- any engine repair requiring the removal of the engine from the bus, such as the installation or rebuilding of engines;
- any transmission repair requiring the removal of the transmission from the bus;
- any differential (rear end) repair requiring the removal of the rear end from the bus;
- any main air conditioning system repair requiring a licensed air conditioner repair person, but excluding auxiliary air conditioning units. Furthermore, "maintenance and repair, including minor mechanical repair" shall only be permitted so long as such repair and maintenance of buses is limited to those buses associated with the operation of the bus garage for the parking, storage, and washing of buses within the 'R-33' zone."

In addition, the building used to contain any of the above noted uses, shall be subject to the following:

Front Yard (Minimum)

25.4 metres

SECTION 10 - RESIDENTIAL (R) ZONE (cont.)

Southerly Interior Side Yard (Minimum)	17 metres
Setback from Northerly Zone Boundary (Minimum)	21 metres
Setback from Easterly Zone Boundary (Minimum)	36 metres
Floor Area (Maximum)	433 square metres
Height (Maximum)	7.4 metres

The construction and maintenance of noise attenuation fences as shown in Schedule 'B-22' shall be required before more than one bus is parked outside. Further, notwithstanding Sections 5.1(f) and 5.12, a noise attenuation fence may have a maximum height of 4 metres and may be permitted in all yards.

Finally, pursuant to Section 5.15 herein, the operation of all permitted uses within the subject area shall be subject to any other restrictions imposed by any government authority having the jurisdiction to make such restrictions.

10.5.28 PART OF LOT 19, CONCESSION 1 (G); 'R-34'
(Map 11)

Notwithstanding Sections 6.1 (a) and (b), the minimum lot frontage and area requirements for a single family dwelling shall be 60 metres and 8,000 square metres respectively.
