These steps have been created to help swimmers learn at their own pace using repetition and integration of new skills, which help swimmers move along the skill progression more effectively.

## Program Description & Schedules

### LSS Swim: Ranger/Star Patrol

**Rookie Patrol:** This program is an introduction to lifesaving and emphasizes lifesaving skill development and physical fitness through goal setting and personal bests. The Swim Patrol program is organized in three progressive levels - Rookie, Ranger and Star. Swim Patrol's modular format allows participants to work on content appropriate to their ability.

**Ranger Patrol:** Swimmers develop better strokes over 75m swims of each stroke. They tackle lifesaving sport skills in a lifesaving medley, timed object support and rescue with a buoyant aid. First aid focuses on assessment of unconscious victims, treatment of victims in shock, and obstructed airway procedures. Skill drills develop a strong lifesaving foundation.

**Star Patrol:** Swimmers are challenged with 600m workouts, 300m timed swims and 25m object carry. Strokes are refined over 100m swims. First aid focuses on treatment of bone or joint injuries and respiratory emergencies, including asthma and allergic reactions. Lifesaving skills include defence methods, victim removals, roll overs and supporting a victim face up in shallow water.

**Ages: At least 8 but less than 13 yrs**  
**Day: Sun**

An application must be made before a sign permit can be issued and signs must not be installed before the issuance of that permit. For further information, contact the Municipal Law Enforcement Division at 905-476-4301, ext. 2373/2279.

### Smoke Alarms

It is provincial law to have working smoke alarms on every storey of your home and outside of all sleeping areas. For added protection, Georgina Fire and Rescue Services recommends that you install smoke alarms in every bedroom. Smoke alarms are required to be replaced within the time frame indicated by the manufacturer which is generally about every 10 years. It is the responsibility of the homeowner to install and maintain these alarms.

### Spring Street Sweeping Program

Georgina will carry out its annual spring street sweeping program to clean all Town streets of sand deposited and other debris. - Keep the lid on the green bin tight
- Place scraps out for collection every week on your scheduled collection day, even if it's partially full
- Rinse and wash out the bins regularly

## Water Billing

Water bills are issued for residential properties quarterly and commercial properties monthly. Water in Georgina is metered and the bill is based on consumption. Several different issues can cause unusually high consumption:

- Leaking faucets
- Malfunctioning automatic trap fillers
- Malfunctioning toilets
- An increase in the people in the home
- New appliances that use water

For tips on checking these areas visit [Living Here - Water Utilities Billing](#)

## Water Conservation Tips

1. Position sprinklers to avoid watering patios, driveways and walks
2. Sweep driveways and walkways instead of washing with a hose.
3. Keep the blade of lawn mowers sharp; dull blades tear the grass, leaving it open to disease and heat stroke.
4. Avoid cutting grass when it is wet.
5. Leave grass clippings on the lawn as they are an excellent source of nitrogen
6. Use mulch in gardens. Mulch keeps soil cool and moist, controls erosion and discourages weed growth.
7. Aeration of lawns helps give soil a fresh start by reducing compaction, improving penetration, drying wet soils and helping oxygen and organic materials to reach the roots, thereby maximizing the uptake of nutrients by the grass.

Wants to Keep You **SAFE**  
and **WARM** This Winter

As the temperature outside drops, Georgina families take to the indoors to keep safe and warm. What you may not realize is that turning up the heat can increase the risk of home heating fires. The winter season is the worst season for fires in Canada. That is why Canadians must be mindful of the importance of fire prevention and safety. During the winter, we must heat our homes, most of our meals are prepared and eaten indoors, our clothing is dried indoors and people who smoke tend to do so indoors.

Here are some simple home safety tips, so residents can help keep our community safe and warm this winter:

Working smoke alarms will provide you with the early warning you will need to escape a fire. Install them and make sure the batteries are replaced at least once a year.

If your home contains a fuel fired appliance or has an attached garage, you must install carbon monoxide alarms outside all sleeping areas.

Stay in the kitchen while cooking. Keep the stove area clear and keep a pot lid handy to “Put A Lid On It” if a fire starts in a pan.

In case of fire, get out and call 9-1-1 immediately.

Pull to the right and stop when you see emergency vehicle lights and hear sirens. Every second counts.

Blow out candles before leaving the room or going to bed. Use sturdy holders and keep candles up and away from children and pets. Better yet, use flameless battery-operated candles.

Keep matches and lighters out of sight and reach of children.

Ensure cigarettes are completely stubbed out and empty only cold cigarette butts in the trash.

Use power bars with built-in circuit breakers. Never use damaged cords and keep heaters away from things that can burn.

Excessive drinking contributes to fatal fires. Watch anyone in your home who drinks excessively and then smokes or cooks.

There is so much more you need to know to make sure your family stays safe. Please contact Georgina Fire & Rescue Services at 905-476-5167 or visit [georgina.ca](http://georgina.ca)

# Building GEORGINA

Building Georgina is about keeping you informed on major Town projects and initiatives that are proposed and underway. It's about responsible planning for our growing community, ensuring we have the infrastructure, programs and services to meet the needs of residents today and tomorrow.

## MURC

### Multi-use Recreation Complex

- A community space for the whole family
- Swimming, gymnasium, youth and seniors space, library branch and more
- Outdoor fun with park and playfields

**Estimated construction start date:** 2020

**Anticipated construction completion:** 2021/22

#### How are we going to pay for the construction of the MURC?

The majority of the funding – 90 per cent – is provided by Development Charges paid for by developers. The remaining 10 per cent has been budgeted from the Corporate Capital/New Infrastructure Reserve.

#### Why is it located in Keswick?

Growth projections for Georgina show that by 2031, the Town's population will grow, with much of that growth occurring in Keswick. It is this growth that is supporting the need for additional facilities. Locating them as close as possible to the majority of users will optimize use and is more environmentally friendly by limiting travel distances.

## Civic Centre

- Your local accessible government
- A community gathering space offering improved customer service
- A place of civic pride

**Estimated construction start date:** 2020

**Anticipated construction completion:** 2021/22

#### Why can't the current building be fixed?

The 60 year-old Civic Centre building has been the subject of much analysis by experts, looking at all viable options. Given the major renovation required which includes compliance with codes and regulations, addressing health, safety and operational risks along with the need for additional space, it was determined a new building was needed to provide effective service to the public and achieve operational efficiencies.

#### Where will it be built?

The new Civic Centre will be built on the same property where the current building exists on Civic Centre Road. It still needs to be determined where exactly on the property it will be located.

#### If a new Civic Centre is built, what will happen to the old one?

The future of the current building still needs to be decided and options will be presented to Council for determination through the project process.

## West Park Redevelopment

- Multi-use outdoor space for the whole family
- Premier, lit ball diamonds
- Splash pad, playgrounds, multi-purpose courts, soccer and accessible to trail system

**Estimated construction start date:** TBD  
**Anticipated construction completion:** TBD

### Why does West Park need to be redeveloped?

The existing facilities have reached the end of their useful life and, combined with the need to address site conditions, the park is due for rejuvenation. Significant programming delays are currently experienced as a result of the fields being unusable for extended periods after rain.

## Sutton Community Park

- An exciting, accessible park
- A community gathering space for friends, neighbours and families
- Playgrounds for all ages, water play, multi-use court(s), community garden areas and access to the Hodgson Trail

**Estimated construction start date:** Late 2019  
**Anticipated construction completion:** 2020

90% of the funding is provided by Development Charges paid for by developers

### Why is Sutton getting a new park? Where will it be located?

As Georgina's population continues to grow, the Town is looking to develop a new community park in the northwest Sutton Development Area to meet the needs of present and future residents. A Community Park was planned as part of the subdivision design.

## Pefferlaw Fire Hall

- Building a healthy and safe environment to improve emergency response to our residents
- Preserving the past by incorporating Cooke's United Church into the design

**Construction start date:** 2018  
**Anticipated construction completion:** 2019

### Why do we need a new Pefferlaw Fire Hall?

As a growing municipality, the Town of Georgina is committed to building a healthy and safe community to serve the needs of our residents. The current station no longer fulfills the needs of Georgina Fire and Rescue Services and other accommodations are required.

## Link Phase 2 & 3

- A community gathering and collaborative learning place
- Programs and services focused on health and wellness, arts and culture, youth, recreation, job training and more

**Estimated construction start date:** 2019  
**Anticipated construction completion:** 2019

### The Link was opened in 2015. Why is it being renovated again?

In order to accommodate new tenants in 2019 the Town is renovating the remaining facility. Renovations include washroom refurbishments, new corridor flooring, roof replacement, HVAC and electrical upgrades.
