

Support Acknowledgement

When Georgina provides funding to events or local organizations, funding recipients must acknowledge the support of the Town by using the Town of Georgina wordmark (as displayed below) on their communication material.

To recognize the Town's support, we ask that you place the following wordmark below in its entirety on all major promotional and marketing material including but not restricted to print/digital ads, social media, apparel, novelty items, websites, posters and signage where appropriate.

The wordmark cannot be distributed to any other party, nor be used for any other reason other than what is intended. When placing the wordmark on a promotional item, please provide a proof prior to printing/production to Economic Development at ed@georgina.ca for review to ensure the integrity of the wordmark is maintained.

Failure to comply with the funding acknowledgement as outlined above, and the wordmark spec sheet could result in immediate or future withdrawal of Town funding.
